COVID-19 Vaccine Incentive

Dear Provider:

In an effort to increase members vaccinated against COVID-19, Kern Health Systems (KHS) is offering members up to \$50.00 in gift cards when they are fully vaccinated. Members can call KHS Member Services Department at 800-391-2000 Monday – Friday 8:00 a.m. – 5:00 p.m. for assistance to schedule an appointment or if they need help finding locations of walk-in vaccination clinics. Members can also schedule an appointment at <https://myturn.ca.gov/>

Once KHS confirms (through the California Immunization Registry) that the member received a vaccination, KHS will mail a \$25.00 gift card (per vaccination for the two-dose vaccine) to the member's address on record. If the member chooses to receive a vaccine which is a one dose vaccine, KHS will mail a \$50.00 gift card to the member's address on record.

Members can schedule transportation to and from a vaccination appointment by calling 800-391-2000 and selecting option 3.

For more information, you can visit the KHS website:
