**COUNSELOR EDUCATION PROGRAM
DEPARTMENT OF COUNSELING
TRINITY EVANGELICAL DIVINITY SCHOOL**

Vital Statistics – May 2023

In May of 2023, there were 15 graduates of TED's MA in Mental Health Counseling program. Our graduates consistently achieve high pass rates on licensing examinations. The pass rate for graduates taking the NCE examination in the spring of 2022, prior to graduation, was 100%.

During the 2022-23 academic year, there were 76 students enrolled in the mental health counseling program at TEDS. Of that number, there were 64 females and 12 males; 38 Caucasians and 38 students of color. While our program accommodates both part-time and full-time students, approximately 75% of our students graduate in the projected time: three years for full-time students.

Graduates of our MA in MHC go on to work in a variety of settings, such as private practices, social service agencies, hospitals, and college counseling centers. Some of our graduates move directly into doctoral programs; others defer the job search due to other career opportunities, geographical moves, and/or responsibilities related to family life. Of the students who actively seek employment upon completion of the program, 95% of them secure positions in the field of mental healthcare.
