You have been scheduled for an **Intracranial Ultrasound (Head)**.

An acoustic gel (jelly) will be applied to the head. A small hand held instrument called a transducer will be placed on the head and slowly passed over the area to be examined to obtain images of the intracranial (inside the head) brain structures. Several pictures will be taken for the radiologist (x-ray doctor) to interpret. The exam can take up to about 45 minutes.

There is NO prep for this exam.

- Please bring your insurance, Medicare, or Medicaid cards with you. To ensure accurate billing, the Admitting staff will need to copy these each time you come to CGH Medical Center for service.
- Check with your insurance company to see if the exam/test ordered requires pre-certification or a second opinion.
- Report to the Admitting department 15 minutes prior to your appointment to allow time for your registration.
- If you have any questions about your scheduled exam, please call the Central Scheduling department at 625-3610 between the hours of 7:30 am to 5 pm weekdays. We will be glad to answer your questions.
