31 Are you in?

A small EV that makes a big statement, INSTER is redefining what you can expect from a car in this class.
All in on roominess – and with a distinct look that doesn't shy away from a bold bit of drama – it's designed to be the perfect space for you.

Time to discover everything INSTER offers.
Are you in?

Perfect for small spaces and big moments.

Vehicle shown not to UK specification. Specifications and features are trim dependent.

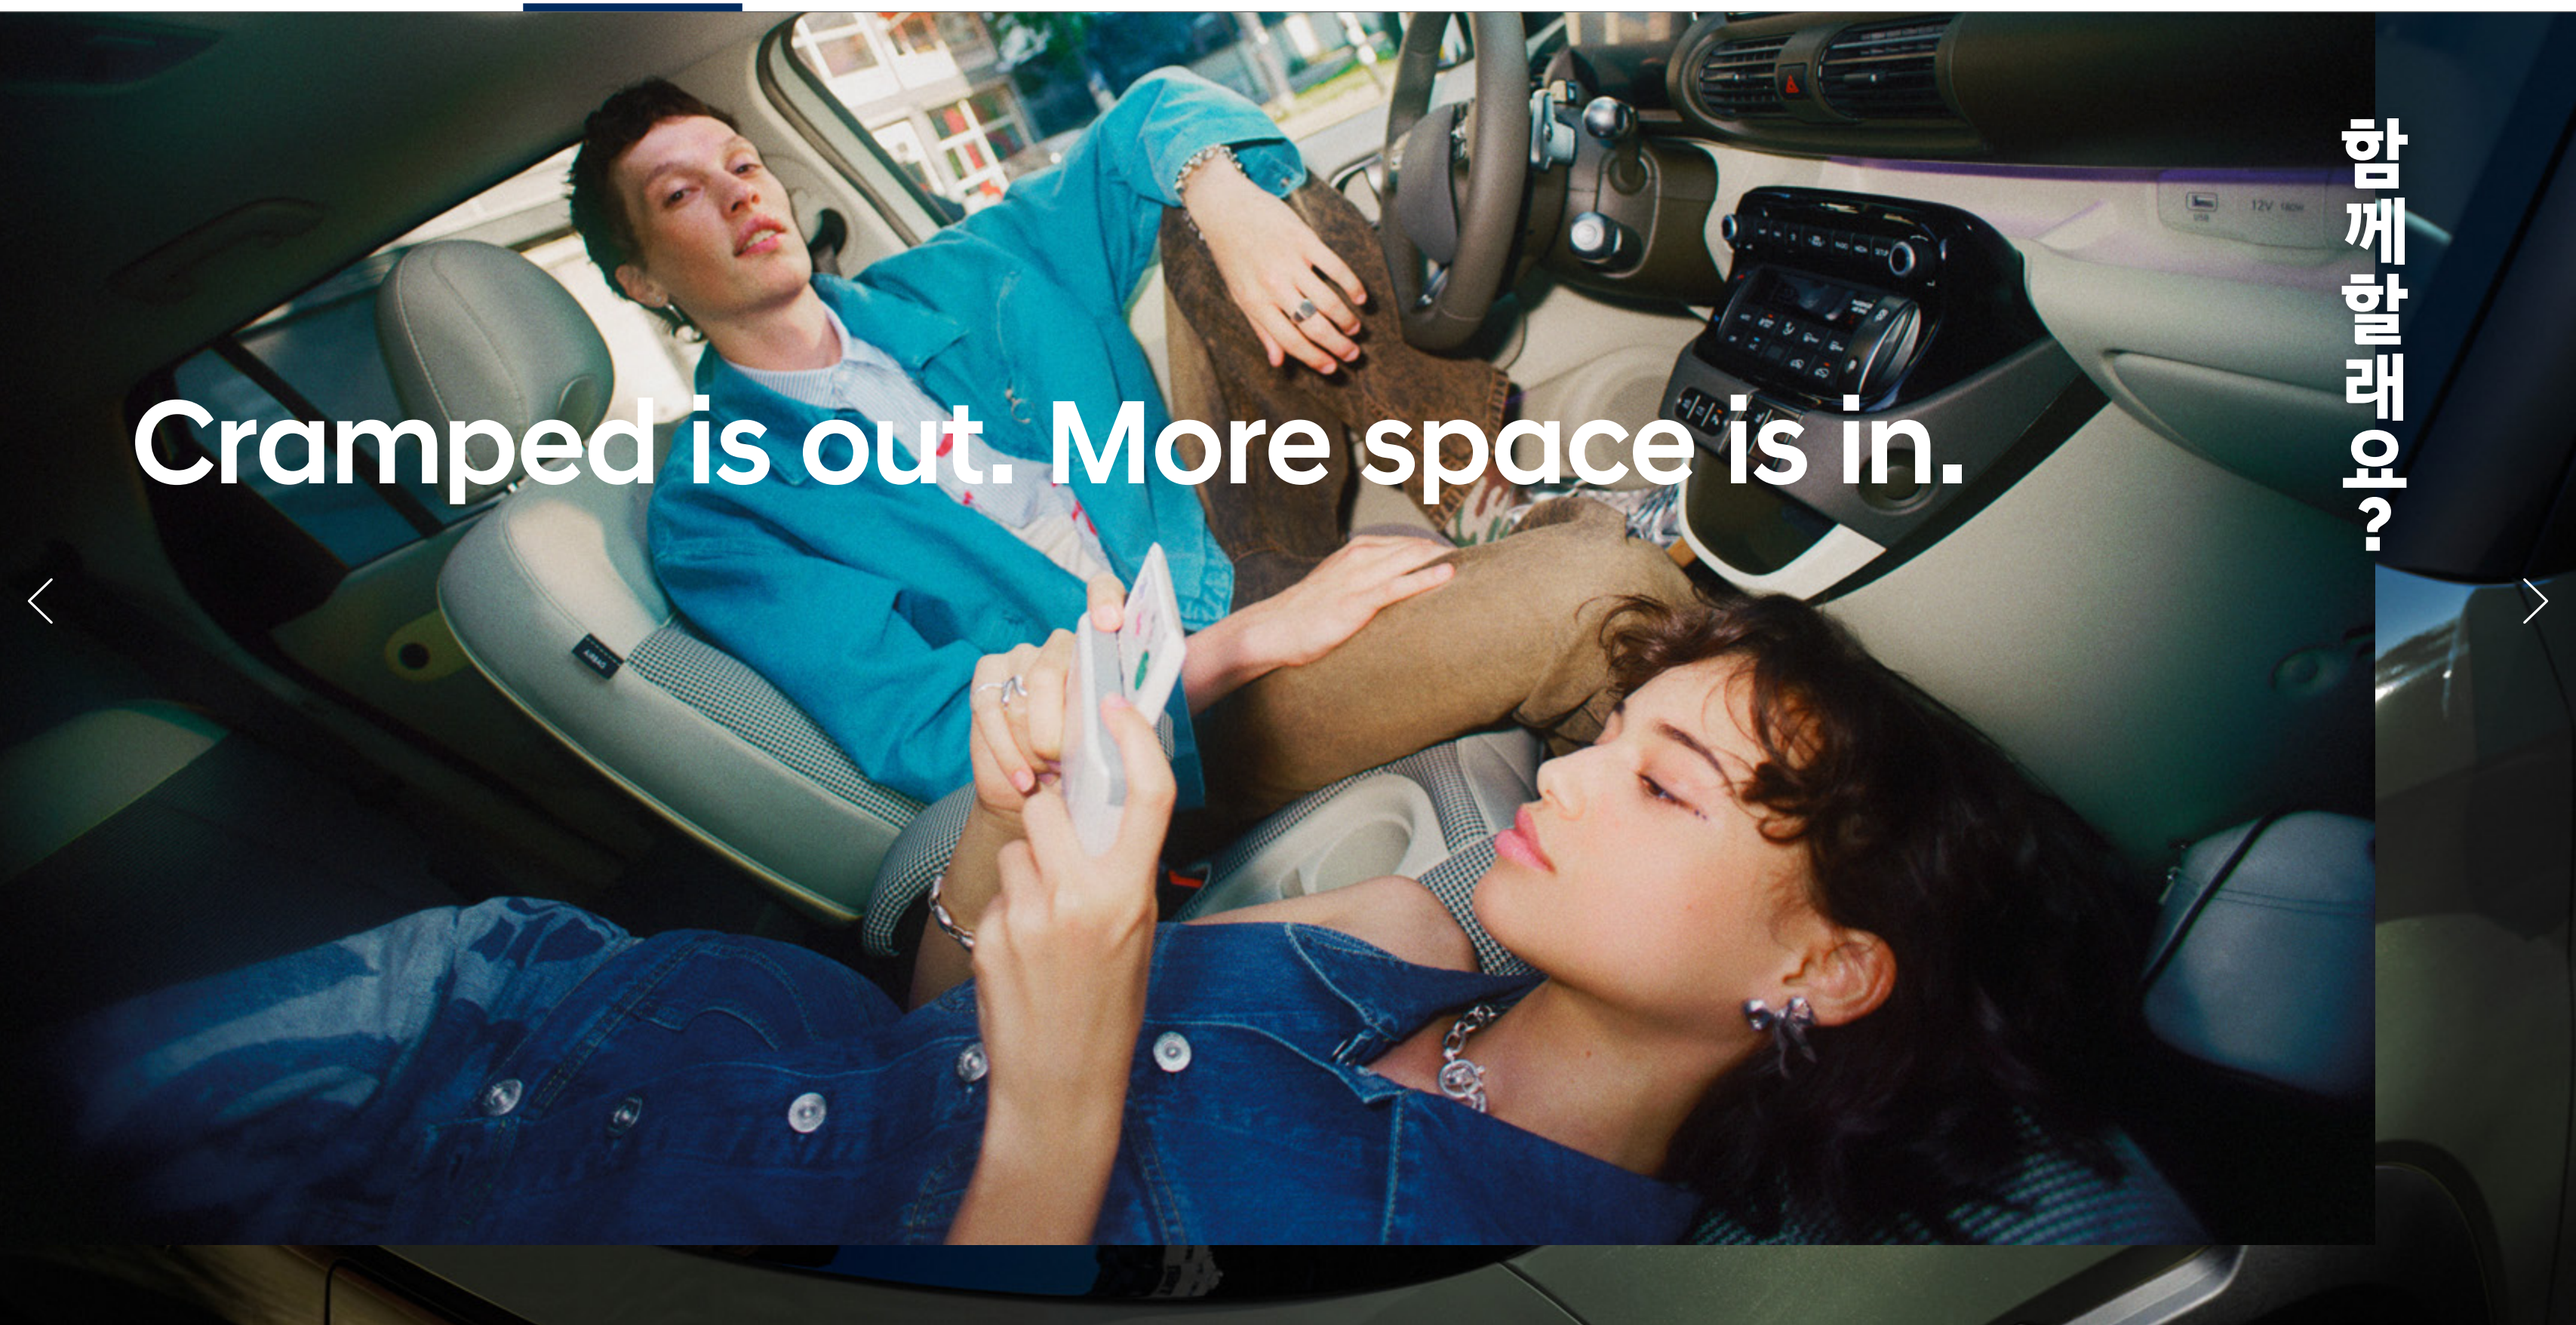

Your next big thing is a small thing.

With INSTER – boring is out and your own style is in. Bringing the robust edge of SUV design to a compact electric city car, INSTER's stand out look will have heads turning everywhere you go.

Vehicle shown not to UK specification. Specifications and features are trim dependent.

Cramped is out. More space is in.
함께 할래요?

All in on roominess.

Good things come in little packages. Thanks to its flat floor, super flexible rear seats and a high roof SUV silhouette, INSTER delivers an amazing amount of interior space for a city car. Rear passengers will love the generous legroom – and depending if you need more boot space or more legroom for your rear passengers, you can slide the rear seats forwards and backwards by 16 cm!

Versatility and convenience highlights.

Cramped is out. More loading space is in. All seats fold flat.

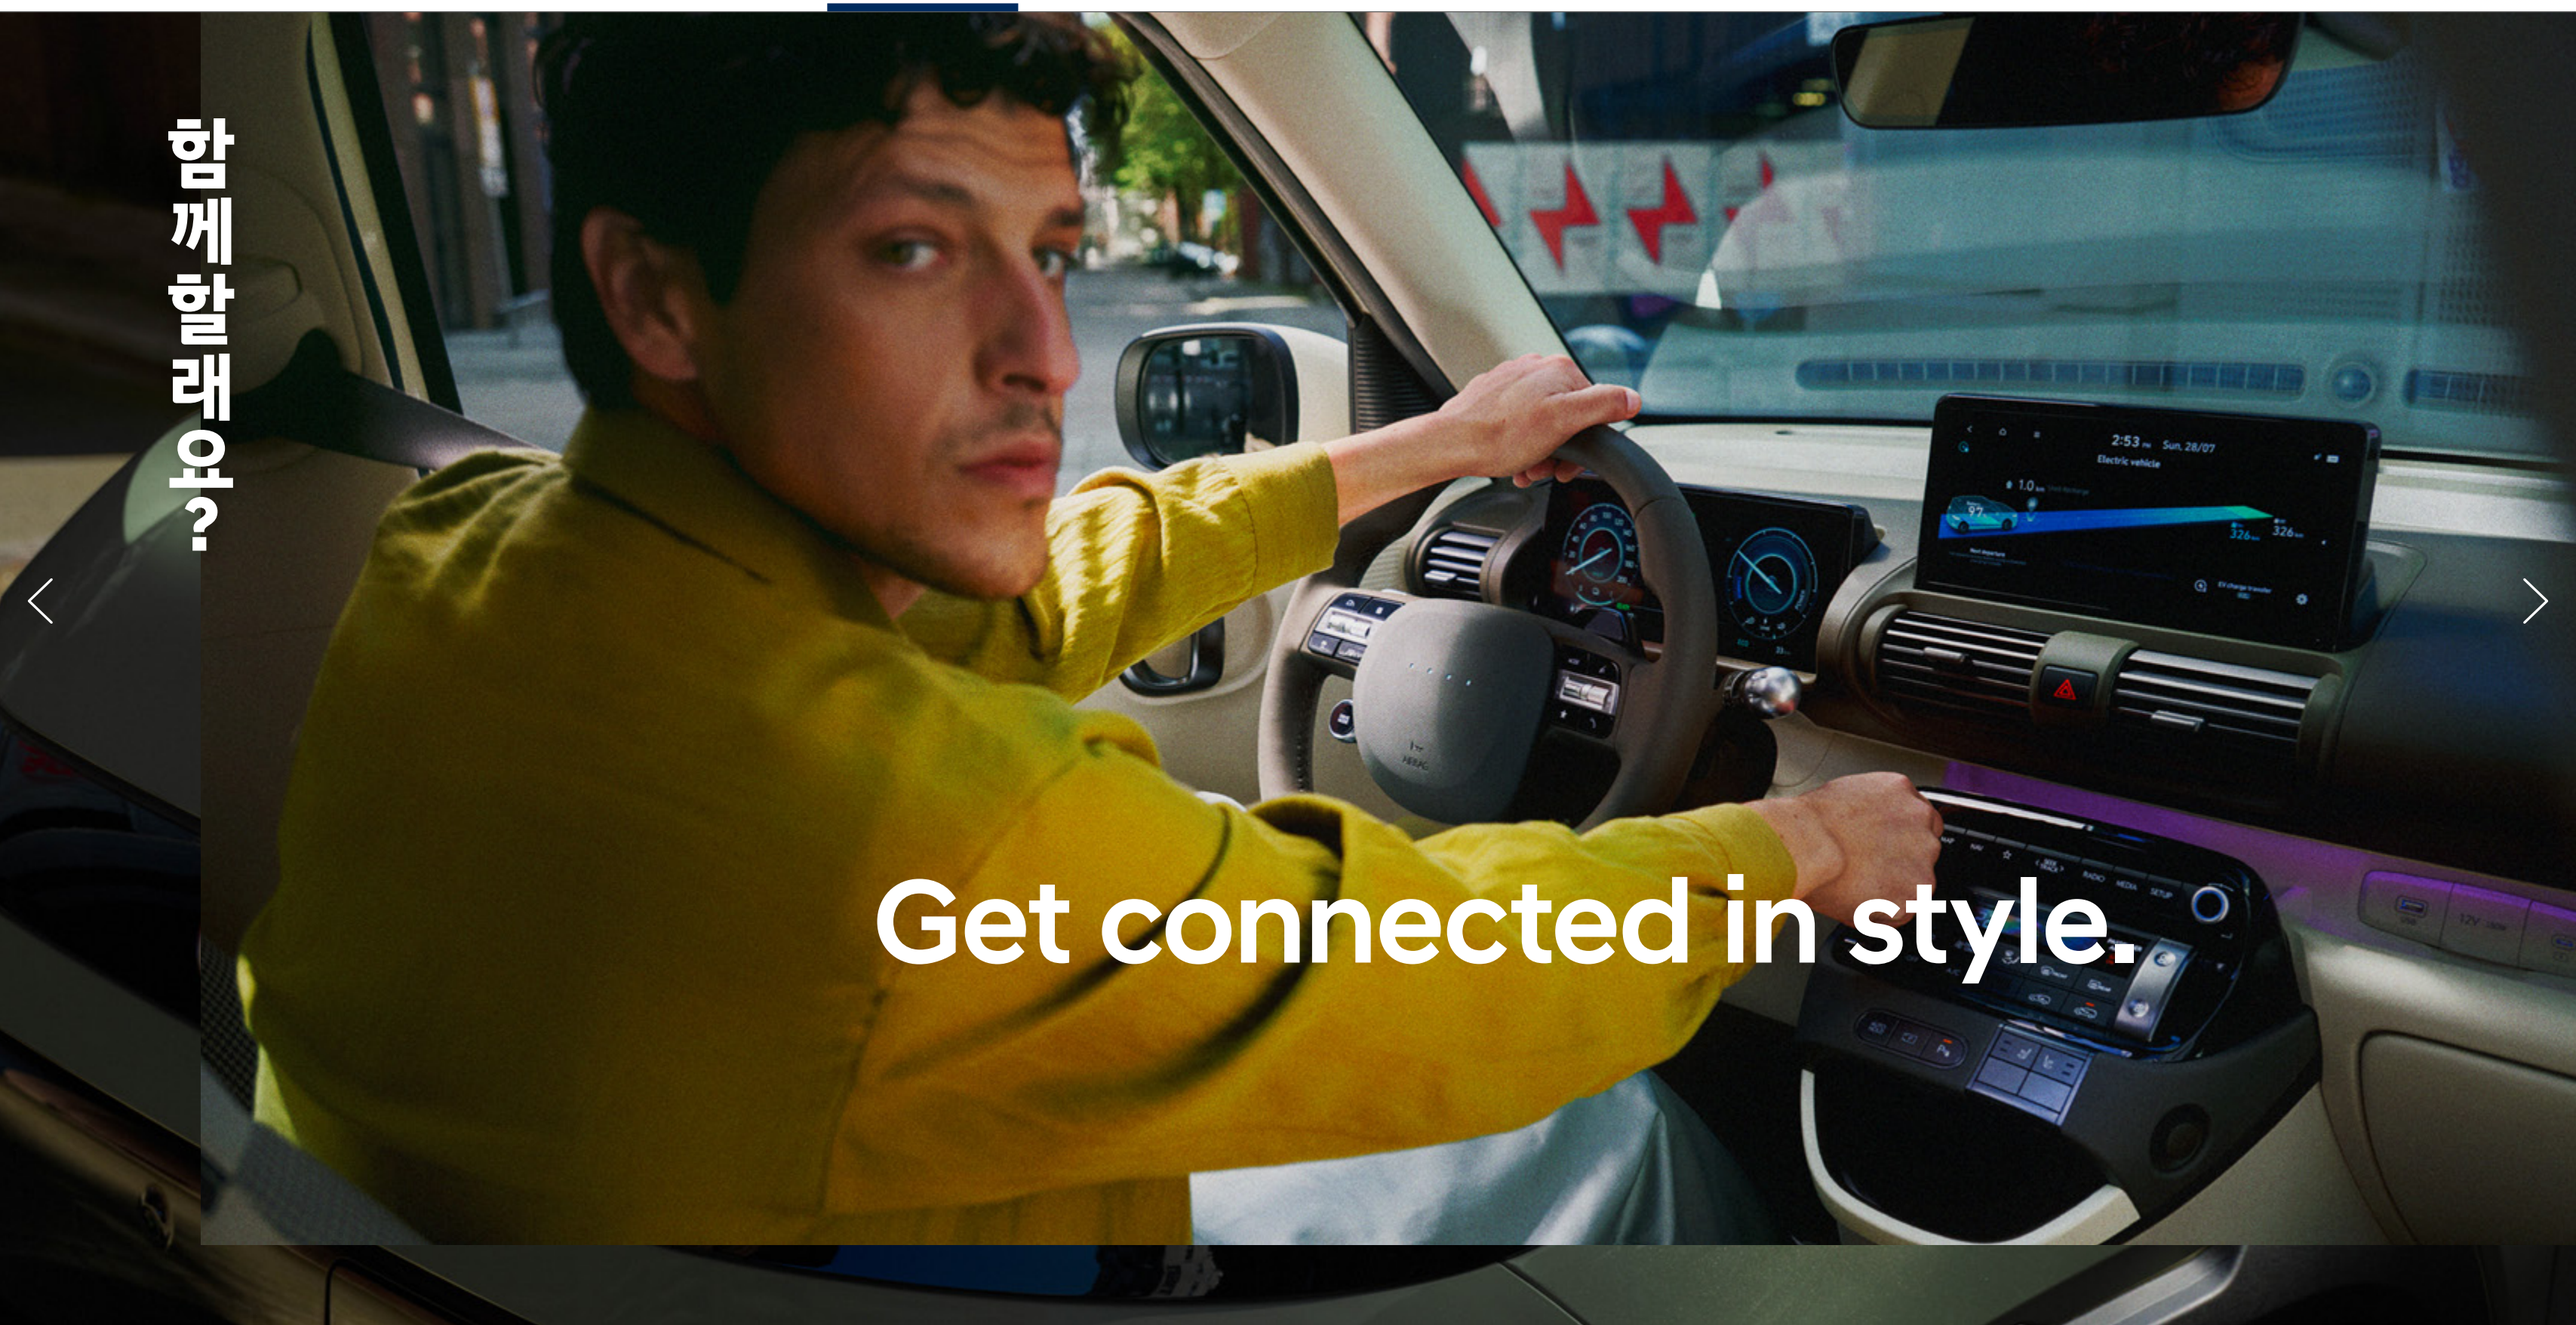

Wireless charging tray.

USB-C ports in front and rear.

Vehicle shown not to UK specification. Specifications and features are trim dependent.

Get connected in style.

Big time connectivity in a small car.

INSTER provides the kind of seamless connectivity and advanced infotainment you expect and comes equipped with both a 10.25" digital cluster and 10.25" centre touchscreen as standard – and yes of course, you can mirror your smartphone onto the big screen too.

Discover more

Bluelink

Connected Car Services.

INSTER is equipped with Bluelink® Connected Car Services – delivering seamless connectivity via smartphone app or touchscreen display – with online voice recognition and a wide range of features to make your drive more convenient and enjoyable. A free 10-year subscription to Bluelink LITE® and a 3 year subscription to Bluelink PLUS® and 6 months Bluelink PRO® is included with the navigation system.
Take advantage of real-time data – like traffic, parking and local charging station info – as well as Connected Routing, our online navigation system. And thanks to Over the Air (OTA) software updates you'll always have the latest map and Infotainment versions.

EV performance.

Vehicle shown not to UK specification. Specifications and features are trim dependent.

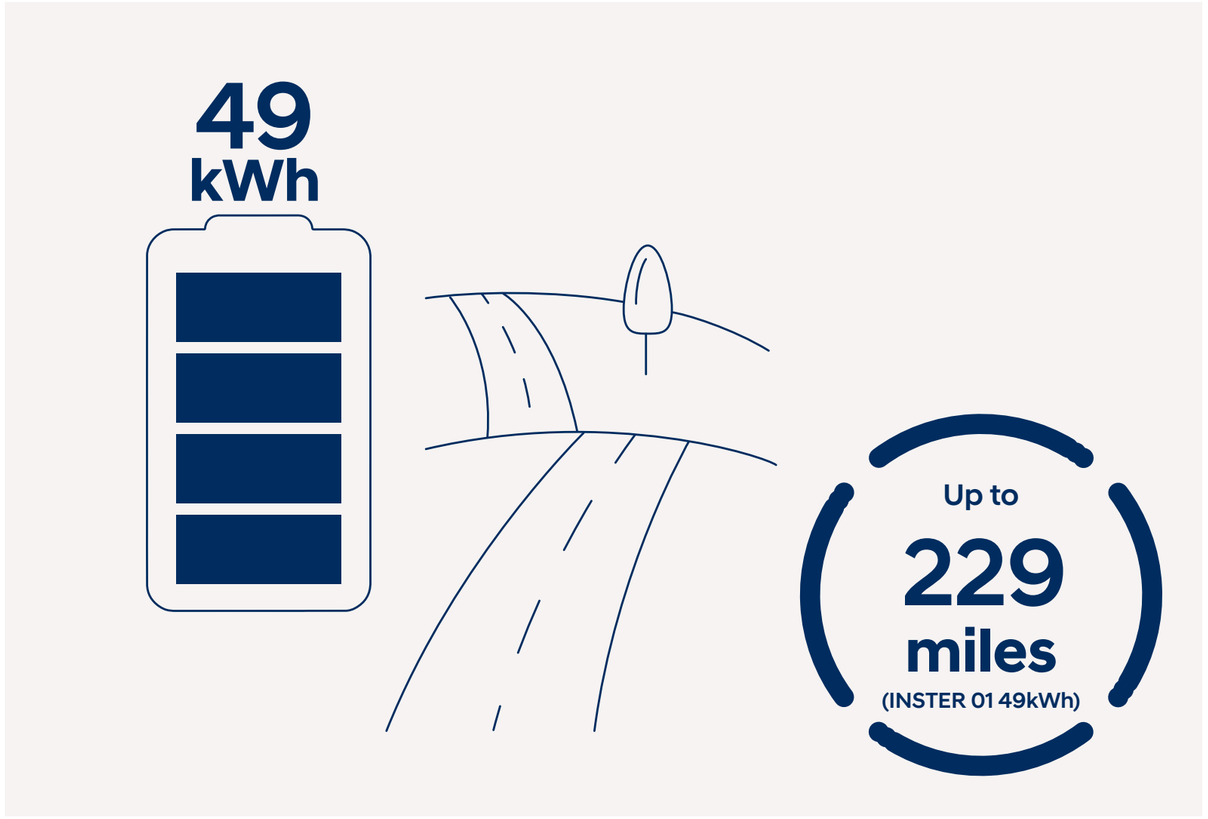

Regenerative braking and i-Pedal.

INSTER's Regenerative Braking System 2.0 charges the battery while driving by using the electric motor to slow the vehicle. You can control the level of energy that the system regenerates and stores in the battery by adjusting the level of regenerative braking with the steering wheel-mounted paddle shifters. The higher the level, the more the car slows and charges the battery when you take your foot off the accelerator. There is also i-Pedal mode, which allows acceleration / deceleration as well as stopping, by using only the accelerator pedal.

Waiting is out. Fast-charging is in.

All in on charging faster and driving farther. INSTER has the capacity to charge from 10 to 80% in 30 minutes – so you'll be in and out of the charging station in the time it takes to grab a coffee and check your messages.**

And with two batteries to choose from: a 42 kWh and a 49 kWh version that delivers a segment-leading range of up to 229 miles (INSTER 01 49kWh) – you won't be stopping to charge that often anyway.***

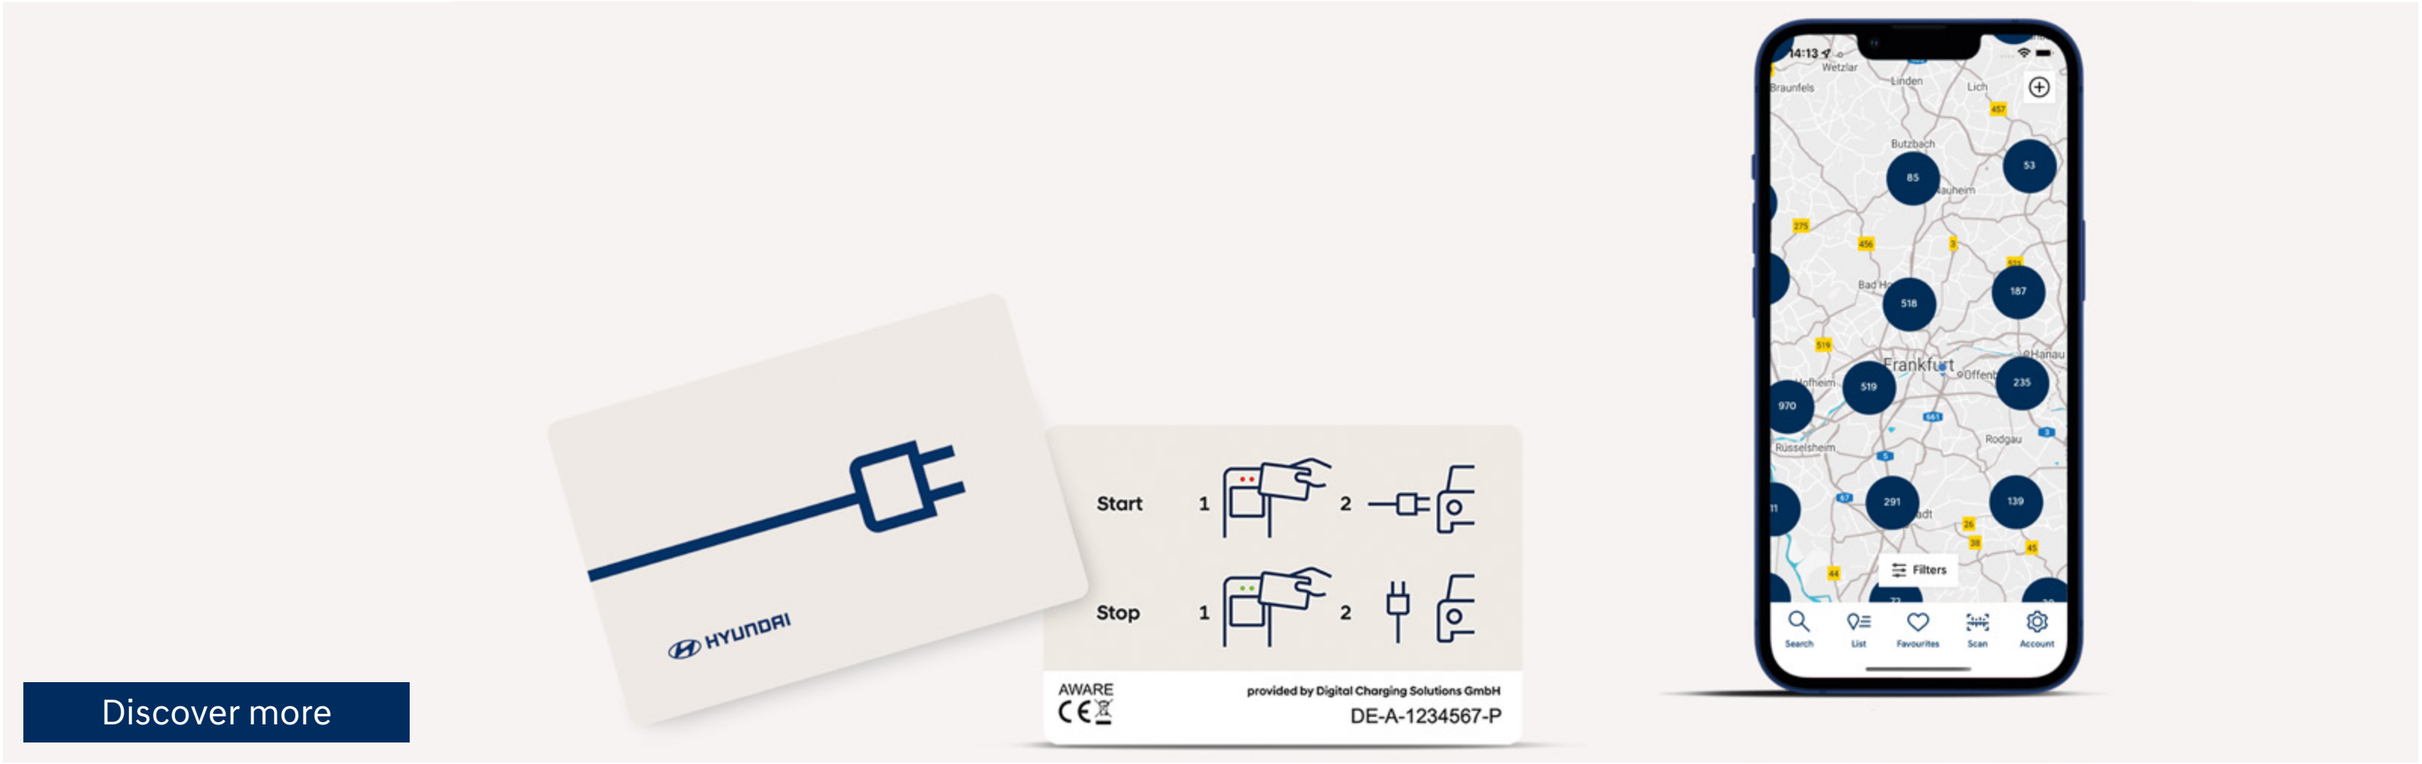

Vehicle shown not to UK specification. Specifications and features are trim dependent.

Electric vehicle route planner.

Enjoy the peace of mind of always knowing where your next charge is. Enter a destination and the navigation automatically suggests charging points on the route. INSTER shows you real-time charging station information such as location, connector types and availability.

Charge myHyundai.

Discover more

Charging your electric vehicle has never been easier or more accessible. Welcome to Charge myHyundai: a comprehensive and easy-to-use public charging solution that gives you access to over 800,000 charge points in 29 European countries. Enjoy easy cross-border charging with one single contract through e-roaming. 1 App. 1 Card. 1 Invoice.

That means no hassles thanks to a streamlined one-payment solution. And we offer several attractive tariff models to fit your needs. For more information, visit the Charge myHyundai website in your country: www.chargemyhyundai.com

IONITY high-power charging network.

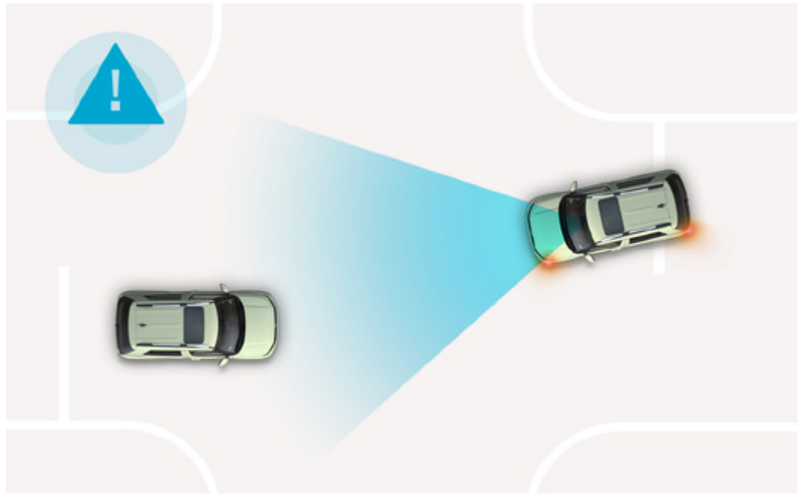

IONITY makes long distance travel with electric vehicles the new normal – building and operating a high-power charging network along Europe's highways, using state-of-the-art technology with a charging capacity of up to 350 kW. You benefit from maximum charging speeds and short charging times while always being provided with 100% renewable energy for emission-free and carbon neutral driving. IONITY is part of Hyundai's pan-European public charging service, Charge myHyundai. For more information visit: www.chargemyhyundai.com

Hyundai SmartSense

Forward Collision-avoidance Assist with Junction Turning (FCA-JT).
The FCA system automatically brakes when it detects sudden braking by the car ahead or detects pedestrians or cyclists in your path. During cross intersection turning, it brakes if there is a risk of collision with an oncoming vehicle.◊

Navigation-based Smart Cruise Control (NSCC-C).
Utilizes INSTER's state-of-the-art navigation system to anticipate upcoming curves or straights on highways and automatically adjusts your speed for safer driving.◊

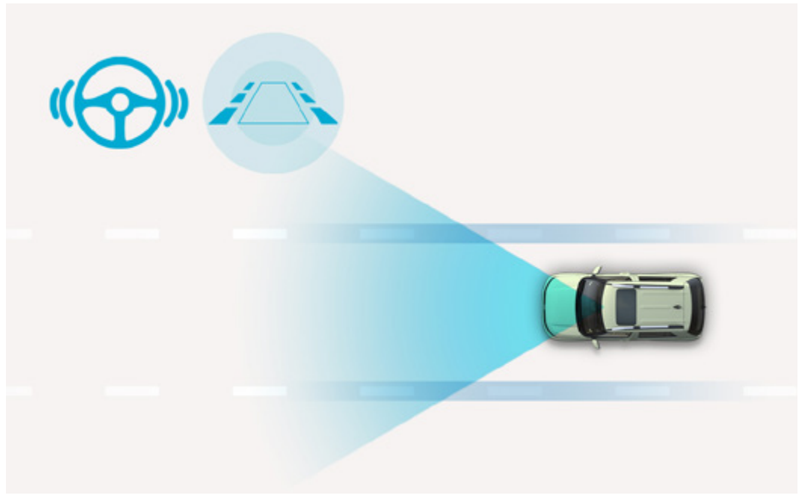

Blind Spot Collision-avoidance Assist (BCA).

Using two radar sensors in the lower rear bumper, the system warns you of traffic in the blind spot area. Should you set the turn indicator in such a situation, it will sound an acoustic and visual alert.◊

Specifications and features are trim dependent.

Hyundai SmartSense

Lane Following Assist (LFA).

When activated, Lane Following Assist provides slight steering inputs to keep the vehicle centred in its lane at speeds between 0 and 86 MPH (where allowed) on highways and city streets.◊

Parking Collision-Avoidance Assist-Reverse (PCA-R).

Enjoy additional safety when navigating narrow parking spaces in reverse gear. When a collision risk with pedestrians or obstacles is detected, the system warns you and automatically engages the brakes.◊

Surround View Monitor (SVM).

Tight parking garage? Small car wash? No problem. The surround view monitor gives you a 360-degree view of the area to make manoeuvring confined spaces easy and safer. Four high-definition cameras show you the surroundings in real time.◊
