Class Schedule

Capital Region[®]
FAMILY MATERNITY CENTER

An Affiliate of  Health Care

Better. Every day.

Capital Region Medical Center is dedicated to serving families and providing excellent, individualized care.

Services

We believe the birth of your baby is one of the most important events in your lifetime. As each individual is unique, so is each pregnancy and birthing experience.

More moms than ever are choosing Capital Region Medical Center for their childbirth experience. Our obstetrics team is comprised of physicians, nurses and other medical professionals that design a care plan that is right for each individual patient.

The cornerstone of our obstetric care is education and family involvement; promoted throughout the childbirth experience.

In order to enhance the bonding process between parents and infants, all of our patient rooms are beautifully decorated and provide privacy and a homelike comfort. Patients with uncomplicated pregnancies will experience the entire birthing process, labor, delivery, recovery and postpartum (LDRP) in one room.

The Family Maternity Center is located on the second floor, just inside the hospital entrance lobby of the medical center. The unit contains 12 LDRP rooms, level II nursery and a c-section room.

2021 Class Schedule

All classes are FREE of charge. A light snack is provided in all classes.

Beginning Childbirth Preparation

Having a baby is an exciting time. Capital Region Medical Center would like to help you prepare for the birth of your baby. Please join us to learn more about labor, delivery and care of yourself and your new baby. A tour of the OB department is included during this class.

Class is held on Saturdays from 9:00 am-3:30 pm.

- January 9
- May 8
- September 11
- March 13
- July 10
- November 13

Breastfeeding Class

Choosing to breastfeed is one of the healthiest decisions you can make for yourself and your baby. This class is designed for families who are thinking about breastfeeding and/or have already made the decision to breastfeed. We will discuss the benefits of breastfeeding, optimal positioning and latch techniques, and strategies for success. Dads are encouraged to attend.

This class is held on Wednesday evenings from 6:00-8:00 pm.

- January 13
- May 12
- September 8
- March 10
- July 14
- November 10

Sibling Class

This class is currently not being offered due to the COVID pandemic.

Care of the Newborn

Becoming a parent is a time of joy and new experiences. This class will help families learn how to care for their new baby in the early days and weeks after birth. Topics covered will include normal newborn appearance, feeding, diapering, bathing, and infant safety.

This class is held on Wednesday evenings from 6:00-8:00 pm.

- February 10
- August 11
- April 14
- October 13
- June 9
- December 8
