2022 Price Transparency

Published 01/01/2022

Per state law (Alaska Statute 18.23.400), beginning January 1st, 2021 we are required to annually post a list of our 10 most frequently billed service codes from the six sections of Category I of the Current Procedural Terminology (“CPT codes”) book, as adopted by the American Medical Association. The six sections are:

Category	CPT Code Range
Evaluation and Management	99201-99499
Anesthesia	00100-01999; 99100-00140
Surgery	10021-69990
Radiology	70010-79999
Pathology and Laboratory	80047-89398
Medical Services & Procedures	90281-99199; 99500-99607

The state department responsible for overseeing this law is the State of Alaska Department of Health and Social Services (DHSS), their website is: <http://dhss.alaska.gov/Pages/default.aspx>.

In adherence to the law, Bartlett Surgery & Specialty Clinic (BSSC) is listing our “undiscounted price.” These prices are taken directly from our fee schedule as of the publication date and are also reported to the Alaska Department of Health & Social Services. These prices may be higher than the amount actually paid for the services received depending on the individual’s circumstance (ie. Insurance Coverage, In-Network Contracts, Medicaid Coverage, Self Pay Arrangements, etc.).

You are entitled, upon request, to receive a good-faith estimate of reasonably anticipated charges for a given nonemergency service(s) prior to receiving those services and no later than 10 days following the receipt of your request. This estimate does not include facility fees or other charges incurred outside of the service rendered by a BSSC provider. This estimate will be provided in the form of your choosing – Orally, Written, or Electronic. BSSC will always provide you with a good-faith estimate when/if a surgical procedure is proposed. For estimate accuracy, BSSC is unable to provide surgical estimates without completion of the physician’s surgical orders.

Please do not hesitate to ask any questions.
Our billing office may be reached directly at 907-796-8794.

Bartlett Surgery & Specialty Clinic

TIN - 800143880

We also have a brand new Price Estimate tool that can be accessed via our Bartlett Regional Hospital website or by visiting <https://bartlett.msph.recondohealth.net/#/>.

We are considered an “In-Network Provider” under your insurance policy if your Insurance Card shows any of the following:

Aetna, Premera Blue Cross Blue Shield of Alaska, Moda Health, Veterans Choice Program, and Tricare. We also accept Medicare and Medicaid. For all other insurances, we are considered out-of-network and do not maintain contractual relationships that may reduce the price of our services, but our services are extended to everyone, regardless of their coverage.

Bartlett Surgery & Specialty Clinic

- Professional Fee Schedule -
