1. Regarding the (3) hard copies of the proposal requested to be submitted, it is permissible to mail them on 03/03/2023 when we submit the electronic version or is it expected the hard copies will need to be received by Kern Health System RFP team on 03/03/2023? **KHS requests the hard copies by 3/3/23 as well.**
2. Does this RFP seek a PBM vendor to manage all pharmacy claims for the approximate 350,000 lives or is it a subset of pharmacy claim types? The question is being asked based on callout of medical supply volume at 600 claims per month in the Statement of Purpose. **It manages all lives (approx. 350,000, though only the identified medical devices will actually be managed.)**
3. May we please obtain insight regarding what Kern Health Systems is looking for regarding PBM Services? Is KHS looking for a PBM vendor to just fill scripts for the medical supplies or for the larger Medi-Cal members? **KHS is asking for the services to fill the select medical supplies associated with our population of 350,000.**
4. Who is the current consultant? **There is no consultant.**
5. May we please obtain information on who is the incumbent? **SS&C.**
6. May we please obtain a claims and census file claims file provided. **350,000 members.**
7. We currently partner with various PBMs to offer exclusive and preferred pricing to existing and prospective clients, is KHS willing to accept proposals from a couple of our offerings? **They should submit proposals themselves if interested and feel qualified.**
8. Is a formulary disruption and/or network disruption requested? **No. Formulary is NA. Network for the medical supplies should not be disrupted.**
9. Are you working with an external broker or Advisor? **No.** If so, who?
