You can find detailed information about each plan, including a breakdown of costs, in each plan's Summary of Benefits and Coverage (SBC). The SBCs summarize important information about your health coverage options in a standard format to help you compare costs and features across plans. MEDICAL BENEFITS

Quality health coverage is one of the most valuable benefits you enjoy as a Bozeman Health employee. Our benefits program offers plans to help keep you and your family healthy and also provide important protection in the event of illness or injury.

Medical

Bozeman Health will be providing two plan options administered by Blue Cross Blue Shield of Montana (BCBSMT). The options are the Gallatin High Deductible Health Plan (HDHP) and the Madison (PPO) Plan.

Both plans will feature a three-tier network- Tier 1 is the Bozeman Health Partners Network, Tier 2 is BCBSMT PPO, Tier 3 is Out of Network. You can minimize your cost sharing by utilizing Bozeman Health Partners Network providers where available. All plans offer you the flexibility to choose your provider along with access to BCBSMT's broad network of providers.

Madison Plan members will pay \$0 co-pay when seeing a Bozeman Health therapy provider for Physical Therapy and Occupational Therapy Services.

Please refer to your Summary of Coverage (Madison Plan Summary of Coverage and Gallatin Plan Summary of Coverage) booklet for details on services, including out of network payment.

Additional Programs

Launching in 2022, Bozeman Health will be offering care management programs. Look for additional information to be announced on MIND.

Balance your out-of-pocket and paycheck costs with a moderate deductible and premium cost?		X

Health Savings Account (HSA)

If you enroll in the Gallatin HDHP, you are eligible to open an HSA. An HSA is a tax-free savings account you can use to pay for eligible health expenses anytime, even in retirement.

How does an HSA work?

- **Build tax-free savings for health care.** You can make before-tax deductions from your paycheck into your HSA, allowing you to save money by using tax-free dollars to pay for eligible medical, prescription, dental, and vision expenses. The total amount that can be contributed to your HSA each year is limited by the IRS. The following limits are for 2022 :
 - Up to \$3,650 for employee-only coverage.
 - Up to \$7,300 if you cover dependents.
 - Add \$1,000 to these limits if you're age 55 or older.
- **Keep your money.** Unlike an FSA, the money in your HSA is always yours to keep and can be rolled over from year to year. You can take your unused balance with you when you retire or leave Bozeman.
- **Use it like a bank account.** Pay for eligible medical, prescription, dental, and vision expenses for yourself and your family by swiping your HSA debit card, or reimburse yourself for payments you've made (up to the available balance in your account). Keep in mind that you may only access money that is actually in your HSA when making a purchase or withdrawal. There's no need to turn in receipts (but keep them for your records).
- **Earn interest and invest for the future.** Once your interest-bearing HSA reaches the \$2,000 minimum balance, you can invest in a variety of mutual funds similar to 401(k) investments. You can learn more at www.HealthEquity.com or call 1-866-346-5800.

- **Triple tax advantage.** Contributions are made on a pre-tax basis, and your withdrawals are not subject to federal income taxes when used for eligible expenses. Any interest or earnings on your HSA balance build tax-free, too.*

Money in an HSA grows tax-free and can be withdrawn tax-free if it is used to pay for qualified health care expenses (for a list of eligible expenses, see IRS Publication 502, available at www.irs.gov). If money is used for ineligible expenses, you will pay ordinary income tax on the amount withdrawn plus a 20% penalty tax if you withdraw the money for ineligible expenses before age 65. After age 65, withdrawals for ineligible expenses are only subject to ordinary income tax. Please review your state regulations as you may have to pay state taxes depending on your residency.

Health Equity currently administers the HSA accounts on a payroll deducted basis. It will take up to 2 weeks for contributions to post to the account. There is a \$2.95 administration fee per month that is collected directly from your account.

HSA eligibility

In order to establish and contribute to an HSA, you:

- Must be enrolled in a high deductible health plan, like Bozeman's Gallatin HDHP.
- Cannot be covered by any other medical plan that is not a qualified high deductible plan. This includes a spouse's medical coverage unless it's an HSA-qualified plan.
- Cannot be enrolled in a traditional health care FSA in 2022.
- Cannot be enrolled in Medicare, including Parts A or B, Medicare, or TRICARE.
- Cannot be claimed as a dependent on another person's tax return.
- Cannot be a veteran who has received treatment, other than preventive care, through the Department of Veterans Affairs within the past three months.

Flexible Spending Accounts (FSAs)

Tax-advantaged FSAs are a great way to save money. The money you contribute to these accounts comes out of your paycheck without being taxed, and you withdraw it tax-free when you pay for eligible health care and dependent care expenses.

Bozeman offers you the following FSAs:

Health Care FSA

- Pay for eligible health care expenses, such as plan deductibles, copays, and coinsurance.
- Contribute up to \$2,850 and you must contribute a minimum of \$100 annually to participate.
- Bozeman allows up to \$570 rollover of remaining health FSA funds into the new benefit year as long as an health FSA account is elected in the subsequent year

Dependent Care FSA

- Pay for eligible dependent care expenses, such as day care for a child or adult dependent care, so you and/or your spouse can work, look for work, or attend school full time.
- Contribute up to \$5,000 in 2022, or \$2,500 if you are married and file separate tax returns. Minimum election is \$120 annually to participate.

Estimate carefully

Keep in mind, FSAs are “use-it-or-lose-it” accounts. You will forfeit any amount above \$500 remaining in the health care FSA account at the end of the plan year and any money remaining in the dependent care FSA account.

HSA vs. Health Care FSA: What’s the difference?

	HSA	Health Care FSA
Available if you enroll in a ...	Gallatin HDHP	Madison PPO Plan
Eligible for company contributions	Yes	No
Change your contribution amount any time	Yes	No
Access your entire annual contribution amount from the beginning of the plan year	No	Yes
Access only funds that have been deposited	Yes	No
“Use-it-or-lose-it” at year-end	No	Yes
Money is always yours to keep	Yes	No

The FSA accounts are currently administered by Health Equity. There is a \$3.96 per month administration fee, for one or bother account that will be collected pre-tax from your paycheck.

When you enroll in a Health Care FSA, you will receive a debit card, which you can use to pay for eligible expenses. Depending on the transaction, you may need to submit receipts or other documentation to your FSA administrator.

What’s an eligible expense?

HealthCare FSA – Plan deductibles, copays, coinsurance, and other health care expenses. To learn more, see IRS Publication 502 at www.irs.gov.

Dependent Care FSA – Child day care, babysitters, home care for dependent elders, and related expenses. To learn more, see IRS Publication 502 & 503 at www.irs.gov/publications

Don't have a personal doctor? You should. Here's why.

- **Better health.** Getting the right health screenings each year can reduce your risk for many serious conditions. And remember, preventive care doesn't cost you anything.
- **A healthier wallet.** A PCP can help you avoid costly trips to the emergency room. Your doctor will also help coordinate specialist care, if needed.
- **Peace of mind.** Advice from someone you trust means a lot when you're healthy, but it's even more important when you're sick.

Get care from your couch

When you don't feel well, or your child is sick, the last thing you want to do is leave the comfort of your home to sit in a crowded waiting room full of other sick people. A virtual consultation, included as a covered service under your medical plan, lets you consult with a doctor from the comfort of your home or office without an appointment. When you seek care through virtual visits, you'll pay a flat copay amount, similar to an office visit. Consider a virtual visit when your doctor isn't available, you become ill while traveling, or you're considering visiting a hospital emergency room for a non-emergency health condition. Go to <https://www.b2virtualcare.com> to schedule a visit. Use promo code FLUBZN2020.

Have you named a beneficiary?

The beneficiary will receive the benefit paid by a policy in the event of the policyholder's death. It's important to designate a beneficiary and keep that information up-to-date. Visit www.myworkday.com/wday/authgwy/bozemanhealth/login.html to add or change a beneficiary.

Worksite Benefits

Bozeman Health Services offers Aflac as a voluntary benefit option for benefit eligible employees. Aflac pays benefits directly to employee, regardless of other coverage you may have, and the benefit paid can be used as you see fit. All Aflac plans are portable. You can take these plans with you when you leave or retire at the same rate you pay now.

Aflac Accident

You can't always avoid accidents — but you can help protect yourself from accident-related costs that can strain your budget. Accident insurance supplements your primary medical plan and disability programs by providing cash benefits in cases of accidental injuries. You can use this money to help pay for uncovered medical expenses, such as your deductible or coinsurance, or for ongoing living expenses, such as your mortgage or rent. Benefits are paid in addition to other coverages you may have, such as medical or an AD&D plan. Aflac Accident coverage covers you and your dependents 24/7. Aflac Accident Insurance is guaranteed issue (no underwriting is required to qualify for the coverage). Coverage includes a \$60 wellness benefit per year, per family.

Aflac Critical illness

This plan protects against the financial impact of certain covered illnesses such as a heart attack stroke, major organ transplant, or renal failure. You receive a direct lump-sum benefit to cover out-of-pocket expenses for your treatments that are not covered by your medical plan. You can also use the money to take care of your everyday living expenses, such as housekeeping services, special transportation services and day care. Employees can purchase up to a \$100,000 policy. Family coverage is also available.

Aflac Hospital indemnity

A trip to the hospital can be stressful, and so can the bills. Even with a major medical plan, you may still be responsible for copays, deductibles, and other out-of-pocket costs. A hospital indemnity plan provides supplemental payments directly to you — unless assigned to someone else — that you can use to cover expenses that your medical plan doesn't cover for hospital stays. All hospital confinements are covered including routine child birth.

Aflac Short Term Disability

Aflac Short Term Disability offers up to 60 percent of monthly income replacement if you miss work due to an accidental injury, illness or maternity. Accidents are covered from the 1st day of disability. Illness and maternity are covered after 7 or 14 days, your choice at time of enrollment.
