

Meet Andrew McElroy, IV, MD, Board-Certified Interventional Pain Management Specialist

As a physical medicine and rehabilitation physician, Dr. McElroy thrives on working closely with his patients to help them grow and attain total functionality. And with the latest

advances in pain management, there are constant new opportunities for reclaiming functionality with chronic pain patients.

Dr. Andrew McElroy received his medical degree from St. George University School of Medicine, graduating Magna Cum Laude. He completed his internship in internal medicine at Nassau University Medical Center in East Meadow, NY. He served as Chief Resident for Physical Medicine and Rehabilitation at Stony Brook University/St. Charles Hospital, Port Jefferson, NY and completed his fellowship training in Interventional Pain Management at George Washington University, Washington, D.C.
