

Prepare Your Marina for 2023 with this Checklist from Dockwa

In preparation for next year, set up your marina for success while simultaneously meeting your customers' expectations.

Digitize your contracts and documents to streamline your processes. What a game changer it would be to automate insurance and registration renewals!

Simplify the billing process for your recurring customers. Utilize billing & payment tools to consolidate the contracts renewal process for your boaters.

Implement an on-the-go POS system. If you already have one, update to the latest software version.

Include an online booking form on your website. Make it easy for boaters to book with your marina!

Create a user friendly experience for your boaters by adopting simple steps to marina modernization.
