## Join us for “Boots & Bar-B-Que”

Cass Regional Foundation will host the Boots & Bar-B-Que fundraising dinner and auction on Saturday, June 1, at Big Iron Town in Pleasant Hill, Missouri. Tickets are \$40 each and the fundraising goal is \$60,000. The event will begin at 5:30 p.m. with a social hour and the opening of the silent auction. Live entertainment will be provided by Rich Linden with The Linden Events. A barbecue buffet will be served at 6:30 p.m., followed by a 50/50 raffle drawing and a live auction. Other activities will include a shooting gallery, jail and photo booth.

Proceeds from Boots & Bar-B-Que will be used to develop the Floyd and Franceline Parris Community Trail on land behind the Cass Regional Medical Center campus in Harrisonville.

The trail will be built solely with donated funds, and the estimated project cost is \$585,000.

Thanks to a recent generous bequest from the Franceline Parris Trust, the Foundation has a lead gift of \$150,000 designated to the project, which is named in honor of Mrs. Parris and her husband. Construction on the trail will likely begin in the spring of 2020.

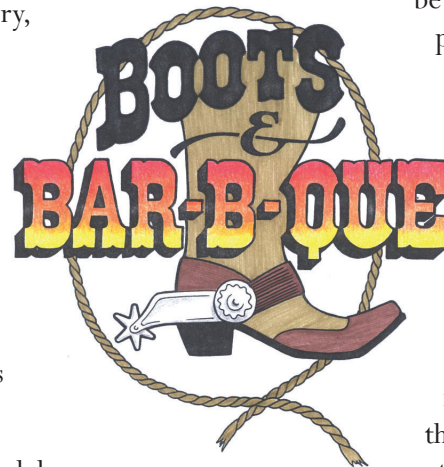

The trail path will be 8-feet wide and have two connecting 1/4-mile loops. A key feature of the trail is that it will be paved and be accessible for disabled patrons who use wheelchairs. There will be minimal

new landscaping, with a focus on native, sustainable plants that provide habitat to wildlife such as butterflies and birds, thereby promoting conservation while providing visual interest to patrons.

The trailhead will feature a small circular parking area with 10 spaces, two of which will offer access for persons with disabilities. There will be a concrete pad to accommodate a portable unisex restroom located near the parking area. Ten benches will be placed along the trail to provide resting points, and at least one gazebo will be constructed to provide shelter.

The trail project is a meaningful way in which Cass Regional Medical Center Foundation can fulfill its mission to further the vision of the medical center, particularly in promoting wellness.
