Scope Guide updated 2/22/2022

Dear Provider:

As a reminder, due to the transition of the pharmacy benefit from Kern Family Health Care (KFHC) to Medi-Cal Rx (MCRx), KFHC would like to remind providers where to submit prior authorization requests and who should be billed for services provided/rendered.

If a prior authorization is needed for the following services, please submit to **Magellan** (PBM vendor for MCRx). The billing of the services should also be to **Magellan** for dates of service beginning 1/1/2022:

Outpatient Medications	Vaccines	Enterals
Condoms	Diaphragms	Cervical Caps
Peak Flow Meters	Aerochambers	All Syringes
Pen Needles	Diabetic Test Strips	Lancets
Continuous Glucose Monitor/Supplies	Disposable Insulin Delivery Devices (Omnipod/VGo {pumps})	
Over the Counter EUA (Emergency Use Authorization) COVID-19 Antigen Tests		

The Payer Sheet information for Magellan is [BIN: 022659, PCN: 6334225]

In addition to all outpatient pharmacy/medication claims with a date of service prior to 1/1/2022, the following services will remain with KFHC. Please be sure to include the appropriate ICD-10 code for each service billed. After the transition to MCRx, the following services will continue to be billed through KFHC's PBM (SS&C) as they are today. [SS&C BIN: 600428, PCN: 04970000, Group: not required/blank]

Incontinence Supplies	Ostomy Supplies	Crutches/canes
Thermometers	Hand Sanitizer	Blood Pressure Machines
Nebulizers & Supplies	Tablet Cutter	Braces (wrist/ankle/back/neck)
T.E.D. Hose		

We know this is a big endeavor. More information regarding the MCRx program can be found at the MCRx website, <https://medi-calrx.dhcs.ca.gov/home/>. KHS has posted valuable information received from the DHCS on the KHS website regarding the transition. Please visit www.kernfamilyhealthcare.com.

We appreciate your cooperation as we work together through this transition. We want to thank you again for the valuable service you provide to our members. If you have any questions, please contact your Provider Relations Representative.

Sincerely,

Bruce Wearda, R.Ph.
Director of Pharmacy
