

June 7, 2019

Dear Provider:

Beginning August 5, 2019 and ending August 9, 2019, Kern Health Systems will be undergoing a medical audit administered by the Department of Health Care Services (DHCS). The audit period will include August 1, 2018 through July 31, 2019 covering all beneficiaries including SPDs.

One portion of this audit will consist of facility site visits and medical record reviews. This letter is to inform you that your office may be randomly selected by the DHCS as one of the facilities to participate in this portion of the audit. If you are selected, a DHCS Nurse Evaluator will contact you directly to schedule the visit. We request that your office welcome the DHCS Auditors.

If you have any questions regarding this bulletin, please contact Linda Lynd in the KHS Compliance Department at (661) 664-5014.

Thank you,

Carl R. Breining, CHC
Director of Compliance and Regulatory Affairs
