March 22, 2020

This message is for the all Bozeman Health employees from Incident Command.

Door Restrictions at Bozeman Health Locations**Here's what's happening...**

Starting Monday, March 23, 2020 only critical entrances to all Bozeman Health facilities will be **OPEN** to ALL staff, patients, visitors and vendors.

Here's why...

Enhanced infections screenings will be taking place for ALL staff, patients and visitors at every **OPEN** Bozeman Health entrance at all times.

Here's what you need to do...

Please communicate open entrances and hours to your teams, patients, visitors and vendors. Example scripting for a patient with a scheduled appointment could be, *"We are looking forward to seeing you next week. In the past, you have likely entered through Entrance 8. For your appointment next week, you'll use Entrance 7 and someone will take your temperature, ask you questions related to respiratory health, and confirm your destination. Let us know if you have any questions or concerns."*
