## Our Mission

Delivering exceptional patient care by combining outstanding skill with heartfelt compassion

## A MESSAGE FROM THE PRESIDENT

We are pleased to present our annual Report to Our Community. Our focus remains on delivering excellent care with kindness, compassion, and respect. This is accomplished through the combined efforts of over 1,400 highly skilled and dedicated employees. We strive to earn your trust every day.

With the support of our forward-looking Board of Directors, the diligence of our highly skilled physicians, advanced nurse practitioners, physician assistants, caring nurses, and others at the bedside, along with each member of our support team, we are committed to improving the health and well-being of the communities we serve.

Ultimately, all healthcare is personal and comes down to the relationship between you and your physician care team.

That relationship is optimized and strengthened when care is trusted, local, and delivered by people who share in the same set of deeply held values that put patients first. We are continually looking for ways to improve and grow, and hold closely to the belief that decisions about healthcare are best made by people who live and work in the same neighborhoods they serve.

A community hospital and clinics like CGH do not exist without the support of the people we serve. We appreciate you choosing CGH and trusting us with your healthcare needs.

**Paul Steinke, DO**  
President and CEO
