How To Access Operation & Maintenance / Electronic Service Manuals

- 1) Select Product (for compressors select CFM range)
- 2) Select model

The screenshot displays the Doosan Portable Power website interface. At the top, the Doosan logo and 'Portable Power' are visible, along with the SmartEquip logo and the text 'Powered by SmartEquip'. The main navigation menu on the left lists various product categories, with 'PORTABLE COMPRESSORS' highlighted and a red arrow pointing to it. Below the main navigation, there are three sub-menus showing the selection process:

- Brands**: Doosan Portable Power
- PORTABLE COMPRESSORS**: 1000 CFM AND LARGER, 600 CFM AND SMALLER, 601 CFM TO 1000 CFM
- 1000 CFM AND LARGER**: HP1000, HP1300, HP1600, NHP1500, P1300, P1600, RHP1070, XHP1070, XHP1070CKD, XHP1170, XHP1250, XHP1500, XP1050, XP1060, XP1200, XP1400, XXHP1250, XXHP1270

Red arrows indicate the selection path from the main menu to the CFM range, and then to the specific model.

How To Access Operation & Maintenance / Electronic Service Manuals

- 3) Click “Support Manuals” on top tab
- 4) Locate your serial code in manual name listed. Ex.: (E97)
- 5) Click to open file under Type
