

Screening & Visitor Restrictions

PLEASE STOP & READ!

WHAT YOU NEED TO KNOW

SCREENING: In order to protect our patients and our community from COVID-19, we are screening patients and visitors with a few simple questions.

VISITOR RESTRICTIONS: During this time, we are taking further precautions by enforcing our **standard visiting hours of 11 AM to 8:30 PM.**

Due to the nature of the COVID-19 virus, and the evidence that young people can have the virus without showing any symptoms, or may have extremely mild symptoms, we are restricting all visitors age 13 and under. We believe visitors are part of the healing process for our patients, however, at this time we also believe it is in everyone's best interest to keep these restrictions in place as we work to keep our community safe.

FAMILY BIRTHING CENTER visitors are restricted to **immediate family only**, with one support person for the laboring and recovering mother and newborn.

Thank you for your patience!
