

Research Education and Training Program (RETProgram)

16
Courses

16K
Participants

30K
Enrolments

300+
Institutions

RETProgram was established in 2015 as one of WAHTN's key enabling platforms, through funding support from the WA Department of Health.

Course writers and reviewers are sourced from across the WAHTN Partner Organisations based on recommendations, expressions of interest or referrals from key researchers.

- Free for all partner organisations of WAHTN
- Courses are up to 4 hours in duration
- 24/7 online technical support is available via multiple formats
