FORGING FORWARD

Step Into the Future at the
Annual Sha'arim + Gateways
Auction Event

December 11, 2022

www.shaarim.org

Hello Friends,

We are excited to welcome you to participate in our annual Sha'arim + Gateways auction event. The last few years have been different in so many ways, and we are so happy to be seeing everyone together again in person. With a mission as critical as ensuring disability inclusion in the Twin Cities Jewish Community, we recognize that it's not enough to go back to the way things were. Instead, we intend to continue to grow, better than ever. We have never settled for the status quo. As an organization, we have always dedicated ourselves to being innovative and creative. **Nothing matters more to us than making sure that every Jew in our community has a place to feel welcome and accepted.** That is why we will always be Forging Forward. Growing as we have from providing mainstream special education support to students with disabilities to creating social opportunities for children and adults, vocational training, and family guidance, we have always been looking for the best new ways to support our community. And we don't intend to stop anytime soon. In fact, you may see some updates to our look very soon!

Inclusion is a Jewish value and our responsibility as a community. Join the movement as we continue Forging Forward, and be a part of creating a bigger, stronger, more welcoming community. Supporting our Annual Sha'arim + Gateways Auction at The Hutton House on Sunday, December 11th means we all win! **We thank you for your generous support, your innovative spirit, and your answer to the call as we continue Forging Forward to building a more inclusive world; one where everyone belongs.**

With much gratitude,

How does this auction work?

The Sha'arim + Gateways Auction is really many raffles going on at once, each with its own winner. With so many raffle prizes, your odds of winning are much greater!

HERE'S HOW IT GOES:

You can purchase a ticket package one of 4 ways:

1. On our website at www.shaarim.org/auction
2. Using the mail in form at the end of this booklet
3. Email your order form to auction@shaarim.org
4. At the event

Once you purchase your tickets, you can bid on multiple prizes by placing tickets with your name and phone number in the boxes illustrated with the prize of your choice. If you purchase your tickets online or by mail, you have the option of having Sha'arim + Gateways place your tickets in your selected prizes for you.

Prizes are divided into categories in ticket denominations of **\$10, \$25, \$35, \$50, and \$75**

You decide which prizes to bid on and how many tickets to place in each box.

At the conclusion of bidding, one winning ticket is drawn from each prize box. Most of the prizes can be taken home on the evening of the event.

Winners need not be present. Sha'arim + Gateways cannot be held liable for any services rendered or goods received. Depictions and photos of prizes are for illustrative purposes only. Sha'arim reserves the right to substitute prizes of equivalent value subject to availability.

**OUR PROGRAMS AND SERVICES
ARE ALWAYS GETTING BETTER,
AND SO IS OUR LOOK!
CHECK OUT OUR NEW IMAGE!**

In 1998, Sha'arim + Gateways opened its doors with the goal of providing meaningful and inclusive mainstream education to Jewish children with identified needs in the Twin Cities.

Forging Forward, the mission of Sha'arim + Gateways has continued to expand. Today, **Sha'arim + Gateways** partners with 6 schools and has provided inclusive education to over 1200 students in the past 23 years. In addition to providing mainstream education support, Sha'arim + Gateways continues to grow a portfolio of programs and services designed to meet the lifelong needs of community members with disabilities and their families.

Take a look at what we've been up to!

Partner Schools

Sha'arim + Gateways provides a unique service by supporting the education of Jewish children with disabilities and identified needs (K-12) in their own Jewish school environment, thereby facilitating the optimal learning opportunity socially and academically.

Essentially, Sha'arim + Gateways is a school without walls. Our educators are professionally trained in the best ways to support children with special educational needs. In this role, we partner with Jewish school programs across the Twin Cities to provide assessments, in school educational support, referrals, education planning, teacher training and so much more.

Darkaynu - Adult

Darkaynu explores new ways to enhance the lives of Jewish adults with disabilities in the Twin Cities. We offer virtual evening classes during the year where adult learners have many opportunities to take part in a wide variety of Jewish activities, featuring entertainment and guests from around the world, while promoting Jewish pride through a positive connection to our community.

Darkaynu/ J-Hap Holiday Programs

Darkaynu Holiday events are programs facilitated by Sha'arim + Gateways and hosted by J-HAP (Cornerstone Creek). They are a chance for adults with disabilities, and community peers, to come together to socialize and learn about Jewish lifecycle events through engaging and interactive activities. Participants listen and learn through live Jewish music and other forms of live entertainment.

Friends 'N Fun - Adult

It's been a while since we've been able to get together and have some fun. That's what makes Friends 'N Fun so important. Friends 'N Fun is an opportunity to join peers of the same age for a good old good time. Once a month Friends 'N Fun Adult participants are invited to join a fun, age appropriate inclusive activity. This is a chance to make and sustain friendships that matter.

Friends 'N Fun - Teen

It's the chill time, birthday party, hang out that everyone is invited to! Friends 'N Fun Teen gives participants the opportunity to make new friends and have an awesome time. By joining small groups and being matched with teen peers for fun outings, the Friends 'N Fun experience makes sure each participant is succeeding socially and having a blast!

NEW!

Community Hosted Event Support

Learn about one of our newest initiatives! Our goal is to help our Jewish community continue to progress in their ability to include all Jews in Jewish communal life in a meaningful and appropriate way of their choosing. We are also working to develop more community hosted inclusive opportunities and build a stronger awareness and sense of communal responsibility through inclusive educational training, resources and staffing. We recently enjoyed our first collaboration with Chabad YJP!

E

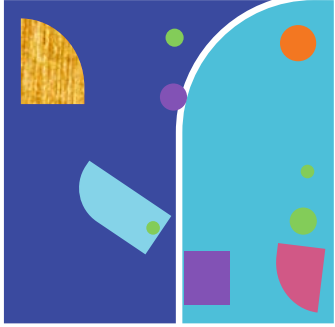

Gateways Vocational Training

Gateways Vocational Training offers adult participants vocational and job skills training and the opportunity to engage in meaningful and appropriately supported vocational experiences. Through our vocational training track, trainees learn important life and job skills and explore their personal interests and talents. Once they have completed training, graduates have the option to apply for a position at Gateways Thrift Shop, or take their certificate out into the community! And we don't just focus on the skills of our trainees; we take a holistic approach to community inclusion. The community gets to know our program and trainees on a personal level by engaging in the organic settings of our donation center and retail store. This is inclusion at its core; everyone has something to contribute.

You can visit Gateways Thrift Shop in action at
4 Shady Oak Rd, Hopkins, MN

NEW!

PathFinder

The Pathfinder Program has been developed out of the need for more specific guidance and direction in raising a child with a disability in the Jewish community. It has become clear that this service needs to be more widely available to all members of our community at all stages of their disability diagnostic journey. Many families have little knowledge of how to best navigate the educational system and community framework to provide the best experience for their child and their entire family. Our goal is to provide individualized support and professional guidance to any family raising a child with an identified need, as well as community wide educational and informational seminars and resources to increase their level of knowledge and support.

Why we do this:

When we are able to educate and engage Jewish children and adults with disabilities of any kind and, by extension, help Jewish families remain connected and affiliated and provide them with an inroad into the community, we not only impact the child or adult and their family, we impact an entire classroom, and school, and community. Creating and supporting inclusive environments does not just impact the participants and their families, it impacts the life of every person who engages in them. Community members with disabilities should be recognized for their unique and important perspectives and strengths, and welcomed as a result. We are continuously working on building a more comprehensive and actively inclusive community.
