*Ford Accelerated Credential Training*

## Ford FACT Program

Program Length: 15 weeks<sup>1</sup>

### EARN FORD CREDENTIALS AS YOU TRAIN

As the company that brought the automobile to America's streets, Ford has a long-standing reputation for quality. With Ford Accelerated Credential Training (FACT), you'll get training on vehicles, equipment and procedures valued by Ford and Lincoln service departments nationwide. Students enrolled in the FACT program have the opportunity to complete the same Ford Service Technician Specialty Training (STST) that Ford provides to its dealership technicians. The Ford FACT program provides students the opportunity to earn 14 Ford STST instructor-led course credentials plus 100+ required web-based credentials, resulting in the completion of the 13 Ford specialty certification areas. The program also includes the Ford FACT Electrical Diagnosis Boot Camp, the Ford Quick Service and Light Repair instructor-led skill training and Ford-issued certification in high-voltage systems.<sup>2</sup>

*Students enrolled in the FACT program will complete up to 70% of the same Ford Service Technician Specialty Training (STST) that Ford provides to its dealership technicians. This allows them to start working at a Ford/Lincoln dealer exceptionally prepared and reduces up to 5 years of required coursework. With today's vehicles having technologically advanced and complex control systems, FACT provides an undeniable head start.<sup>3</sup>*

Manager, Technical Support Operations,  
Ford Motor Company

### WHY CHOOSE TO PURSUE A CAREER WITH FORD?

- **National Presence:** There are more than 3,100 Ford and Lincoln dealerships and more than 1,200 Quick Lane and Express Service locations across the United States.
- **Opportunity:** Approximately 33,000 Ford and Lincoln technicians are on the job and an additional 12,000 service personnel are in positions such as shop foreman, service writer and service manager.
- **Demand:** There are approximately 40 million Ford Motor Company vehicles on the road.
- **Growth:** Ford and Lincoln dealers aim to increase their parts and service sales every year.
- **Advancement:** Ford technicians have the opportunity to become Master Technicians and Senior Master Technicians.

<sup>1</sup> Does not include time required to complete a qualifying prerequisite program such as UTI's 51-week Automotive Technology program. <sup>2</sup> Ford reserves the right to modify certification pathways and training courses. <sup>3</sup> UTI is an educational institution and cannot guarantee employment or salary. For program outcome information and other disclosures, visit [www.uti.edu/disclosures](http://www.uti.edu/disclosures).

## FORD-CERTIFIED TRAINING

FACT training is conducted by Ford-certified Universal Technical Institute instructors. With a maximum of 16 students per class, the smaller class sizes allow greater interaction between you and your instructors. The training history of every FACT student is recorded in Ford Motor Company's STARS training database under the student's STARS ID

## PROGRAM PREREQUISITES

- + **Must be an active UTI or NASCAR Tech student or graduate**
- + **Must have completed all Automotive Technology program courses with exceptions (see course catalog for details)**

## FINANCIAL AID

Financial aid for the Ford FACT program may be available. For more information on applying for financial assistance, including grants, student loans, scholarships,<sup>2</sup> VA benefits<sup>3</sup> and private financing, contact your advisor in the UTI Financial Aid department.

<sup>1</sup> Does not include time required to complete a qualifying prerequisite program such as UTI's 51-week Automotive Technology program. <sup>2</sup> Financial aid, scholarships and grants are available to those who qualify. Awards vary due to specific conditions, criteria and state. <sup>3</sup> VA benefits may not be available at all campus locations.
