

# GRAPPLE, FARM – UTILITY ON BUCKET

Farm/Utility Grapple: To be attached on bucket. It is recommended to use the port relief valve 6684646 for S450/T450 and larger

## REQUIREMENTS

## FEATURES & BENEFITS

- Move hard to handle materials easily.
- Hydraulically controlled grapple is easy to operate.
- Exclusive Bob-Tach™ mounting system lets you change to another attachment quickly.
- Grapple design allows you to get the forks or bucket close to fences or the sides of walls.

**ADDITIONAL TINES  
ARE AVAILABLE  
THROUGH PARTS -  
PN 6675362**

**Description:** This is the easy way to handle loose hay, bedding and manure on the farm and other sites. Use the utility bucket by itself or add the hydraulic grapple for more gripping power.
