Core: JavaScript (ES6+), TypeScript, HTML5, CSS3, SCSS,

Libraries: React.js, Next.js, Zustand, Redux toolkit, React Router

CSS & UI Libraries: Tailwind CSS, Shadcn, Bootstrap

Performance & Optimization: Lazy Loading, Code Splitting, Webpack, Vite

Tools: Git, GitHub, GitLab, Jira, Confluence, Zoho, Notion, Vercel, Swagger

Other: REST API integration, responsive layouts, UI/UX best practices, Agile development

WORK EXPERIENCE

e-CENS

Remote

Front-End Developer

June 2025 – Present

- Leading front-end development of a modern web application from the ground up.
- Built responsive, accessible UI components using Next.js, Shadcn UI, Tailwind CSS.
- Integrated REST APIs using Swagger and collaborated closely with backend engineers.
- Partnered with designers to translate UI/UX wireframes into intuitive, user-focused interfaces.
- Delivered the MVP frontend in 7 weeks, enabling backend and design teams to test and iterate early.

JobAutopilot

Toronto, Ontario (remote)

Front-End Developer

Mar 2023 - May 2024

- Contributed to the front-end development of the website, user dashboard, and internal CRM system using React.js and TypeScript. Focused on implementing UI components and ensuring a consistent user experience across different sections of the platform
- Improved initial loading performance of the user dashboard by optimizing image sizes, implementing lazy loading, and enhancing rendering efficiency
- Wrote clean, maintainable code and followed best practices for scalable front-end development

Galaxy IT

Khmelnyskyi, Ukraine

Junior Front End Developer

Jul 2022 - Feb 2023

- Developed multiple landing pages and contributed to the front-end development of web applications using JavaScript (React.js, Vue.js), HTML, and CSS
- Translated complex UI/UX design wireframes, including interactive forms and dynamic data displays, into high-quality, maintainable code

ULTRA IT

Khmelnyskyi, Ukraine

Front End Developer Intern

Dec 2021 - Jun 2022

- Built the company's website and landing pages using JavaScript, HTML, and CSS, focusing on user-friendly and visually appealing interfaces
- Worked closely with UI/UX designers to translate design mockups into pixel-perfect, responsive web pages, ensuring consistent branding
