

COMPANY INTRODUCTION

keysun is a professional masking tape production, research and development company group, we sell building decor materials, as well as products suitable for Automotive paint, interior decoration, or other special purposes including industry, electronic, etc. We mostly sell our products in Canada, the United States, Western Europe, Eastern Europe, Africa, the Middle East, Southeast Asia, China and other regions.

We have been exporting for 20 years, and as one of leading tape producers in china, we have not only have 6 coating production lines ,and 20 set rewinding and cutting lines,but also different specialty branches including a glue-making factory, paper mill, printing factory and paper core making factory, we are able to provide a very high level of product quality control in all aspects of our product. Because we have access to more than 6000 tons of raw material per year, we are able to produce in excess of 60 million square meters of Masking tape per annum, generating \$ 25 million in sales. At the same time, we are committed to stability and the development of product technology, and updating equipment investment products.

With 20 years of experience, we can provide a vast array of OEM qualified products to retailers, wholesale, famous brands abroad and the domestic market. we hope to have a chance to cooperate with you!

Keysun Masking Product Manufactory

14 days blue painter's tape

8 days green painter's tape

High adhesive Automotive masking tape

General washi tape

High adhesive washi tape

Sensitive washi tape

ISO 9001 (2008)
 Certified Quality System

PAINTER'S TAPE

30 DAYS SHARP LINE BLUE PAINTER'S TAPE

9003B

- Professional grade for common paint application
- UV resistant in most interior/exterior use
- Conforms to all kind of paints
- Medium adhesion offers great stick with easy removal

14 DAYS BLUE PAINTER'S TAPE

9616B

- Professional grade for common paint application
- UV resistant in most interior/exterior use
- Conforms to all kind of paints
- Medium adhesion offers great stick with easy removal

8 DAYS GREEN PAINTER'S TAPE

9316G

- Professional grade for common paint application
- UV resistant in most interior/exterior use
- Conforms to all kind of paints
- Medium adhesion offers great stick with easy removal

3 DAYS ECONOMIC MASKING TAPE

7816W

- UV resistant and clean removal
- Suitable for indoor painting, binding, light duty packaging, stainless steel door painting
- Flexible, leaves no sticky residue behind, prevents paint bleed, removes without damaging surface, and gives clean edges.

WASHI TAPE

GENERAL WASHI TAPE

8012Y

- High tensile strength thin paper as Japanese washi tape
- No Residue
- Makes lines and edges crisp, clean, and sharp

GOLDEN WASHI TAPE

8810J

- Resistant UV 30days for inside and outside spray
- Thin paper as Japanese washi tape and high tensile strenght
- Water proof and good for fast wet painting

DELICATE PAINTER'S TAPE

8248B

- Professional grade for common paint application
- UV resistant in most interior/exterior use
- Super sharp paint lines

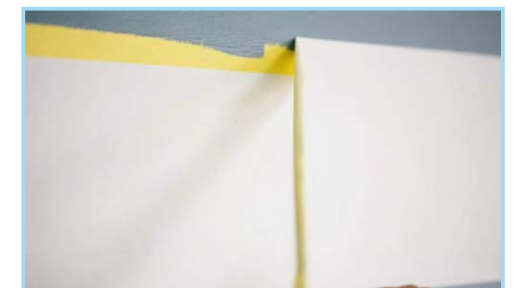

JAPANESE WASHI TAPE

8012Y

- High tensile strength thin paper as Japanese washi tape
- No Residue
- Makes lines and edges crisp, clean, and sharp

WASHI TAPE

SENSITIVE WASHI TAPE

8826P

- Designed for decorative painting and sensitive surfaces such as freshly painted surfaces dry and cured
- 10-day clean removal in sunlight

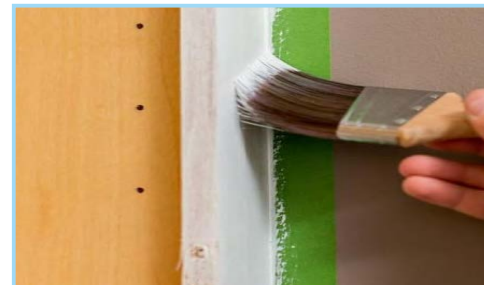

LOW TACK WASHI TAPE

8890G

- Designed for decorative painting and sensitive surfaces such as freshly painted surfaces dry and cured
- 10-day clean removal in sunlight

HIGH GRADE RUBBER MASKING TAPE

9903G

- Waterproof coating, interior/exterior use
- Superior UV resistant for up to 14 days
- Ideal for use on timber, glass, plaster, metal and brick
- No bleed through

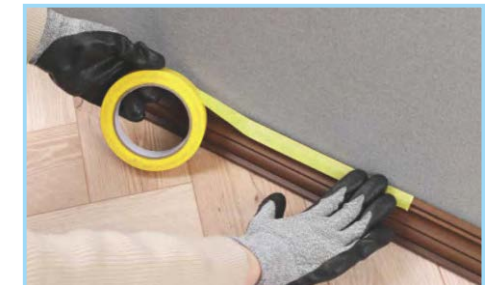

HIGH GRADE RUBBER MASKING TAPE

9903M

- Waterproof coating, interior/exterior use
- Superior UV resistant for up to 14 days
- Ideal for use on timber, glass, plaster, metal and brick
- No bleed through

CAR PAINTING MASKING TAPE

AUTOMOTIVE REFINISH WASHI TAPE

8238G

- Performs consistently under a variety of climactic conditions
- Provides outstanding paint lines and a controlled, consistent unwind
- Highly visible bright green color
- Sticks easily for fast application
- Best adhesive transfer resistance
- Gives sharp paint lines for high quality paint jobs

PREMIUM AUTOMOTIVE MASKING TAPE

9903B

- Waterproof coating,interior/exterior use
- Superior UV resistant for up to 14 days
- Ideal for use on timber,glass,plaster,metal and brick
- No bleed through

HIGH ADHESIVE AUTOMOTIVE MASKING TAPE

9903M

- Waterproof coating,interior/exterior use
- Superior UV resistant for up to 14 days
- Ideal for use on timber,glass,plaster,metal and brick
- No bleed through

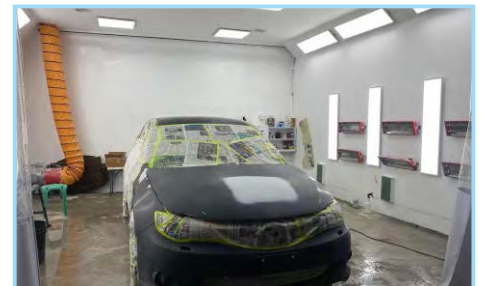

HIGH TEMPERATURE CAR MASKING TAPE

9903G

- Waterproof coating,interior/exterior use
- Superior UV resistant for up to 14 days
- Ideal for use on timber,glass,plaster,metal and brick
- No bleed through

PE DUCT TAPE

SMOOTH SURFACE PE TAPE

P828B

- Protects window frames without leaving residue
- Strong adhesion for floor protection
- Weather and UV resistant polyethylene tape

ROUGH SURFACE STUCCO TAPE

P890R

- Use to mask Windows and doors during masonry job
- Strong adhesion for floor protection
- Rubber based adhesive, resistant high temperature and all weather

HEAVY DUTY DUCT TAPE

P866R

- For window frame protection no residue
- Strong adhesion for floor protection
- Rubber based adhesive, resistant to high temperature and all weather

ECONOMY FLOOR PROTECTION PAD

P866WC

- Strong PP woven + PVC surface can prevent paint and water penetration, anti-skid, white cotton can cushions heavy objects
- protects the floor, reduce the noise, long service life
- Best choice for floor and furniture delivery protection

PRE TAPED DROP FILM AND PAPER

PRE TAPED DROP FILM

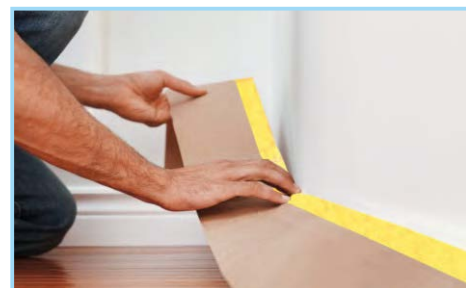

- Provides surface protection against dripping and splattering when painting
- UV Resistant, Electrostatic adsorption
- Quick and easy clean up Straight lines and reduced touch-ups
