c. Pharmacy Benefit Manager (PBM) Oversight Vendor Contract

Network Operations Director Bennett reviewed the written report, the following items were highlighted. As part of the Consolidated Corrective Action Plan (CAP) received by the Plan from DHCS on September 18, 2013, GCHP was required to increase its delegated oversight review of its delegated contractors, including the Plan's Pharmacy Benefits Manager (PBM) operations. An RFP was issued and five qualified RFPs were received. After the RFPs were analyzed and evaluated, Pro-Pharma was determined to be the lowest cost responsive bidder.

The Commission questioned if this was the only way to handle delegated oversight. CEO Engelhard explained that at this time the Plan does not have experience internally to do this type of oversight.

Commissioner Foy moved to authorize the CEO to execute an agreement with the selected PBM oversight vendor Pro-Pharma, subject to review by legal counsel. Commissioner Laba seconded. The motion carried. **Approved 7-0.**

d. FY 2012-13 Audited Financial Statements (presented by McGladrey)

CFO Raleigh introduced Steve Draxler, a Partner of McGladrey LLP, and Gold Coast Health Plan's external financial auditor.

Steve Draxler reviewed the final audit report and noted that McGladrey agreed with GCHP's management's judgments and accounting estimates for the financial statements presented for the period ending June 30, 2013.

In response to a question from Chair Gonzalez, Steve Draxler confirmed that the results stated in the audited financial statements indicate that GCHP has made significant progress in the past year financially and operationally. For GCHP to have accomplished this level of improvement in just one year is "even more significant."

Commissioner Foy moved to accept the FY 2012-13 Audited Financial Statements. Commissioner Araujo seconded. The motion carried. **Approved 7-0.**

3. ACCEPT AND FILE ITEMS

a. CEO Update

CEO Engelhard reviewed the written report with the Commission. He highlighted the following items:

1. The State has advised GCHP that in a few months they will be scheduling another Medical Loss Ratio (MLR) review audit. The Plan is working with the State to determine the dates when the audit will commence.
2. The Plan is working to implement the new Medical Management System by the scheduled date of December 9, 2013. Commissioners acknowledged that there will always be problems when changing systems. IT Director Scrymgeour confirmed that there is a mitigation plan for possible issues that may arise.

b. September Financials (Unaudited)

CFO Raleigh reviewed the Financial Report and noted that the Executive / Finance Committee recommended approval of the September Financials.

Discussion was held regarding the anticipated increase in membership due to the Healthy Families program transition to Medi-Cal and the Medi-Cal Expansion in January, 2014. GCHP could have more than 130,000 Members within a few months as additional enrollees are expected upon the January 1, 2014 implementation of the federal Affordable Care Act.

In response to questions from Commissioner Araujo regarding the Lines of Credit (LOC) from Ventura County, CFO Raleigh noted that GCHP is accruing interest on the LOCs.

CEO Engelhard added that DHCS determines when GCHP may start paying on the LOCs. GCHP will need to be well above the minimum TNE requirements for a significant period of time in order to demonstrate sustained financial stability before the full LOCs can be repaid to the County.

Commissioner Foy moved to accept and file the CEO Update and Unaudited September Financials. Commissioner Glyer seconded. The motion carried. **Approved 7-0.**
