

Peterbilt Technician Institute

GET FACTORY-AUTHORIZED TRAINING FROM A DIESEL LEGEND

Want to develop technician skills valued by more than 400 dealerships across North America?¹ The Peterbilt Technician Institute (PTI) is a manufacturer-paid program offering students advanced training on the company's products and technologies, including Peterbilt's legendary trucks and the PACCAR MX Engines.²

If accepted into the PTI program, you can learn from dedicated instructors using some of Peterbilt's latest technologies, tools and techniques. Through a blend of hands-on and online learning, you can learn to diagnose, repair and maintain the company's products on your way toward earning valuable factory certifications. You'll also learn on Peterbilt's new ARTech™ augmented reality software technology.

For more information, go to
UTi.edu/PTI

¹UTi is an educational institution and cannot guarantee employment or salary.

²Manufacturer-paid advanced training programs are conducted by UTi on behalf of manufacturers who determine acceptance criteria and conditions. These programs are not part of UTi's accreditation. Programs available at select locations.

³Does not include time required to complete a qualifying prerequisite program such as UTi's 45-week Diesel Technology program.

"Partnering with UTi has allowed us to proactively address the shortage of qualified service technicians in the industry. Our partnership attracts the next generation of Peterbilt technicians who will provide exceptional service to our customers."
