This message is for the Bozeman Health leadership team from the Highland Park and Big Sky Pharmacy teams.

Bozeman Health Pharmacies Add Curbside Pick-up and Mail-Order for Prescriptions

Here's what's happening...

Highland Park Pharmacy at Deaconess Hospital and Big Sky Pharmacy at Big Sky Medical Center are now offering curbside pick-up and mail-order prescriptions. Anyone with a new or refill prescription can call Highland Park Pharmacy at 406-414-1030 or Big Sky Pharmacy at 406-995-6500 to request either option.

A credit card number will be required to be given over the phone for payment of copays but mailing of the prescriptions is free. All those picking up curbside will be able to pay with credit card via mobile device.

People wishing to have their prescriptions brought to them in their cars at the curb in front of Highland Park Pharmacy or Big Sky Pharmacy simply have to call when arriving at the curbside.

Any community member wishing to transfer their prescription to Highland Park Pharmacy or Big Sky Pharmacy can do so by calling the pharmacies directly.

Highland Park Pharmacy: 406-414-1030

Big Sky Pharmacy: 406-995-6500

Here's why...

Bozeman Health encourages social distancing and ensuring our patients and community members have safe, easy access to their needed medications and prescriptions is a high priority.
