

# Safety Rules

## **Review General Shop and Machine Safety Rules**

I agree to wear safety glasses, goggles, or face shields at all times while in lab.

I agree to wear close toed shoes at all times while in lab.

I agree never to use compressed air to blow dirt or chips from machinery.

I agree to never use compressed air to clean clothing or hair, or to aim at another person.

I agree to immediately report all injuries, whether to myself or to others, to my instructor.

I will wear long hair tied back or covered while in lab, if applicable.

I agree I will not participate in horseplay at any time while in lab.

I will not bring food or drink into any lab area.

I will keep the shop floor areas clean and orderly at all times.

I will immediately wipe up any observed grease, oil, or other slippery surface even if I did not create it. I will not leave it for others.

I will always store oily rags only in approved containers.

I will think through the entire job before starting it.

I agree to never operate any power tool unless at least two people are in the shop area and can see each other.

**I agree the first rule of safety is to follow all safety rules.**
