

Statement of Commitment to Academic Excellence, Student Success and Public Trust

Universal Technical Institute welcomes the U.S. Department of Education's call for postsecondary institutions to reaffirm their commitment to educational excellence, student success and service to the nation. Consistent with our mission as a career-focused institution, we are committed to the following principles:

1. Transparency and Merit in Admissions

We are committed to maintaining admissions practices that are transparent, mission-driven and designed to identify and enroll students who are prepared to benefit from our educational programs and achieve their professional goals.

2. Free Expression and Open Inquiry

We support the free exchange of ideas, respectful dialogue and academic freedom. We seek to foster a learning environment where students and employees may express differing viewpoints while maintaining a safe, productive and respectful educational community.

3. Intellectual Perspectives and Educational Quality

We are committed to providing a learning environment that encourages critical thinking, professional judgment and consideration of multiple perspectives. Our programs are designed to equip students with the knowledge, skills and habits of mind needed to succeed in a dynamic workforce and society.

4. Affordability, Value and Student Outcomes

We strive to provide an affordable, high-quality education that prepares students for meaningful employment and career advancement. We are committed to supporting student success and continuously evaluating outcomes to ensure our programs deliver value to students and employers.

5. Integrity in Teaching and Learning

We uphold high academic and professional standards in all educational activities. We embrace innovation and emerging technologies responsibly and seek to ensure that their use strengthens learning, skill development, academic integrity and institutional effectiveness.

6. Workforce Development, Innovation and Public Stewardship

We are committed to maintaining programs that respond to workforce needs, industry standards and emerging technologies. Through employer partnerships, continuous program improvement and responsible stewardship of institutional resources, we seek to create opportunities for students, strengthen our communities and support the workforce needs of the nation.

7. Service to Students, Communities and the Nation

We are committed to preparing graduates who contribute positively to their professions, communities and the broader public through ethical conduct, civic responsibility and a commitment to lifelong learning.

Through these commitments, **Universal Technical Institute** seeks to earn and maintain the trust of our students, employees, graduates, employers, regulators, accreditors and the communities we serve. We will continue to evaluate our policies and practices to ensure they advance student success, workforce readiness and the highest standards of postsecondary education.
