

Memorandum

To: Gold Coast Health Plan Primary Care Providers

From: Kim Timmerman, MHA, CPHQ, Director of Quality Improvement

Re: **ACEs Screening Updates Collaborative Training**

Date: September 2, 2020

Gold Coast Health Plan (GCHP) invites you to participate in a collaborative training on important ACEs (Adverse Childhood Experiences) Screening Updates. The Sept. 16 training will include an overview of the ACEs Aware initiatives and training opportunities, as well as operational updates detailing current state Department of Health Care Services (DHCS) guidelines with billing information for providers. In addition, the in-service will provide practical recommendations for implementing trauma-informed care practices in the clinical setting. We hope that you will join us for this valuable learning opportunity.
