

Xavier Helgesen

It definitely felt like the future. A scan of the inside of your body, **expertly analyzed and digitally delivered.**

Catch health conditions before they become crises.

Prenuvo's radiation-free full-body MRI scan can detect 500+ conditions from appendicitis to aneurysms, cysts to cancer — in less than 60 minutes.

fionagubelmann

With Prenuvo you have the power to take things into your own hands. I had the results within a few days and was able to discuss my results with a nurse. I'm thrilled with my experience and plan to make it a part of my general wellness care.

mosaicfitnessnutrition

What **Cancer Thriver** doesn't want to know they are clear?

Ben

After receiving the report, I had my best sleep in weeks. The peace of mind itself was **well worth the cost of the scan.**

Saving lives, one early diagnosis at a time.

Advanced full-body MRI scan

No more “what ifs”.

With Prenuvo’s advanced technology, backed by expert radiologists and AI-powered insights, your patients get a comprehensive baseline of their physical health from the inside out.

- ✓ Images from 26 regions of your body (that’s nearly all of them)
- ✓ Ability to detect many Stage 1 tumors and over 500 other conditions
- ✓ Diagnostic-quality images with unmatched resolution & accuracy, which means fewer false positives and a deeper understanding of where your body stands

Benefits to your company

- Longitudinal personalized data and improved health outcomes
- Easy access to radiology for clinical guidance
- Competitive health benefit offering
- Faster access to a Prenuvo scan
- Possibility of saving a life

The most advanced full-body imaging.

Maximize care with our advanced MRI scans that combine multiparametric techniques and diffusion-weighted imaging to accurately detect cancer and 500+ conditions in its early stages.

Our aim is to help you deliver top-notch care without extra hassle. Patients receive a thorough body “encyclopedia” with clear health information and actionable insights for better lifestyle choices.

Track yearly changes in the brain and body with annual Prenuvo scans to identify trends and patterns, so you can continue to provide the highest standard of care for your patients.

This MRI is not like others.

People come to Prenuvo to screen for a range of cancers and conditions. Learn how Prenuvo scans compare to other screening methods.

byednafreeman

I am VERY thankful for @Prenuvo. Now I can finally have peace of mind that my whole body has been scanned. I have family members with a history of tumors and cancers, so **catching things early is very important for me.**

Who can benefit from a Prenuvo scan?

Your employees can benefit from a Prenuvo scan if they:

- › Are genetically predisposed to cancer, aneurysms, dementia or other major diseases
- › Want to further investigate chronic pain
- › Are looking for a baseline of their health
