## REPORT

Welcome to the Blue Mountain Community Foundation Annual Report for 2015-2016 FY.

The Community Foundation is action-oriented: making grants and scholarships as well as investing its knowledge, people, relationships and data to improve our region through partnerships with others.

Here's a few:

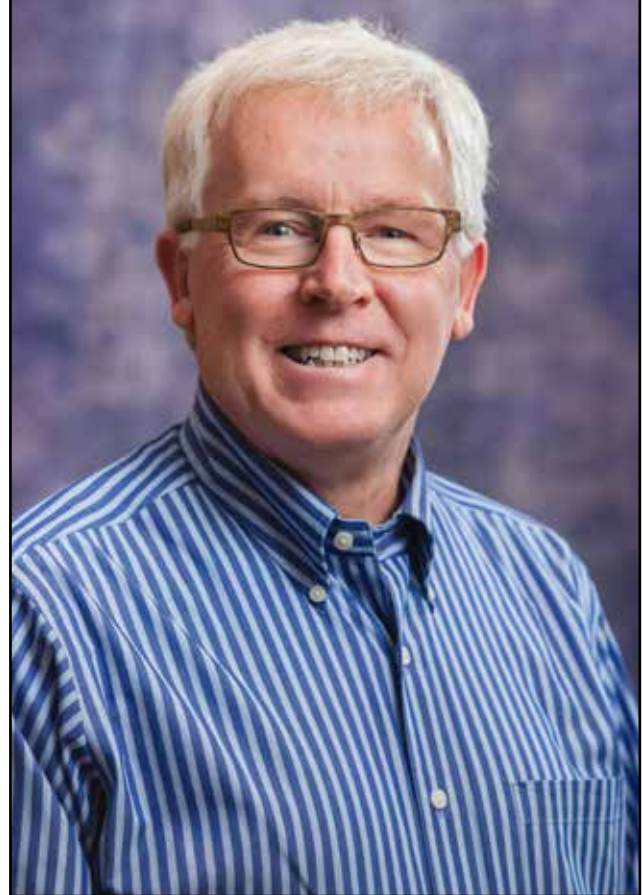

- The Children's Resilience Initiative's Investors' Group, composed of community representations from business, government, nonprofits, the penitentiary, education and other stakeholders. CRI works to imbue education, social services, public safety and criminal justice with an understanding of Adverse Childhood Experiences (ACES) on children and youth and our community. A recent New York Times article highlighted Walla Walla's community-wide approach to helping people with ACES. See "How Community Networks Stem Childhood Traumas" 8/17/2016
- The Data Walk project along with Sherwood Trust, the Community Council and Walla Walla County Department of Community Health. Commissioned from the Washington Center on Budget and Policy in Olympia, the report summarizes the state of education, health, employment and other indicators for Columbia, Walla Walla and parts of Umatilla counties. The report was published in September 2016.
- The Community Conversations taking place in Dayton, Waitsburg, Walla Walla and Milton-Freewater. BMCF is a co-sponsor with Sherwood Trust, United Way of Walla Walla, the Community Council and other partners. Each community is identifying the most important treasures and ways our region can be improved.

I share these initiatives to illustrate the evolving role of the Community Foundation. BMCF is a tremendous resource that the Board, volunteers and staff are working diligently to grow for the good of our communities. The Annual Report is a snapshot of one year where much progress was made.

## REPORT

Summer of 2015 saw the “Gentlemen of the Road” three day outdoor concert featuring Mumford and Sons in Walla Walla. An estimated 20,000 people heard bands such as Foo Fighters and Imagine Dragons on the adjoining grounds of DeSales Catholic School and Whitman College. Thousands camped across Highway 12 on Walla Walla’s public golf course. Talk about energy, excitement and action! And it all worked beautifully.

Since the concert, and after everyone involved recovered from months of planning and activities to prepare for it, there have been a series of articles about the experience. Across organizations and sectors – city, county, business, and nonprofit organizations – there has been realization that hey, when we work together we are capable of great things. Such as preparing a party, and safely, for over 20,000 visitors by a town of 35,000. And the things we can accomplish together are larger than we thought.

This has energized a whole host of people to continue to work together to improve our region. We are thinking regionally – for the Community Foundation that means from Pomeroy in Garfield County to Umatilla County’s Milton-Freewater, Athena and Weston near the stateline to Hermiston, Pendleton and other towns further South. Some of our partners define the region slightly differently, but the point is that the Oregon/Washington state line does not define the region.

All of our economies and many of our institutions are tied together. SE Washington and NE Oregon ship grain down the Columbia River for worldwide distribution; Railex ships cargo by rail -- particularly wine --all over the U.S., people work in one town or state and live in another, students skip lightly over county and state lines to attend colleges in order to obtain the best education for them.

BMCF saw real growth in 2015-2016 in all parts of our region. We are proud of the new Warren Community Action Fund. The children of Robert and Nadine Warren, long-time producers in Columbia County, have established a \$1 million fund at BMCF to benefit primarily Dayton and Columbia County as well as Waitsburg and Walla Walla County. The Fund is a family affair with several generations involved in grantmaking. We are excited to see the impact this Fund will have in our region and beyond.

Working at the Community Foundation is a privilege and a joy – one never knows what each day will bring. Most days we’re in the thick of donations, grants and scholarships. I feel that I get to see people at their best - when they are thinking of others and helping their communities through philanthropy, and to see them enjoying every minute of it.

A handwritten signature in cursive script that reads "Kari Isaacson".

**KARI ISAACSON**

*Executive Director*

## SUMMIT SOCIETY

The Summit Society recognizes individuals and couples who have named Blue Mountain Community Foundation as the beneficiary of any type of planned or deferred gift, including bequests. The purpose of the Summit Society is to thank those who have made these gifts as well as to encourage and inspire others to do the same.

# Habitat support for areas affected by Wind Turbines – Puget Sound Energy and PGE

Alternative energy in the form of wind turbines is located throughout the eastern Columbia Gorge and in Umatilla, Garfield and Columbia counties. Two utilities, Puget Sound Energy and PGE (Portland General Electric), have established funds at Blue Mountain Community Foundation to support habitat projects in Garfield and Columbia counties, respectively. These alternative energy sources make significant contributions to the economies of these two counties and the region. Local committees in each county review proposals and recommend projects from these funds to Blue Mountain Community Foundation Board.

Puget Sound Energy created the Puget Sound Energy Lower Snake River Wind Habitat Project Fund at the Community Foundation to protect and enhance habitat in Garfield County. The first project supported by the fund was to eradicate invasive species in the county and improve water sources for wildlife on 350 acres west of Highway 127 in Garfield County.

Portland General Electric established the PGE Tucannon River Wind Habitat Project Fund in September, 2015 in order to help protect and enhance habitat of Columbia County impacted by construction on 61 acres on the Tucannon River Wind Farm. Funds will be annually distributed in order to support projects aimed to help with conservation and preservation efforts.

## The Joy of Giving:

"Jill and I have been grateful to be in partnership with The Blue Mountain Community Foundation. We have a Donor Advised Fund, and it is an excellent process for us to help meet a need in our community, or other communities in which I travel to. Much of our Phoenix Fund is invested back into our community through our outreach with Lincoln Alumni students. Jill and I have had the joy of providing Lincoln's scholarship committee with funds to support graduates as they pursue their career choice. It has been a blessing for us to support Hope Heals and the wonderful work that Annett Bovent is doing in our community, as well as supporting the Health Center and their mission to serve Lincoln and Blue Ridge with excellent mental and physical services. The team at Blue Mountain Community Foundation has been great to work with, and we hope to have a long-term relationship."

Jim Sporleder, Phoenix Fund Advisor

# Commitment to Community

Over ten years ago residents of the Edith/Carrie area of Walla Walla, near the Penitentiary, were asked about the issues confronting their neighborhood, one of the lowest income neighborhoods in our area. Initially, the problems identified were too many rabbits and too many loose dogs. Rabbits ate gardens, and dogs presented a public health dilemma.

Thus a conversation began with local leaders and residents to address how best to empower neighbors to tackle local challenges. Out of that dialogue, Commitment to Community was born as a program under the umbrella of the Blue Mountain Action Council to engage neighbors. Over the years, Commitment to Community has partnered with residents, other local funders like Sherwood Trust, and community volunteers to identify problems, prioritize issues, and take action to create new public spaces, public infrastructure improvements, and new opportunities and connections with organizations for residents.

Today the program works primarily in the Washington Park, Blue Ridge, and Edith/Carrie neighborhoods of Walla Walla. Improvements are both visible and invisible. Neighborhoods are cleaner, greener, quieter and safer. There are parks and playgrounds, a community center in Edith/Carrie, new streets and sewer/water systems, lower crime. And definitely the rabbit and loose dog problems have been solved.

J. Andrew Rodriguez became director of the program in 2015, and has increased the visibility of this program and raised the voices of area residents throughout the Blue Mountain Region. Blue Mountain Community Foundation has been able to give over \$176,000 to this project since 2008 thanks to the generous funding received from Vista Hermosa Foundation's First Fruits program and the Bill and Melinda Gates Foundation's Building Community Philanthropy initiatives. Other BMCF funds have also supported Commitment to Community.

The program truly empowers and connects residents, many of whom are immigrants whose first language is Spanish, with the larger communities and systems in the area. We are enriched by this work, and proud to continue to support Commitment to Community.

# Lamar Farm - A Gift In Perpetuity

The Walla Walla Valley is home to many farms that can trace their roots to the late 1800s. The Valley is rich in many ways, including the productivity of the land, whether wheat, vegetables, fruit or wine grapes. Some farms produce an extra gift-scholarships!

The Community Foundation's Lamar Farm dates back to 1863. Through his will, James N. Lamar made sure the farm remained in production, that the family name was kept alive, and that revenue from the farm supported scholarships.

Inspired by the success of this arrangement, the Community Foundation has begun a program encouraging gifts of agricultural land. Now, producers have the option of donating their land to the Community Foundation and dedicating its revenue to the good of the community in perpetuity. The family's name will continue to be associated with the land, and the land in production.
