Re: Proposition 56 Value-Based Payment Program Directed Payments – APL 20-014

Dear Provider:

Assembly Bill (AB) 74 allocates Proposition 56 funding for value-based program directed payments. There are four domains included in value-based program:

- Prenatal/Postpartum Care Bundle
- Early Childhood Bundle
- Chronic Disease Management Bundle
- Behavioral Health Integration Bundle

DHCS is requiring KHS to make directed payments to eligible Network Providers who meet specific achievement on metrics which target the domains indicated above. For additional information including program measures and specifications, please visit:

https://www.dhcs.ca.gov/provgovpart/Pages/VBP_Measures_19.aspx

To view a copy of the Department of Health Care Services All Plan Letter, please visit:

<https://www.dhcs.ca.gov/formsandpubs/Pages/AllPlanLetters.aspx>

Payment will be made ninety (90) calendar days from the date of receipt of the clean claim or accepted encounter which meets the criteria outlined in APL 20-014. General claim processing rules apply.

Providers wishing to file a grievance as a result of payment or process issues related to APL 20-014, or for any additional questions, please contact your Provider Relations Representative at 661-664-5000.
