COVID-19 Vaccine Incentive Program

Dear Plan Provider:

Kern Health Systems (KHS) has been closely monitoring the unprecedented events resulting from the COVID-19 pandemic. One key component KHS is tracking daily, is vaccination status of our members. In an effort to increase vaccination rates, KHS offered a financial vaccine incentive to all KHS contracted pharmacies through March 6, 2022.

This program was voluntary, but participation was strongly encouraged. KHS would like to thank all pharmacies and specialists for their participation in the Vaccine Incentive Program, in an effort to increase vaccination rates to Kern Family Health Care members, and the community as a whole.

If you have any questions, please feel free to contact your Provider Relations Representative.

Regards,

Jake Hall
Deputy Director of Provider Contracts
Kern Health Systems
