

Pope's Island Marina Covid-19 Safety Guidelines

Pope's Island Marina is following the general terms of Governor Charlie Baker's Order establishing limitations on social gatherings and the practice of social distancing, with certain additional restrictions specific to the marina environment. All patrons are expected to strictly adhere to social distancing guidelines and to avoid social gatherings.

Patrons:

- Postings will be placed on every dock reminding boaters about safe social distancing guidelines
- Only persons from the same household should be together on a boat at one time
- No gatherings of persons from multiple households will be permitted
- Use of facemasks when off vessel is encouraged
- Boaters may purchase ice and merchandise via Dockwa billing only
- All vessels shall remain a safe distance apart
- All mooring holders will be notified via email about launch cancelation and facilities closures

Staff:

- Marina will be staffed 8:00am to 4:30pm daily
- Staff will complete a sanitization checklist every half hour
- Staff will follow social distancing guidelines including the use of masks, gloves, safe distance adherence
- Staff will not take lines to help boats tie up unless absolutely necessary, in which case they will wear a mask and gloves and dispose of them after each interaction

- Staff will dispose of rubbish collected at each trash station regularly throughout the day

Welcome Center/Transient Check-ins:

- Closed to public until further notice
- Transient check-ins will be made at the welcome center service window, one customer at a time
- All transactions will be billed to customer's Dockwa account to prevent contamination from cash and checks
- Gate access key cards will be sanitized before and after use by patrons and staff

Launch:

- Launch will be unavailable until further notice
- HDC work skiff can be used for emergencies in the meantime
- Will notify all mooring holders and post on PIM website and Dockwa page to notify transients

Pump-outs:

- Pump-out dock will be operated as usual with staff running the pump and the boater handling the hose
- Pump-out vessel will be operational under the following guidelines:
 - Operator will be required to wear mask, eye protection and latex gloves
 - Operator must sanitize liberally and dispose of gloves after each interaction
 - Boaters must remove waste cap before the arrival of pump-out vessel and keep a safe distance from pump-out vessel operator

Facilities:

- All facilities including restrooms/showers, laundry room, offices and picnic area will be closed to public

Dinghy Docks:

- Dinghy docks will be available as usual provided that any dinghy in queue must wait until dock is completely clear of any other persons before docking

Vendors:

- Will be required to wear mask and gloves while on premises

The NBPA is establishing and acting within these guidelines for your safety, your fellow boaters' safety and the safety of the PIM staff. Please note that failure to follow these guidelines could result in enforcement actions. We encourage you to follow the guidelines so that your stay is safe and enjoyable for all.
