- Catherine Rodriguez, Ventura County Medical Health System
- Anil Chawla, MD, Physician, Clinicas del Camino Real, Inc.

AGENDA ITEM / PRESENTER | MOTIONS / MAJOR DISCUSSIONS | ACTION TAKEN
--- | --- | ---
1 Call to Order and Pledge of Allegiance Michael Powers | The meeting was called to order at 3:03 p.m. • Pledge of Allegiance | Call to order at 3:03 p.m.
2 Roll Call | All Commissioners present, except Commissioners Araujo, Fankhauser and Jarvis. • A quorum was present. | Commissioner Maurice moved to approve the September 27 2010 minutes; Commissioner Dial seconded the motion then carried.
3 Review and Approval - Minutes September 27, 2010 Michael Powers | The Minutes of September 27, 2010 Commission meeting were presented for review and approval. Commissioner Maurice moved to approve the September 27 2010 minutes; Commissioner Dial seconded the motion then carried. | Approved 7-0.
4 Public Comment / Correspondence | Member of the public, Bob Rossi requested an update on receiving a copy of the Commission Office Lease, to which Interim CEO Stanley responded that the Agreement was currently before the County Board of Supervisors. |
After approval and receipt from the County a copy would be forwarded to Mr. Rossi.

Maria Elena Cruz, Health Education League of America (HELA), Latino Community Advocate, stated that the meeting was not properly Noticed and Agendized as it was not on the WEB until late Friday. She requested that the calendar information on the WEB be easier to read and that the Commissioner contact information be located on the WEB. Ms. Cruz then requested that the Commission change the time of the meetings so working Medi-Cal recipients can participate, possibly Tuesdays or Thursdays after dinner.

Interim CEO Stanley responded that she received confirmation from County IT staff that the Agenda itself was posted timely on the WEB.

David Cruz, HELA President, urged the Commission to broadcast the meetings and stressed that it was essential to broadcast in English and Spanish in order to reach and assist the program recipients. Mr. Cruz then expressed his concern that the Consumer Awareness Campaign Strategy was not comprehensive and did not address all area groups.

Commission Chair Powers informed Mr. Cruz that the Consumer Awareness Campaign Strategy item on the Agenda is only the beginning of the plan and explained that there has been no state funding.

Steve Epstein, Lazer Broadcasting, introduced himself and members of his staff in attendance at the meeting. He explained that Lazer has been serving the Ventura area Spanish community for 20 years and indicated that radio is the primary medium to reach the Spanish speaking. Mr. Epstein then stated that as the leading Hispanic broadcaster in the area he looks forward to working with the Commission.

Carmen Ramirez introduced herself as an Oxnard attorney that often
represents Spanish speaking individuals. She stressed the importance of working together to get everyone involved. There are many citizens in the area that do not participate because they do not speak English. She urged the Commission to disseminate as much information as possible, in English and Spanish.

Jess Gutierrez stated that he worked with the Youth Authority for more than 26 years and as a consultant for a number of entities. He stressed that adequate services must be made available to the Spanish community and believes they are often not afforded the same services. Mr. Gutierrez added that low income, language and education barriers hinder receipt of health services. If health problems are not addressed early, they often cause much more severe problems in the future. Money and services need to be used for and by the groups in which they are intended.

Reverend Ron Threatt spoke to the Commission about community awareness and implementation of the program. The information suggests that there are 110,000 Medi-Cal recipients in the area, but he believes there are far more. The program needs to be broadened; it lacks substance and needs to show how people will be reached. Reverend Threatt urged the Commission not to view individuals in the community that may receive services as users or enrollees, but collaborators for a better system. Consider consumers as stakeholders as they have more to lose. He requested that this be a two way process and needs to be a collaboration of education and services. He expressed his concern that the process was being rushed and would prefer to see the entire package of services. Gold Coast needs to create a Plan that everyone can get involved with. It should not look like other plans, but needs a higher vision. Not speaking for the community, but speaking with the community.

Interim CEO Stanley explained that the other committees will be formed once the CEO is on board and has staff. GCHP will get input from the community for those appropriate to serve on those groups. This Board
| Request for Television Coverage of Scheduled Meetings -Options for Consideration | Request for Television Coverage of Scheduled Meetings. Co-Chair Stanley advised the Commission that this and the Brown Act regulations were reviewed by the Executive / Finance Committee at its October 13, 2010 meeting. There was concern by the Committee that there was expectation by the group that the Commission fund the broadcasting. Co-Chair Stanley added that a draft Consumer Awareness Campaign Strategy was also provided to the Commission as part of this Agenda Item. 

David Cruz, HELA, stated that his group wishes to facilitate discussion and is happy to lend assistance. He added that if an education plan is being designed, there should be funds for outreach. 

Interim CEO Stanley added that the Executive / Finance Committee also recognized that there may be additional entities that wish to broadcast. 

Commissioner Juarez moved that Gold Coast Health Plan allow the public meetings to be broadcast in Spanish and or English. Commissioner Chawla seconded. 

**Approved 7-0.** 

Commissioner Maurice moved that the Draft Plan show we have outreach programs and how we are committed to assist. Commissioner Dial seconded.

| 7 | Logo Selection for Gold Coast Health Plan – Executive Finance Committee Recommendation for Logo | The Commission was provided a handout showing the logos as forwarded from the Executive / Finance Committee. Interim CEO Stanley added that the logo that received the most positive responses was the “Stethoscope” Version B on the handout. | Commissioner Dial moved to accept the “Stethoscope” Logo; Commissioner Berry seconded. Approved 7-0. |
|    | Result of Community Input Final Selection | Jeff Mahoney, City Creative Group, reviewed the comments and related that the only real comment they had that was not positive was that the “Public Entity” and “Service Mark” where not large enough, which had been on purpose. He continued to review the handout explaining the differences between the logos and colors. | Commissioner Berry moved to select the Logo in blue with gold; Commissioner Chawla seconded. Approved 7-0. |

extremely supportive to get things off the ground. Once the Plan is in place there would be funds in the budget for outreach. The strategy is to reach the population we know are currently beneficiaries. Consumer groups will be formed over the next few weeks.

Interim CEO Stanley added that the Draft Campaign Strategy is basic in nature, on purpose, and was modeled after numerous plans.

Commissioner Maurice moved that the Draft Plan show we have outreach programs and how we are committed to assist. Commissioner Dial seconded and the motion carried.

Commissioner Dial moved that the Draft Campaign Strategy is basic in nature, on purpose, and was modeled after numerous plans. Commissioner Maurice moved that the Draft Plan show we have outreach programs and how we are committed to assist. Commissioner Dial seconded and the motion carried.

Commissioner Dial moved to accept the "Stethoscope" Logo; Commissioner Berry seconded. Approved 7-0. Commissioner Berry moved to select the Logo in blue with gold; Commissioner Chawla seconded. Approved 7-0.
Commissioner Long asked for clarification about when different colors would be used on the logos, to which Jeff Mahoney stated that it was dependent upon the Commission and the policies they have or make regarding the logo.

Jeff Mahoney continued, stating that when the logos went before the Executive / Finance Committee originally they preferred the "Stethoscope" in brown shades.

After further discussion, Commissioner Berry moved to select the Logo in blue with gold; Commissioner Chawla seconded. The motion then carried.

Accept and File Minutes of the Executive / Finance Committee Meetings of September 27, 2010 and October 13, 2010.

Commissioner Long moved to approve the September 27, 2010 minutes, and Commissioner Dial seconded. The motion then carried.

Commissioner Long moved to approve the October 13, 2010 minutes as amended and approved by the Executive / Finance Committee; Commissioner Rodriguez seconded. The motion then carried.

Interim CEO Stanley reported that the Commission discussed this in June and directed staff to bring together a group of local physicians to review the Primary Care Capitation. Dr. Keats of California Health First and Dr. Soliz and her group had no problems with the list. It is merely a list that

There was Commission consensus that this item be returned to Committee for further research and

Commissioner Dial asked for clarification that the capitation rates were the "least" they could receive for a service, to which Interim CEO Stanley responded correct.

Interim CEO Stanley further explained that when we get the Physician Advisory Board they could request the Commission make changes to that list.

Commissioner Maurice indicated that he is not familiar with “referral pool” and would therefore be unable to vote on the matter. There was discussion as to whether all doctor offices did provide lab services. Commissioner Juarez expressed his concern that there appeared to be incentive for Doctors to do the minimum. Commission Chair Powers suggested that this item be returned to Committee for further research.

There was Commission consensus that this item be returned to Committee for further research and clarification.

<th>12</th>
<th>Revisions to Implementation</th>
<th>Interim CEO Stanley reported that a large part of the items have been completed; however, we were awaiting clarification from the State about when other items must be in place. The report is broken down to show what must be completed prior to 120 days of implementation. A main concern is around the medical policies not being in place with the CMO. Key positions have been identified that need to be in place in order to complete this; they include the Chief Medical Officer, Finance, Claims, IT and a couple other key positions. Ms. Bowers explained that the Executive / Finance Committee had requested CEO Greenia's opinion about filling those positions on an interim basis. CEO Greenia is comfortable having interim people in those positions since filling the positions will take some quite time. She further explained that the State wants to see about 70% deliverables. In order to move forward, staff must be in place. Commissioner Maurice moved that effective immediately, Earl Greenia had the right to use RGS-LGS and hire interim Chief Medical Officer, Chief Financial Officer, Director of Claims Services and Director of Information Technology. Commissioner Maurice seconded. The motion then carried. Commissioner Dial moved to approve hiring interim Chief Medical Officer, Chief Financial Officer, Director of Claims Services and Director of Information Technology. Commissioner Long seconded. Commissioner Maurice moved that effective immediately, Earl Greenia had the right to use RGS-LGS and hire interim Chief Medical Officer, Chief Financial Officer, Director of Claims Services and Director of Information Technology. Commissioner Dial seconded. Approved 7-0.</th>
