CELEBRATING 30 YEARS OF COMMUNITY PHILANTHROPY

## BOARD OF TRUSTEES PRESIDENT REPORT

### CRAIG SIEVERTSEN

At the November 13<sup>th</sup> Celebration of Giving, the Community Foundation's annual presentation to our community about the state of the Foundation, we celebrated our 30<sup>th</sup> Anniversary with four founders present – Pete Peery, John Reese, Art Griff and Mary Lou Tillay. These visionaries started the Foundation with \$200,000 in 1984. Since then our assets have grown to over \$38 million, with an additional \$19 million given to charities in our area.

Although there are many nonprofits in our area with “Blue Mountain” in the title, there is only one Blue Mountain

2013-2014, my first year at the Community Foundation, was one of discovery and exploration, problem-solving and joy. I am pleased to report that the condition of the Community Foundation is strong, and that we are poised for even greater growth and achievement in the coming years.

During 2013-2014, the Community Foundation grew in funds granted, scholarships made, more donor advised funds, designated funds and other endowments, more agency funds and grew the endowment. At the end of the fiscal year, our large investment pool returned 15.8% (net of fees).

We continued to be part of the Bill and Melinda Gates Foundation's Building Community Philanthropy initiative, regranteeing funds to local

charities to address intergenerational poverty. The J.L. Murdock Charitable Trust multi-year grant continued to support the expansion of our administrative capabilities. This has been critical to our ability to sustain growth with excellence. Our real assets, the Lamar Farm and gravel pit, continued to generate significant funds for scholarships. We were at the table for community-wide collaborations on hunger, homelessness, early childhood education, mental health, healthy youth and trauma-informed youth services. We also affirmed that our service area extends to the entirety of Umatilla County, Oregon.

The Celebration of Giving this year featured presentations from speakers about their personal experiences with different facets of the Foundation: Peter Harvey on

Community Foundation.

What sets us apart from other nonprofits is that our timeline is limitless and our mission is broad. We amplify our region's charitable assets by pooling, investing & encouraging people to leave a legacy in the Blue Mountain region through the Community Foundation. Our challenge is to get the word out about the Community Foundation and why it is special. We do not seek growth for the sake of growth – we seek growth so that we can give more scholarships, more grants, and solve more problems.

The Board of Trustees is proud of the work the Foundation has done in the past year, and that even with the changes last year, we haven't missed a beat. We say farewell to Trustees Dan Reid, Leslie Brown, and Laure Quaresma. Each played a major role on the Board. We look forward to new Trustees Tim Kennedy (Athena), Mindy Nelson (Walla Walla), and Chris Drabek (Walla Walla) joining us starting in 2015.

## EXECUTIVE DIRECTOR'S REPORT

### KARI ISAACSON

investment performance, John Jamison on his and Katherine Wildemuth's donor advised fund, Terry Nealey on the Dayton/Columbia County Washington Fund and attorney Bertha Clayton on scholarships.

New staff joining the Foundation this year were Joan Consani, Director of Finance and Casey Richards-Moller, Donor Services Associate. We were fortunate to have Joan Aragone come out of retirement to assist us during this year of change and transition.

We are all looking forward to working with you on behalf of the community in the coming year!

## OVERCOMING CHALLENGES

Gabriela is the first person in her family to not only attend college, but to graduate. She has received a Bachelor's Degree and is pursuing her Master's Degree in Education.

Her parents emigrated from Mexico in search of a better future for their family. With the support of her family and great teachers, Gabriela looked forward to going to school every day.

One of the biggest challenges Gabriela encountered as she approached high school graduation was the lack of knowledge about applying for college and financial assistance. With the help of

an advisor at Walla Walla Community College, Gabriela applied for a merit based scholarship and got it! This scholarship helped Gabriela fulfill her dream of graduating with a Bachelors degree from Whitman College.

In the Spring of 2014, Gabriela again sought financial assistance for graduate school.

In May, 2014, the Blue Mountain Community Foundation awarded Gabriela

a \$3,000 scholarship from the Donald C. & Ruth F. Roff Fund. Gabriela is currently enrolled at Walla Walla University pursuing her dream to teach at an international school.

## COMMUNITY IMPROVEMENT

Pomeroy School District applied for and received a discretionary grant for \$5,000 for it's Elementary After-School Program. On average 14 students receive a nutritious snack, tutoring, and enrichment activities after school.

Teachers and staff noticed one of the most significant impacts of the program was the trust and confidence developed by the most needy children. Having 2 hours with

supportive and caring adults truly impacted the lives of the children enrolled. For some of the children this was the only educational support received outside of the classroom. Due to the consistent and positive atmosphere, the children improved in learning and displayed fewer behavioral problems.

During the summer of 2014, Blue Mountain Community Foundation granted \$2,000 to the Eastern Washington Autism Spectrum Disorder Association to help send 12 children with autism to summer camp.

## IMPACTING LIVES

During these two week the children had opportunities to learn new skills such as using public transportation and shopping for healthy foods, among others. They also had tons of fun swimming, bowling, visiting the library, and much more.

At the end of the summer, campers said "I wish summer camp would never end."
