

ANETO BRIEFCASE RADERMECKER®

Available tint

Natural

Like all our briefcases, this one is composed of a large piece of leather ensuring the watertightness and the robustness of the whole. The upper corners are reinforced with steel to ensure a long service life. The 3 bellows and 2 front pockets make storage easy. An adjustable strap allows the bag to be carried over the shoulder.

Use and time will bring to this bag its character and its patina. Briefcase made from natural leather hand-fed with riveted finish.

100% artisanal manufacturing, made in Belgium

Composition : Vegetable full grain leather Savica from RADERMECKER® Tannery

Dimensions : 300x190x270mm
