

Discover What Dockwa Can Do For You In 2023

New Year, New You, New Marina

Set up your marina for success with tools from Dockwa.

Digitize your contracts and documents to streamline your processes.

With Dockwa, it's easy to upload contract documents, set rates, and bulk-send email agreements to your boaters. Create a seamless customer process by allowing e-signatures and digital access to contracts. Conveniently view the status of all contracts in real time at any time. Learn more [here](#).

Simplify the billing process for your recurring customers.

With Dockwa, create invoices, set rates, and batch invoices to send via email. Set recurring billing with the flexibility to add fees or apply discounts. Set up automated reminders for when payment is past due and let Dockwa do the chasing.

Implement an on-the-go POS system.

With Dockwa, easily add non-dockage purchases to the boater's bill. With a few clicks, add-on charges for ice, supplies, or fuel so you can easily collect payment on all transactions- and you don't need to be in the office to do it!

Include an online booking form on your website.

With Dockwa, allow boaters to inquire about short and long-term availability 24/7 through an online form. Easily view all pending reservation requests and either accept, decline, or add them to a waitlist via your mobile phone.

Create a user friendly experience for your boaters by adopting simple steps to marina modernization.
