Entry Level Salary Information for the Commonwealth of Massachusetts: https://lmi.dua.eol.mass.gov/lmi/OccupationalEmploymentAndWageSpecificOccupations#) The figures presented are based on data from the Massachusetts Labor and Workforce Development Website as of May 2025. The wage information								
reflects the period ending in May 2023 for average entry level salary for persons employed in the following: Automotive Service Technicians and Mechanics in the Commonwealth of Massachusetts is \$38,740. Bus and Truck Mechanics and Diesel Engine Specialists in the Commonwealth of Massachusetts is								
\$52,770. Heating, Air Conditioning, and Refrigeration Mechanics and Installers in the Commonwealth of Massachusetts is \$51,740. UTI cannot guarantee that graduates of its programs will obtain a job or earn the entry level salary disclosed herein.								
<sup>1</sup> Universal Technical Institute does not provide on-campus room and board at any of its campuses. The room and board and transportation costs shown are estimates derived from the College Board, an independent non-profit, third party entity providing research and student advocacy programs. (See								
http://professionals.collegeboard.com/higher-ed/financial-aid/living-expense).								
<sup>2</sup> The graduation rate calculation mandated by Massachusetts regulations compares two largely unrelated groups of students who started in the program in the same year and may result in confusing figures if, for example, the number of people starting the program declined or expanded dramatically from year to								
year. For instance, if 50 students started in a program in 2016 and 100 students, who started in earlier years, graduated in this program in 2016, the required calculation would result in a 200% graduation rate.								
<sup>3</sup> Programs with low student counts may generate scenarios with all enrollments occurring in one calendar year, and all graduates in a subsequent year. These instances mathematically produce a graduation rate of "infinity," represented by "0" in our data.								
<sup>4</sup> The Phoenix, AZ campus (OPEID 021005) includes two (2) branch campuses in Sacramento, CA and Orlando, FL and cohort default rate data is reported on a consolidated basis for these locations in accordance with 34 CFR Part 668, Subparts M and N. Pursuant to 940 CMR 31.03 (Loan Nonpayment Percentage Part								
(a)) consolidated cohort default rates and related student populations are incorporated into the Massachusetts defined Loan Nonpayment Percentages.
