Ms. Knapp made a MOTION to approve the minutes from the April 10, 2020 Finance Committee Meeting, following a minor correction. Mr. Johnson seconded the motion. Ms. Johnston noted no objections and they were approved with the correction.

March 2020 Financial Review - Kevin Benson, CFO

March began with good volumes and strong revenue in the first half. Covid-19 restrictions began, and revenue drastically declined, with increased expenses, for the second half of the month. Net operating revenue is \$760K short of budget. YTD BRH is ahead of budget \$3M. BOPS increased Telehealth services and has seen increased revenues and decreased no-shows due to this. Infusion therapy continued to do well.

Covid-19 Potential Financial Impact – Kevin Benson, CFO

April ended with about 50% loss in revenue. There were two payments were received in April from the CARES Act totaling about \$2M. BRH's net revenue for April will likely result in a total loss of \$2.5M. The CARES Act funding required an agreement to not balance bill any patients treated for Covid-19 (BRH can bill insurance, but may not request remainder of balance from patient). Elective radiology and other procedures are opening up, and revenue is increasing reflective of this. Emergency department patient day volumes are increasing as well. PPE supplies continue to be okay with the opening of certain operations. The newly created Covid-19 department has identified \$437K in supplies, and \$633K in payroll, attributed to our response efforts.

Next Meeting: June 12, 2020 at 12:00pm via Zoom.

Committee comments: Ms. Knapp expressed gratitude for the ability to recover some of the lost revenue and that the hospital is able to re-open and offer services again.

RE: April Financial Performance

April was a very difficult month financially for Bartlett Regional Hospital as the organization worked through the effects of the Covid-19 pandemic. Patient services that were discontinued in March continued to be unavailable providing services to only inpatient and emergency patients. This resulted in revenue of \$267,000 per day or 53% of the budget target.

As a result of this crises Inpatient Revenue was down 47% and Outpatient Revenue was down 45%. Total Gross Patient Revenue finished 47% under budget or \$7.0 million. This decrease in revenue was mitigated to a degree by a reduction of Deductions from Revenue of \$3.5 million. BRH was able to realize CARES funds from the CMS of \$2.1 million. After all this Total Operating Income finished \$1.3 million under budget.

Expenses exceeded budget by \$420,000 or 5%. This variance was driven by primarily by staff costs and benefits. Many staff continued to be mobilized for pandemic preparedness and others were reassigned or sent home on a low census designation. Staff in the labor pool were assigned to monitor the hospital entrances and the triage tent set up outside the Emergency Room. Other staff have utilized Personal Leave to supplement their pay and keep them whole. This lead to heavy utilization of Non-Productive Pay. This resulted in an Operating Loss of \$1.6 million or -122%. After Non-Operating Income of \$173,000 the Net Loss was \$1,459,000. For the year BRH has a Net Income of \$1.5 million or 1.7%. During the past 2 months BRH has experienced a loss of \$2.7 million attributable entirely to the Covid-19 pandemic.

Other Significant Items:

- BRH continues to process patient bills and reduced Accounts Receivable by \$2.3 million in April
 however much of this reduction was due to the lack of patient encounters in the past 6 weeks. This
 will result in a reduction of future cash collections. On a more positive note BRH received \$5.2
 million in CARES funding on May 1st.
- On-Behalf payments made by the State of Alaska on behalf of BRH are now made on a monthly basis. This funding is now being recorded on a monthly basis and reflects an unbudgeted increase of \$200,000 of Benefit Costs and an offsetting unbudgeted corresponding amount to Non-Operating Revenue.

Dear Mr. Benson:

We have received your letter in accordance with regulations set forth in the Federal Register, Vol. 84, No. 159, published August 16, 2019. Noridian has determined all requirements have been met and your facility has been approved for the low volume payment adjustment for FY 2020.

Per the attached calculation your FY 2020 Low-Volume Percentage Add-On will be: 16.3106 %

This payment adjustment is effective for discharges on and after July 1, 2020. Please contact Erin at 701-282-1480 or erin.pettigrew@noridian.com if you have any questions.

Sincerely,

BARTLETT REGIONAL HOSPITAL JUNEAU, AK #02-0008 Low Volume Payment Adjustment FFY 2020

Purpose: To calculate the low volume payment adjustment (LVPA) for FFY 2020

Source: 42 CFR 412.101 & CR 11361; As-Filed FYE 6/30/19 Cost Report

Scope: Total Discharges < 3,800

Findings: For FFY 2020, provider's that meet the criteria for LVPA will have their applicable percentage

calculated based on the hospital's most recently submitted cost report. For low volume hospitals with 500 or fewer total discharges (Medicare & Non-Medicare) during their fiscal year, the low-volume hospital payment adjustment is an additional 25 percent for each Medicare discharge. For low volume hospitals with total discharges during the fiscal year of more than 500 and fewer than 3,800, the adjustment for each Medicare discharge is an additional percent calculated using the formula (95/330) -

(number of total discharges/13,200).

The following calculations will determine the provider's FFY 2020 LVPA.

Most recently submitted Cost Reporting Period Ending 6/30/2019

95 Divided by 330 0 287879

Less

Number of Total Discharges from the provider's most recently submitted cost report p. 2 1,647

Divided by 13,200 0.124773

Provider's FFY 2020 Low Volume Payment Adjustment 0.163106

Conclusion: The provider's low volume payment adjustment has been calculated and is effective 7/1/20.
