The SBCs summarize important information about your health coverage options in a standard format to help you compare costs and features across plans. The SBCs are available on MIND [https://mind.bozemanhealth.org/departments/HumanResources/benefits/SitePages/Home.aspx](https://mind.bozemanhealth.org/departments/HumanResources/benefits/SitePages/Home.aspx).

Quality health coverage is one of the most valuable benefits you enjoy as a Bozeman Health employee. Our benefits program offers plans to help keep you and your family healthy and also provide important protection in the event of illness or injury.
Bozeman Health provides three plan options administered by Blue Cross Blue Shield of Montana (BCBSMT). The options are the Gallatin High Deductible Health Plan, the Madison Plan, and the NEW Jefferson High Deductible Health Plan.

All three plans feature a three tier network. Tier 1 is the Bozeman Health Partners Network, Tier 2 is the BCBSMT PPO, and Tier 3 is Out-of-Network. You can minimize your cost sharing by utilizing Bozeman Health Partners Network providers where available. All plans offer you the flexibility to choose your provider along with access to BCBSMT’s broad network of providers.

Madison Plan members will pay $0 co-pay when seeing a Bozeman Health therapy provider for Physical Therapy and Occupational Therapy Services.

Please refer to your Summary of Coverage (Madison Plan Summary of Coverage, Gallatin Plan Summary of Coverage, and Jefferson Plan Summary of Coverage) booklet for details on services, including out-of-network payments.

In order to qualify for the 2023 Engaged plan, you must meet the criteria of 200 points earned through our well-being portal by December 31, 2022. Additional information, along with a link to our well-being portal, can be found on MIND.

HEALTH SAVINGS ACCOUNT (HSA)

If you enroll in the Gallatin or Jefferson HDHP, you are eligible to open an HSA. An HSA is a tax-free savings account you can use to pay for eligible health expenses anytime, even in retirement.

HOW DOES AN HSA WORK?

• **Build tax-free savings for health care.**
You can make before-tax deductions from your paycheck into your HSA, allowing you to save money by using tax-free dollars to pay for eligible medical, prescription, dental, and vision expenses. The total amount that can be contributed to your HSA each year is limited by the IRS. The following limits are for 2023:
  - Up to $3,850 for employee-only coverage.
  - Up to $7,750 if you cover dependents.
  - Add $1,000 to these limits if you’re age 55 or older.

• **Keep your money.**
Unlike an FSA, the money in your HSA is always yours to keep and can be rolled over from year to year. You can take your unused balance with you when you retire or leave Bozeman Health.

• **Use it like a bank account.**
Pay for eligible medical, prescription, dental, and vision expenses for yourself and your family by swiping your HSA debit card, or reimburse yourself for payments you’ve made (up to the available balance in your account). Keep in mind that you may only access money that is actually in your HSA when making a purchase or withdrawal. There’s no need to turn in receipts (but keep them for your records).

• **Earn interest and invest for the future.**
Once your interest-bearing HSA reaches the $2,000 minimum balance, you can invest in a variety of mutual funds similar to 401(k) investments. You can learn more at [www.HealthEquity.com](http://www.HealthEquity.com) or call 1-866-346-5800.

• **Triple tax advantage.**
Contributions are made on a pre-tax basis, and your withdrawals are not subject to federal income taxes when used for eligible expenses. Any interest or earnings on your HSA balance build tax-free, too.*

* Money in an HSA grows tax-free and can be withdrawn tax-free if it is used to pay for qualified health care expenses (for a list of eligible expenses, see IRS Publication 502, available at www.irs.gov). If money is used for ineligible expenses, you will pay ordinary income tax on the amount withdrawn plus a 20% penalty tax if you withdraw the money for ineligible expenses before age 65. After age 65, withdrawals for ineligible expenses are only subject to ordinary income tax. Please review your state regulations as you may have to pay state taxes depending on your residency.

Health Equity currently administers the HSA accounts on a payroll deducted basis. It will take up to two weeks for contributions to post to the account. There is a $2.95 administration fee per month that is collected directly from your account.

HSA ELIGIBILITY

In order to establish and contribute to an HSA, you:

• Must be enrolled in a high deductible health plan, like Bozeman Health’s Gallatin or Jefferson HDHP plans.

• Cannot be covered by any other medical plan that is not a qualified high deductible plan. This includes a spouse’s medical coverage unless it’s an HSA-qualified plan.

• Cannot be enrolled in Medicare, including Parts A or B, Medicare, or TRICARE.

• Cannot be claimed as a dependent on another person’s tax return.

• Cannot be a veteran who has received treatment, other than preventive care, through the Department of Veterans Affairs within the past three months.
FLEXIBLE SPENDING ACCOUNTS (FSAS)

Tax-advantaged FSAs are a great way to save money. The money you contribute to these accounts comes out of your paycheck without being taxed, and you withdraw it tax-free when you pay for eligible health care and dependent care expenses.

Bozeman Health offers you the following FSAs:

HEALTH CARE FSA
• Pay for eligible health care expenses, such as plan deductibles, copays, and coinsurance.

• Contribute up to $3,050* and you must contribute a minimum of $100 annually to participate.

• Bozeman allows up to $500 rollover of remaining health FSA funds into the new benefit year as long as an health FSA account is elected in the subsequent year.

DEPENDENT CARE FSA
• Pay for eligible dependent care expenses, such as day care for a child or adult dependent care, so you and/or your spouse can work, look for work, or attend school full time.

• Contribute up to $5,000 in 2023, or $2,500 if you are married and file separate tax returns. Minimum election is $120 annually to participate.

ESTIMATE CAREFULLY
Keep in mind, FSAs are “use-it-or-lose-it” accounts. You will forfeit any amount above $500 remaining in the health care FSA account at the end of the plan year and any money remaining in the dependent care FSA account.

WHAT’S AN ELIGIBLE EXPENSE?
HealthCare FSA – Plan deductibles, copays, coinsurance, and other health care expenses.
To learn more, see IRS Publication 502 at www.irs.gov.

Dependent Care FSA – Child day care, babysitters, home care for dependent elders, and related expenses.
To learn more, see IRS Publication 502 & 503 at www.irs.gov/publications.

*Current (2022) IRS limits; 2023 plan year limits were not available when this guide was printed.

The FSA accounts are currently administered by Health Equity. There is a $3.96 per month administration fee, for one or both account that will be collected pre-tax from your paycheck.

When you enroll in a Health Care FSA, you will receive a debit card, which you can use to pay for eligible expenses. Depending on the transaction, you may need to submit receipts or other documentation to Health Equity.

KNEE AND HIP JOINT REPLACEMENT

The Bozeman Health Medical Plan has partnered with Bozeman Health Spine + Joint Institute to provide the best possible care for you.

“I’M PLANNING TO HAVE A HIP OR KNEE REPLACEMENT.”

YOU’VE MADE A BIG DECISION.
It’s probably a little scary, but you and your surgeon have made this decision possibly because of persistent pain, hoping you can get back to your more normal activity and living an #outdoorhealthylife.

You want to be prepared for surgery. You want the surgery to go well, your discomfort to be controlled, and to be cared for like you’re important. You want a speedy recovery without problems, and want to get back to what you miss.

WE WANT THAT TOO!
WE THINK WE’RE YOUR BEST PARTNER ON THIS JOURNEY.
And we’re ready to stand behind that pledge like you’ve not seen before. The Spine + Joint Institute is a partnership between Bozeman Health and local orthopedic surgeons. Working together means better results and a better experience for you.

We’re prepared to be with you from the beginning to the end, from working through all other options to surgery, preparing for surgery, and helping you recover to your fullest. Our navigators are your resource even if you wondering if joint replacement is right for you.

BUNDLED PAYMENT
We are so confident of our quality, we’re offering your health plan a warranty on your surgery. You and your medical insurance will continue to be billed for services by those involved in your care. Afterwards, the total cost of your care will be compared to our standard total. If it’s above that, we pay back your health plan some of that difference. We are determined to offer healthcare with better value.

If you get a repair to your home, you expect it to work and go right. If it doesn’t, you expect the craftsman to take care of the problem until it’s fixed and you don’t want to keep paying for what should have been done right in the first place. Why should healthcare be different?

MY INSURANCE PLAN BENEFITS FROM THIS NOT ME, RIGHT?
We’re standing behind your results, and with proven steps in place, we’re doing all we can to ensure a good outcome. You’ll have a dedicated nurse, helping you through every step. We’ve designed an evidence-based system specific for knee and hip replacement so that you can get back to doing the activities you love.

CAN I STILL CHOOSE THE SURGEON I WANT?
We’re offering this program for surgeries performed by Bozeman Health Spine + Joint Institute surgeons only at Bozeman Health Deaconess Regional Medical Center and Rocky Mountain Surgery Center. You choose who you see for physical therapy and recovery.

WHAT’S INCLUDED IN CALCULATING COSTS?
Included is all care you receive related to your joint replacement from 30 days before surgery and the 90 days afterward.

WILL QUALITY BE COMPROMISED?
No. Quality and providing safe, expert care is our top priority. With our Spine + Joint Institute being recognized and certified by BCBS and DNV means that we are proven to provide quality care.
HIGH VALUE MEANS PROVIDING HEALTH, NOT JUST HEALTH CARE.

Bozeman Health Spine + Joint Institute and Blue Cross Blue Shield of Montana have worked together on this program and are pleased to offer it you. Bozeman Health Deaconess Regional Medical Center is one of two hospitals in the state recognized with BCBS Blue Distinction+, and the only program in Montana to be a DNV-accredited Orthopedic Center of Excellence.

As a member enrolled in a Bozeman Health medical plan, if you select this program you will receive the following incentives:

- Access to a high quality care team committed to your recovery
- Lower out-of-pocket costs by utilizing Bozeman Health Partner Providers (see Bozeman Health Partners Network)
- 20% employee discount for care received at any Bozeman Health care site

DON’T HAVE A PERSONAL DOCTOR? YOU SHOULD. HERE’S WHY.

• **Better health.** Getting the right health screenings each year can reduce your risk for many serious conditions. And remember, preventive care doesn’t cost you anything.

• **A healthier wallet.** A PCP can help you avoid costly trips to the emergency room. Your doctor will also help coordinate specialist care, if needed.

• **Peace of mind.** Advice from someone you trust means a lot when you’re healthy, but it’s even more important when you’re sick.

GET CARE FROM YOUR COUCH

When you don’t feel well, or your child is sick, the last thing you want to do is leave the comfort of your home to sit in a crowded waiting room full of other sick people. A virtual consultation, included as a covered service under your medical plan, lets you consult with a doctor from the comfort of your home or office without an appointment. When you seek care through virtual visits, you’ll pay a flat copay amount, similar to an office visit. Consider a virtual visit when your doctor isn’t available, you become ill while traveling, or you’re considering visiting a hospital emergency room for a non-emergency health condition.

Go to [www.b2virtualcare.com](http://www.b2virtualcare.com) to schedule a visit.

**HAVE YOU NAMED A BENEFICIARY?**

The beneficiary will receive the benefit paid by a policy in the event of the policyholder’s death. It’s important to designate a beneficiary and keep that information up-to-date. Visit Workday [www.myworkday.com](http://www.myworkday.com) to add or change a beneficiary.
WORKSITE BENEFITS

Bozeman Health offers Aflac as a voluntary benefit option for benefit eligible employees. Aflac pays benefits directly to employee, regardless of other coverage you may have, and the benefit paid can be used as you see fit. All Aflac plans are portable. You can take these plans with you when you leave or retire at the same rate you pay now.

AFLAC ACCIDENT
You can’t always avoid accidents — but you can help protect yourself from accident-related costs that can strain your budget. Accident insurance supplements your primary medical plan and disability programs by providing cash benefits in cases of accidental injuries. You can use this money to help pay for uncovered medical expenses, such as your deductible or coinsurance, or for ongoing living expenses, such as your mortgage or rent. Benefits are paid in addition to other coverages you may have, such as medical or an AD&D plan. Aflac Accident coverage covers you and your dependents 24/7. Aflac Accident Insurance is guaranteed issue (no underwriting is required to qualify for the coverage). Coverage includes a $60 wellness benefit per year, per family.

AFLAC CRITICAL ILLNESS
This plan protects against the financial impact of certain covered illnesses such as a heart attack stroke, major organ transplant, or renal failure. You receive a direct lump-sum benefit to cover out-of-pocket expenses for your treatments that are not covered by your medical plan. You can also use the money to take care of your everyday living expenses, such as housekeeping services, special transportation services and day care. Employees can purchase up to a $100,000 policy. Family coverage is also available.

AFLAC HOSPITAL INDEMNITY
A trip to the hospital can be stressful, and so can the bills. Even with a major medical plan, you may still be responsible for copays, deductibles, and other out-of-pocket costs. A hospital indemnity plan provides supplemental payments directly to you — unless assigned to someone else — that you can use to cover expenses that your medical plan doesn’t cover for hospital stays. All hospital confinements are covered including routine child birth.

AFLAC SHORT TERM DISABILITY
Aflac Short Term Disability offers up to 60 percent of monthly income replacement if you miss work due to an accidental injury, illness or maternity. Accidents are covered from the 1st day of disability. Illness and maternity are covered after 7 or 14 days, your choice at time of enrollment. Benefits do not coordinate with your earned time or EMBH. Aflac offers up to $3,000 monthly benefit guarantee issue (no underwriting required). Monthly benefits over $3,000 is subject to limited health questions.

NEW – METLIFE PET INSURANCE
Bozeman Health is excited to expand your coverage options to your furry friends. With the new direct bill benefit, you can now get pet insurance through MetLife. MetLife offers coverage to any licensed veterinarian in the United States for cats and dogs with options for deductibles, reimbursement levels, and maximums that fit your budget. This guide is intended to describe the eligibility requirements, enrollment procedures, plan highlights, and coverage effective dates for the benefits offered by Bozeman Health. It is not a legal plan document and does not imply a guarantee of employment or a continuation of benefits. While the guide is a tool to answer many of your benefit questions, full details of the plans are contained in the Summary Plan Descriptions (SPDs), which govern each plan’s operation.
