Minutes

Called to order at 7:00 a.m., by Planning Committee Chair, Marshal Kendziorek

Planning Committee and Board Members: Marshal Kendziorek, Kenny Solomon-Gross, Brenda Knapp, Rosemary Hagevig and Mark Johnson. (Dr. Urata arrived at 8:00am)

Staff: Chuck Bill, CEO, Kevin Benson, CFO, Billy Gardner, COO, Bradley Grigg, CBHO (via telephone), Rose Lawhorne, CNO, Megan Costello, CBJ Law, and Anita Moffitt, Executive Assistant,

Also in attendance: Michelle Hale, CBJ Assembly Liaison and Corey Wall (via telephone)

Mr. Solomon-Gross made a MOTION to approve the minutes from October 9, 2019. Ms. Knapp seconded. Minutes approved.

PUBLIC PARTICIPATION – None

OLD BUSINESS: A request was made to move the Campus Plan update ahead of the Project updates on the agenda.

Campus Plan Update – Corey Wall, of Jensen Yorba Wall, provided an overview of the Master Facilities Plan project summary included in the packet. Immediate major project priorities identified by staff and physicians are on the ground floor of the hospital, in the Emergency Department, Lab and Histology, Surgical Services, campus access and parking. Medium term major project priorities are in Diagnostic Imaging, PT/OT/ST, Oncology/Infusion, RRC and general staff support. Regional information and impacts was discussed. It is anticipated that the community will remain stagnant but cruise ship population will grow; homelessness, drug use and alcoholism continues to increase; robotics in surgical services is needed to remain competitive and to attract new physicians; more and more practitioners would rather be BRH employees than independent business owners. A discussion was held about the size and layout of surgical services. Mechanical and electrical system issues were highlighted as were architectural conditions. Drawings and an overview of the structural analysis for vertical expansion was presented. Several possible renovation options to meet our needs were noted. JYW will have a preliminary project list in two weeks. After a question and answer session was held, the consensus of the committee is that this plan is very impressive and we are on track to get to where we want to be in the future. Ms. Hale commented that the Public Works and Engineering

Department look at all projects/potential projects so they can pace them with the overall load on our contractors. In terms of trying to align with the CIP schedule, this is great. It was noted that these projects could probably be funded by a mix of self-funding and bonding. Bonding vs. self-funding will be further explored.

RRC Renovation Update - Mr. Grigg reported that the shell and roof of the RRC building is going up now. As discussed at a meeting with CBJ and Alaska Commercial Contractors last week, the anticipated plan is for this project to be done by June 15th at the latest.

Crisis Stabilization update – Mr. Grigg reported that Northwind Architects (NWA) is moving ahead with the design phase. NWA and CBJ are still in negotiations regarding project management costs. A two story design option with Crisis Stabilization on the ground floor and BOPS on the second floor will cost about \$7 million. Adding an underground parking garage would add an estimated additional \$1.5 million. Negotiations for project management will probably go on through the end of the year. Once that is completed, we will look at timelines for the destruction of the current BOPS facility. Our plan is to begin the building of the Crisis Stabilization Unit next summer. Mr. Johnson asked that a price comparison of the parking garage option and other alternative parking options be provided.

Community Health Needs Assessment – Mr. Bill presented a draft version of the Community Health Needs Assessment to be distributed throughout Juneau and surrounding communities. Feedback regarding what questions to ask had been obtained from a meeting with community leaders. Community leaders will help distribute the survey to their constituents. Parallel to this survey, Cycle of Business is analyzing the demographics and the documented needs of the community. This information will be used as part of our strategic planning process. Discussions were held about who was invited to the meeting to provide feedback, whether the questions in the survey are appropriate and adequate to give us the information we really want from this survey. It was noted that the survey is just part of the assessment. Information regarding trends in addiction, utilization figures, etc. are to be included in the assessment as well.

Affiliation Study – Mr. Bill reported that nothing has really changed since the last consideration of the proposal but we need to figure out how to move forward. He suggested that changing the name to Network Development Study might be helpful. The RFP needs to be clear that we do not want to lose local control and selling the hospital is not to be a consideration. The needs assessment will be completed by the end of the year and information will be incorporated into the RFP. Dr. Urata expressed concerns that if the RFP is not focused enough, we will not get the kind of answers we are after and it should not be submitted to the assembly yet. Discussions were held about partnering with service providers for specific services as well as public relations and confidence of the community. It was noted that we already have agreements with Providence and Virginia Mason but we don't market it. A suggestion was made to hire a marketing firm to help design a marketing strategy to highlight BRH services. Ms. Hagevig stated that home is the best remedy and this sentiment should be captured. Mr. Bill is to rework the RFP with a focus on maintaining services and include a SWAT analysis. It will come back to the Planning Committee for review. Ms. Hale noted this conversation is going in the right direction.

FUTURE AGENDA ITEMS:

- Projects Updates
- Community Healthcare Needs Assessment Questionnaire
- Campus Plan Updates
- Crisis Stabilization Plan Status
- Discussion - How is the Board to use these study results

COMMENTS – Ms. Hagevig suggested that Behavioral Health projects should be advertised to make the community aware of the great things taking place here. Ms. Knapp requests that Mr. Bill look at what it would cost to hire a professional marketer. Mr. Solomon-Gross noted that it's important to state what we do, not what we don't do.

Next meeting: 7:00 a.m. – December 20, 2019

Adjourned at 8:40 a.m.

13.2 No Limit of Liability. The provisions of this Section shall not be deemed to limit the liability of Consultant hereunder or limit any right that Customer or an Affiliate may have including rights of indemnity or contribution. The insurance obligations under this Section are mandatory; failure of Customer or its Affiliates to request certificates of insurance or insurance policies shall not constitute a waiver of Consultant's obligations and requirements to maintain the minimal coverage specified. Consultant shall ensure and be solely responsible for ensuring that its

subcontractors maintain insurance coverage at levels no less than those required by applicable law and customary in the relevant industry.

13.3 No Reduction or Limit of Obligation. By requiring insurance, Customer does not represent that coverage and limits will necessarily be adequate to protect either or both Parties. Insurance procured by either Party will not reduce or limit both Parties contractual obligation to indemnify and defend the other Party for claims or suits as described in this Agreement.

14. Limitation of Liability. Notwithstanding the terms of any other provision, the total liability of Consultant and its subsidiaries, officers, employees and agents for all claims of any kind arising out of this engagement, whether in contract, tort or otherwise, shall be limited to the greater of \$3,000,000 or four times the total fees paid to Consultant under the SOW that gave rise to the claim. Neither Consultant nor Customer shall in any event be liable for any indirect, consequential or punitive damages, even if they have been advised of the possibility of such damages. No action, regardless of form, arising out of or relating to this engagement, may be brought by either party more than three (3) years after the cause of action has accrued, except that an action for non-payment may be brought by a party not later than one (1) year following the date of the last payment due to such party under the Agreement.

15. Warranties. Consultant represents and warrants that all deliverables and/or Work Product produced under this Agreement (a) will perform in accordance with all documentation provided by Consultant and (b) along with all Consultant Property, shall be of original development or licensable by Consultant, as the case may be. Consultant represents and warrants that all deliverables, Work Product and Consultant Property licensed or owned by Consultant and used in the performance of any SOW shall not infringe or violate any patent, copyright, trade secret, trademark, or other third party intellectual property right. Consultant represents and warrants that the deliverables and/or Work Product is not the subject of a lien, a security interest, claim, cause of action or otherwise hypothecated to a third party. Consultant also represents and warrants that, to the best of its knowledge, the deliverables, Work Product and Consultant Property do not contain and will not receive from Consultant's transmission via modem or any other Consultant medium any time bomb, virus, worm, trap door, back door, timer, clock, counter or other limiting routine, dongle key, instruction, or design that would erase data or programming or otherwise cause the deliverables, Work Product, Consultant Property, or Customer's software or equipment to become inoperable or incapable of being used in the full manner for which it was designed and created (a "Disabling Code"). If any Disabling Code is identified by Customer or Consultant, and if the Disabling Code resulted from the negligent, willful, or reckless acts or omissions of Consultant, Consultant shall take all reasonable steps necessary at no additional cost to Customer, to: (i) restore any and all data lost by Customer as a result of such Disabling Code to the extent that such recovery is technically feasible; (ii) test a new copy of the subject matter containing such Disabling Code for the presence of Disabling Codes; (iii) furnish to Customer a new copy of the subject matter without the presence of Disabling Codes; and (iv) install and implement such new copy on Customer equipment. Consultant represents and warrants that Work Product and Consultant Property provided hereunder shall be in conformance with HIPAA and all applicable federal, state and local rules and regulations, and, where applicable, standard accounting procedures. Consultant shall perform all Services under this Agreement in a professional manner, consistent with the best practices in the industry and in a diligent, workmanlike, and expeditious manner. Consultant represents and warrants that in the provision of goods and Services, it will limit the flow of all Customer data and information (inclusive of patient information, Confidential Information,

Personal Information, and Customer Property) to the geographic limits of the United States of America.

16. Cooperation. As part of the Services, Consultant shall cooperate with Customer and Customer's other contractors, vendors and suppliers to allow the proper performance of any services being provided internally by Customer or by such third party contractors, vendors or suppliers. Consultant acknowledges that Customer is now and will be, during the term of this Agreement working with third parties in developing, installing, maintaining, and supporting the Customer systems, including working with auditors and application developers, and that the Services may involve the use of one or more Consultant resources to cooperate in these matters. Such cooperation shall include provision of: (i) written requirements, standards and procedures for Customer systems and operations maintained by Consultant; (ii) assistance and support services to such third party; and (iii) access to the technology environment used by Consultant to provide the Services (subject to reasonable confidentiality and security restrictions) as necessary for such third parties to perform their services for Customer.

17. Term and Termination. Subject to the termination rights below, this Agreement shall commence on the Effective Date first stated above and shall end on **insert date here** (the "Term"). Each Party shall have the right, upon written notice, to terminate any SOW or this Agreement, whether or not the other Party is in default or in breach. If the non-terminating Party has not breached the Agreement or a SOW hereunder, the non-terminating Party shall be entitled to delivery of the Work Product to date or accrued and undisputed payment hereunder, as the case may be. Upon termination of any SOW or this Agreement for any cause or for no cause, or at any earlier time upon the demand of Customer, Consultant shall, without cost to Customer, (a) deliver to Customer in an orderly and expeditious manner all data, records, documentation, and other property belonging to Customer then in the possession of Consultant, including, but not limited to, the Work Product and Consultant Property and all copies, extracts, summaries, and portions thereof, on whatever media rendered; (b) purge from its computer systems any Work Product and all copies, extracts, summaries, and portions thereof; and (c) upon request of Customer, certify in writing that it has complied with these requirements. Sections 4 through 20 and 23 shall survive the expiration or termination of this Agreement. Notwithstanding anything to the contrary contained in this Agreement, if Consultant breaches any term or condition of this Agreement, Customer may, at its option, exercise any one or more of the following remedies: (i) terminate this Agreement, effective immediately upon written notice to Consultant; (ii) terminate the applicable SOW, effective immediately upon written notice to Consultant, (iii) withhold any further payments otherwise due to Consultant hereunder; or (iv) exercise any other rights and remedies available at law or in equity.

18. Audit Provision. Consultant shall maintain complete and accurate books, records, and data as necessary to determine compliance with the terms of this Agreement, to support the charges and expenses invoiced hereunder and to permit Customer or its designee to verify the accuracy of such amounts during the Term and during a four (4) year period thereafter. In furtherance of the foregoing, Consultant shall permit Customer, upon reasonable notice and at reasonable times, to: i) inspect Consultant's records, invoices, processes and procedures as they relate to the Services furnished pursuant to this Agreement and any use of Customer or Affiliate data; and ii) interview all Consultant personnel, employees, agents and contractors. Such audits shall be limited to once per calendar year unless there is reasonable cause for additional audits and shall be conducted upon reasonable advance notice during regular business hours and in such a manner as not to unduly interfere with Consultant's operations.

19. Regulatory Requirements.

19.1 Compliance. The parties intend that this Agreement comply at all times with all existing and future applicable laws, including state and federal anti-kickback laws, the Medicare/Medicaid Anti-Fraud and Abuse Statutes, the restrictions on Customer and its Affiliates by virtue of its tax exempt status and the federal law relating to physician referrals. If at any time, as the result of the enactment of a new statute, the issuance of regulations, or otherwise, either party receives a written opinion of counsel that there is a substantial risk that, as a result of this Agreement, either party does not comply with applicable law, then the parties shall use good faith efforts to reform this Agreement in such a manner so that it complies with applicable law. If, after the exercise of such good faith efforts for a period of at least thirty (30) business days, the parties have not agreed on amendment(s) to this Agreement that resolve legal issues referred to above, then the party(s) whose receipt of a legal opinion triggered renegotiation may terminate this Agreement upon at least sixty (60) calendar days written notice to the other party.

19.2 HIPAA Compliance. Consultant agrees that any products or Services provided under this Agreement will comply with all federal and state regulations, rules or orders applicable to Customer and its Affiliates, including but not limited to regulations promulgated under Section 264 of the Health Insurance Portability and Accountability Act (Public Law 104-91 – “HIPAA”). Consultant agrees to the terms of the Business Associate Addendum attached hereto as Exhibit **insert exhibit here** and further agrees to execute any amendments thereto reasonably requested by Customer to meet Customer's regulatory obligations.

19.3 Recordkeeping. To the extent that Section 952 of the Omnibus Reconciliation Act of 1980 (the “Act”) and the regulations promulgated thereunder are applicable to this Agreement, Consultant and the organizations related to it, if any, performing any of the duties pursuant to this Agreement valued at Ten Thousand Dollars (\$10,000) or more in any twelve (12)-month period shall, until four (4) years after the furnishing of Services pursuant to this Agreement, comply with requests by the Comptroller General, the Secretary of the Department of Health and Human Services, and their duly authorized representatives for access (in accordance with Section 952 of the Act) to any contract or agreement between Consultant and Customer for Services and to any contract or agreement between Consultant and such related organizations, as well as the books, documents and records of Consultant and its related organizations, if any, which are necessary to verify the cost of the Services provided.

19.4 Exclusion. Consultant represents and warrants that neither it nor any of its employees or other contract staff (collectively referred to in this paragraph as “employees”) has been nor is it about to be excluded from participation in any Federal Healthcare Program (as defined herein). Consultant agrees to notify Customer within five (5) business days of Consultant's receipt of notice of intent to exclude or actual notice of exclusion from any such program. The listing of Consultant or any of its employees on the Office of Inspector General's exclusion list (OIG website), the General Services Administration's Lists of Parties Excluded from Federal Procurement and Nonprocurement Programs (GSA website) for excluded individuals and entities, any state Medicaid exclusion list, or the Office of Foreign Assets Control's (OFAC's) blocked list shall constitute "exclusion" for purposes of this paragraph. In the event that Consultant or any of its employees is excluded from any Federal Healthcare Program or placed on the OFAC's blocked list, this Agreement shall immediately terminate without penalty to Customer, unless Customer elects in writing to continue this Agreement. For the purpose of this paragraph, the term “Federal

Healthcare Program” means the Medicare program, the Medicaid program, TRICARE, any health care program of the Department of Veteran Affairs, the Maternal and Child Health Services Block Grant program, any state social services block grant program, any state children's health insurance program, or any similar program.

20. Corporate Responsibility. Customer has a Compliance Program (“Program”) which has standards for vendor relations. Consultant acknowledges Customer’s commitment to the Program and agrees to conduct all Services and business transactions which occur pursuant to this Agreement in accordance with the Program. Consultant shall ensure that its personnel comply and cooperate with, and participate in, the Program as applicable to the performance of Services and business transactions under this Agreement.

21. Entire Agreement. This Agreement and the attached exhibits referenced herein and any SOW created pursuant hereto, constitutes the entire agreement between Customer, and Consultant with respect to the subject matter hereof; and supersedes all proposals, oral or written, and all other communications between the parties with respect to such subject matter. The headings of sections of this Agreement are for convenience of reference only and shall not affect the meaning or interpretation of this Agreement in any way.

22. Priority. The terms and conditions of this Agreement may not be amended or modified, except in writing signed by Customer and Consultant. The terms of this Agreement shall be given priority over any conflicting terms in an SOW or Change Order. In the event of a conflict between the terms of an SOW and Change Order, the terms of the Change Order shall be given priority.

23. No Waiver. No failure or delay of either party to exercise any rights or remedies under this Agreement shall operate as a waiver thereof.

24. Non-Assignable. Consultant may not assign any of its rights or delegate any of its duties pursuant to this Agreement without the prior written consent of Customer and any attempted assignment without such consent shall be void.

23. Choice of Law and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Alaska excluding all choice of law provisions, and all proceedings relating to the subject matter hereof shall be maintained exclusively in the state courts situated in Juneau, Alaska and Consultant hereby consents to personal jurisdiction and venue therein and hereby waives any right to object to personal jurisdiction or venue.

24. Severability. In the event that a court of competent jurisdiction holds any provision of this Agreement invalid or unenforceable in any circumstances, the remainder of this Agreement, and the application of such provision in any other circumstances, shall not be affected thereby.

27. Notice. All notices required hereunder shall be given in writing and addressed or delivered to the persons specified in this Agreement. Any such notice shall be effective upon depositing the notice in first-class mail or certified mail, return receipt requested, at the addresses below or upon actual receipt. Each Party and Affiliate may change the persons designated to receive notice hereunder by written notice.

EXHIBIT C – HIPAA Business Associate Agreement

THIS BUSINESS ASSOCIATE AGREEMENT is made and entered into as of the ____ , 2017 (“Effective Date”), by and between the City and Borough of Juneau by and through Bartlett Regional Hospital (“BRH”), an enterprise fund and administrative division of the municipality, each considered a Covered Entity as defined in HIPAA and hereinafter referred to as “Covered Entity,” and _____, also identified as "Consultant" (“Business Associate”).

RECITALS

WHEREAS, the Business Associate and the Covered Entity have entered into a Consulting and Professional Services Agreement (the “Agreement”) wherein the Business Associate creates, receives, maintains or transmits Protected Health Information ("PHI") on behalf of the Covered Entity and to comply with the requirements of the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") as amended by the Health Information Technology for Economic and Clinical Health Act ("HITECH"), and implementing regulations which are codified at 45 C.F.R. Parts 160 and 164, as amended from time to time (collectively the “HIPAA Standards”), the parties agree to the terms herein.

1. Permitted Uses and Disclosures by Business Associate

- a) The Business Associate’s use and disclosure of PHI shall comply in all respects with the HIPAA Standards.
- b) Except as otherwise limited in this Business Associate Agreement, Business Associate may use or disclose PHI to perform functions, activities, or services for, or on behalf of, Covered Entity as specified in the Agreement, provided that such use or disclosure would not violate the HIPAA Standards if done by Covered Entity. Business Associate shall not use or disclose PHI other than permitted or required by this Business Associate Agreement or as required by law. The Business Associate shall limit the use and disclosure of PHI to the minimum necessary to accomplish the intended purpose of the use or disclosure of the PHI or as required pursuant to the Agreement. All such uses and disclosures shall be consistent with the Covered Entity’s minimum necessary policies and procedures.
- c) Except as otherwise limited in this Business Associate Agreement, Business Associate may use and disclose PHI for the proper management and administration of the Business Associate or to carry out the legal responsibilities of the Business Associate, provided that (i) the disclosure is required by law and timely notice is provided to Covered Entity prior to the disclosure, or (ii) Business Associate obtains reasonable assurances from the recipient that the PHI will remain confidential and used or further disclosed only as required by law for the purposes for which it was disclosed to the recipient, and the recipient promptly notifies Business Associate of any instances of which it is aware in which the confidentiality of the PHI has been breached.
- d) Unless requested in writing by the Covered Entity, Business Associate may not use PHI to provide Data Aggregation services.

- e) Owner of PHI. Under no circumstances shall Business Associate be deemed in any respect to be the owner of any PHI used or disclosed by or to Business Associate by Covered Entity

2. Obligations and Activities of Business Associate

- a) Business Associate shall ensure, through a written agreement, that any subcontractors of Business Associate that create, receive, maintain, or transmit PHI on behalf of the Business Associate agree to the same restrictions, conditions, and requirements that apply to the Business Associate with respect to such PHI, including without limitation, the restrictions, conditions, and requirements of this Business Associate Agreement and the HIPAA Standards.
- b) Business Associate shall immediately report to Covered Entity any use or disclosure of PHI not provided for by this Business Associate Agreement, any Breach, or any Security Incident involving the PHI of which the Business Associate, or a subcontractor of the Business Associate, becomes aware (each, an “Incident”). The Business Associate shall identify each individual whose PHI has been, or is reasonably believed to have been, accessed, acquired, or disclosed during an Incident. Notice shall be made to the Covered Entity no later than five (5) calendar days after discovery of the Incident by Business Associate or a subcontractor of the Business Associate, whichever is earlier, except that in the event urgent notice may be required due to the possible imminent misuse of PHI, Business Associate shall notify Covered Entity in writing without unreasonable delay and in no case later than two (2) calendar days. Business Associate accepts the burden of demonstrating that such notice was timely, proper and in accordance with HIPAA Standards. Business Associate shall, at its expense, take any action necessary or requested by the Covered Entity to mitigate, to the extent practicable, any harmful effect of an Incident. Business Associate shall, at its expense, provide all information and take all action requested by Covered Entity and consistent with the HIPAA Standards to assist Covered Entity in providing notice of an Incident.
- c) Business Associate shall restrict disclosures or communicate confidentially with Individuals as required by the HIPAA Standards and as requested by the Covered Entity.
- d) If the Business Associate maintains PHI in a Designated Record Set, the Business Associate shall:
 - (1) provide access (including inspection, obtaining a copy or both), in the time and manner designated by Covered Entity, and Business Associate shall not charge any fee greater than the lesser of the amount permitted by State Law or the Business Associate’s actual cost of postage, labor and supplies for complying with the request;
 - (2) make available PHI for amendment and incorporate any amendment(s) in the time and manner designated by Covered Entity; and
 - (3) provide access to PHI that is in electronic format in the form and format requested

by the Individual or Covered Entity, if not readily producible in such form or format, in a readable electronic form and format agreed to by the Covered Entity and the Individual, and transmit such copy directly to an entity or person designated by the Individual or Covered Entity. Business Associate shall not charge any fee greater than the lesser of the amount permitted by State law or the Business Associate's actual cost of postage, labor, and supplies for complying with the request.

- e) Business Associate shall make internal practices, books, and records relating to the use and disclosure of PHI available to the Covered Entity or the Secretary, in a time and manner designated by the Covered Entity or the Secretary, for purposes of the Secretary investigating or determining Covered Entity's or Business Associate's compliance with the HIPAA Standards.
- f) Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity or Business Associate under the HIPAA Standards to respond to a request by an Individual for an accounting of disclosures of PHI. Business Associate shall provide, in the time and manner designated by Covered Entity, an accounting of disclosures required by the HIPAA Standards made by the Business Associate.
- g) Business Associate shall prevent the use or disclosure of the PHI other than as provided for in this Business Associate Agreement and shall comply, where applicable, with the HIPAA Standards with respect to electronic PHI, including Subpart C of 45 C.F.R. Part 164 ("Security Rule"). The Business Associate shall implement and maintain safeguards as necessary to ensure that all PHI is used or disclosed only as authorized under the HIPAA Standards and this Business Associate Agreement. Without limiting Business Associate's obligations under the HIPAA Standards, the Business Associate agrees to assess potential risks and vulnerabilities to PHI in its possession and develop, implement and maintain appropriate administrative, physical and technical safeguards set forth in the HIPAA Standards to protect the confidentiality, availability and integrity of the PHI that Business Associate creates, receives, maintains or transmits on behalf of the Covered Entity. These measures must be documented and kept current, and must include, at a minimum, those measures that fulfill the requirements outlined in the HIPAA Standards and all guidance issued by the Secretary.
- h) Business Associate recognizes that violation of any HIPAA Standard by Business Associate may subject Business Associate to civil and criminal penalties, including those set forth in 42 U.S.C. § 1320d-5 and 1320d-6 and Subparts C-E of 45 C.F.R. Part 160 ("Enforcement Rule").
- i) Business Associate shall not, and shall ensure that its subcontractors do not, directly or indirectly receive any remuneration in exchange for any PHI unless approved in advance in writing by the Covered Entity in accordance with the HIPAA Standards.
- j) Business Associate shall not, and shall ensure that its subcontractors do not, engage in any marketing or fundraising that uses or discloses PHI.

- k) Business Associate shall respond to and shall assist the Covered Entity with responding to an investigation or compliance audit by the Secretary, or an action by an attorney general having jurisdiction involving PHI subject to this Agreement.
- l) To the extent that Business Associate is to carry out one or more of Covered Entity's obligations under Subpart E of 45 C.F.R Part 164 ("Privacy Rule"), Business Associate shall comply with such requirements that apply to Covered Entity in the performance of such obligations.
- m) Business Associate shall not create, receive, maintain, or transmit PHI outside of the United States or its Territories.

3. Term and Termination

- a) Term. The Term of this Business Associate Agreement shall be effective as of the effective date of the Agreement and shall terminate when all of the PHI maintained by Business Associate on behalf of Covered Entity is properly and completely destroyed or returned to Covered Entity, or, if it is infeasible to return or destroy the PHI, protections are extended to such PHI in accordance with the termination provisions in this section.
- b) Termination for Cause. Upon Covered Entity's knowledge of a material breach of this Business Associate Agreement by Business Associate, Covered Entity shall provide an opportunity for Business Associate to cure the breach or end the violation, and Covered Entity shall terminate the Agreement if Business Associate does not cure the breach or end the violation within the time specified by Covered Entity, or immediately terminate the Agreement if Business Associate has breached a material term of this Business Associate Agreement and cure is not possible, as determined by the Covered Entity in its reasonable discretion.
- c) Effect of Termination.
 - (1) Except as provided in subparagraph (2) of this subsection (c), upon termination of the Agreement or this Business Associate Agreement, for any reason, Business Associate shall return or if authorized by Covered Entity, destroy all PHI maintained by Business Associate on behalf of Covered Entity. This provision shall apply to PHI that is in the possession of subcontractors of Business Associate. Business Associate shall retain no copies of the PHI.
 - (2) In the event that Business Associate determines that returning or destroying the PHI is infeasible, Business Associate shall provide to Covered Entity notification of the conditions that make return or destruction infeasible. The Business Associate shall extend the protections of this Business Associate Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible. Business Associate shall not use or disclose such PHI and shall maintain its security pursuant to this Business Associate Agreement for so long as Business Associate maintains such PHI.

- (3) The parties hereto understand and agree that the terms of this Business Associate Agreement are reasonable and necessary to protect the interests of the Covered Entity and the Business Associate. The parties further agree that the Covered Entity would suffer irreparable harm if the Business Associate breached this Business Associate Agreement. Thus, in addition to any other rights or remedies, all of which shall be deemed cumulative, the Covered Entity shall be entitled to obtain injunctive relief to enforce the terms of this Business Associate Agreement.

4. Miscellaneous

- a) Survival. The respective rights and obligations of Business Associate under Section 4(c) of this Business Associate Agreement shall survive the termination of this Business Associate Agreement.
- b) Indemnification. Business Associate agrees to indemnify, defend, and hold harmless the Covered Entity from any and all loss, liability, damage, cost, and expense, including without limitation civil monetary penalties, monetary settlements, fines, damages as a result of attorney general enforcement, and attorneys' fees resulting or arising from use or disclosure of PHI; breach of this Business Associate Agreement, or violation of the HIPAA Standards by Business Associate or its subcontractors, agents or employees made on the advice, request, or direction of Covered Entity, provided that Business Associate shall not indemnify Covered Entity for any act or omission made on advice, request or discretion of Covered Entity. This section 4(b) shall survive termination of this Business Associate Agreement.
- c) Insurance. Business Associate shall maintain insurance on a claims-made basis (with tail coverage for no less than three (3) years) with coverage in an amount equal to at least one million dollars (\$1,000,000) per claim and three million dollars (\$3,000,000) in the aggregate covering claims subject to indemnification pursuant to Section 4(b) above.
- d) Interpretation. Any ambiguity in this Business Associate Agreement shall be resolved in favor of a meaning that permits Covered Entity to comply with the HIPAA Standards.
- e) No Private Cause of Action. This Business Associate Agreement is not intended to and does not create a private cause of action by any individual, other than the parties to this Business Associate Agreement, as a result of any claim arising out of the breach of this Business Associate Agreement, the HIPAA Standards or other state or federal law or regulation relating to privacy or security.
- f) Amendment. In the event that any law or regulation is enacted or promulgated regarding the protection of health information that is in any way inconsistent with the terms of this Business Associate Agreement or that interferes with Covered Entity's obligations with respect to the protection of health information so as to warrant a modification to this Business Associate Agreement or in the event any HIPAA Standard is amended or modified, the Covered Entity shall have the right to amend this Business Associate Agreement to effectuate such change by providing notice thereof to Business Associate but without having to obtain Business Associate's consent thereto. Except as set forth

above in this Section 5(f), this Business Associate Agreement shall only be amended or modified upon written consent of the parties.

- g) Application of State Law. Where any applicable provision of State law relates to the privacy or security of health information and is not preempted by HIPAA, as determined by application of the HIPAA Standards, the parties shall comply with the applicable provisions of State law.
- h) Severability. If any provision of this Business Associate Agreement shall be declared invalid or illegal for any reason whatsoever, then notwithstanding such invalidity or illegality, the remaining terms and provisions of this Business Associate Agreement shall remain in full force and effect.
- i) Governing Law. This Business Associate Agreement shall be interpreted, construed, and governed according to the laws of the State in which the Covered Entity maintains its principal place of business. The parties agree that venue shall lie in state courts in the State in which the Covered Entity maintains its principal place of business, without regard to its conflicts of law principles, regarding any and all disputes arising from this Business Associate Agreement.
- j) Notices. Any notice or other communication given pursuant to this Business Associate Agreement must be in writing and (a) delivered personally, (b) delivered by overnight express, or (c) sent by registered or certified mail, postage prepaid, to the address set forth above and shall be considered given upon delivery.

IN WITNESS WHEREOF, the undersigned have executed this Business Associate Agreement as of the Effective Date.
