

THINKING WALK

Welcome to the Thinking Walk

Every interaction we have with the dogs is an opportunity to provide them with training and enrichment. Making the most of these opportunities allows us to positively impact the dogs' quality of life here at the shelter and helps prepare them for adoption.

The thinking walk was designed to do just that. Turn a potty break into a thinking walk and make every moment count for you and your shelter buddy.

Strive for quality interactions and engagement with your canine partner and have FUN!
