# 3. Rod Wall Panel (Lite Brite Wall)

## Rod Wall Panel - Free Shipping

OUR REF #: 9RDWL ★★★★★ 1 REVIEW

**\$1,799.00**

QUANTITY:

 - +

**+ ADD TO CART**

 [ADD TO WISHLIST](#)

This tactile wall incorporates visual and vestibular play. Made up of colorful rod sticks for pushing & poking through holes, developing fine motor skills and coordination. Create mesmerizing patterns and shapes while using the wall as a sensory output tool. TFH recommends the Rod Wall for vulnerable users who may have special needs, attention deficit or sensory processing difficulties. Ideal for sensory rooms or spaces.

A very rewarding and interactive panel. The large scale pegs challenge fine and gross motor skills to slot them into the predrilled holes. Your creativity can flourish as you design and redesign images with the included 144 rods (16 each of red, green, purple, yellow, orange, blue & clear; 32 black).

Our LED lights are now dimmable to accommodate light sensitivities.

The rods fluoresce under UV (black) light and cast a completely different visual image. Cool off the rods in a fridge and roll the pegs between your palms, or along your body (do they change color?)

Can be hung on a wall (brass clips included for installation) or used on a tabletop with some friends.

Adult supervision recommended for all TFH Products.

[Click here for instructions.](#)

## Opti Projectors and Visual Effects

### NEW – Opti Aura Projector

Create your own home sensory environment using this amazing multi-effect projector. Using the same effects found in sensory rooms across the world, the new [Opti] Aura Projector has been designed specifically as an affordable item for your home. Providing wonderful effects in your bedroom, lounge or anywhere in the home, the Aura Projector can be pointed in any direction, even on to the ceiling and benefits from a contemporary, spherical design to ensure it is attractive in any setting.

- The Aura has a dimmable function and off timer capabilities
- The Projector comes with one 6" (15cm) Effect Wheel that fits easily on the integral wheel rotator
- Over 200 effect wheels to choose from
- Additional wheels are available to purchase separately
- A table and wall mount with fixtures and fittings is also included

### Opti Sensory 100 LED Projector

The OPTI Sensory 100 LED is the smallest, quietest, safest and most economical 'bright light' effects projector in the Optikinetics range. Designed for multi-sensory effects projection in smaller therapy rooms and private homes, this silent running 12V projector punches above its weight and can be used in other environments for effects or gobo projection to set the mood, inform or promote.

The light for the Sensory 100 LED is supplied by a 1400 lumen, energy efficient 20W LED module that lasts for over 100,000 hours with a high color temperature, concentrated through Optikinetics' unique optical system, for truer color projection and better image clarity than any other comparable projector on the market.

A Wheel or Cassette Rotator is required to attach effects to the Opti Sensory 100 LED Projector.

# 5. Opti Projectors and Visual Effects Cont.

## Opti Projectors and Visual Effects

Code	Product
0734-812	Flock of Birds
0734-813	Flying Pigs
0734-815	Candles
0734-817	Love Hearts

### Max Effect Pattern Wheels

The Max Effect Wheels project a larger range of images and content because of the increased size of the wheel.

This is a range of 14 enhanced photographic wheels, each with about twice as many images as the traditional 6" (15cm) wheel, and of a much higher definition. When used with the Max Rotator or Dual Wheel Rotator it can have up to 48 minute rotation. It will create wonderful moving scenes.

Code	Product
0734-967	Meadow
0734-968	Farming
0734-969	Woodland
0734-970	African Safari

Code	Product
0734-971	Forest
0734-972	Day and Night Sky
0734-973	Aquarium
0734-974	Coral Reef

0734-975	Planets
0734-976	Alphabet
0734-977	Winter Sports
0734-978	1936 to 1945

### Pattern Cassettes

New size: 3" (80mm) diameter. Cassettes offer strong visual patterns, which rotate and change within themselves. They are tremendous for encouraging focusing on one point. Try working close to the projector with the image projected on a Projection Brody. Must be mounted on a 2" (50mm) Cassette Rotator.

Code	Product
0734-104	2" (50mm) Cassette 104
0734-113	2" (50mm) Cassette 113

0734-123	2" (50mm) Cassette 123
0734-128	2" (50mm) Cassette 128
0734-142	2" (50mm) Cassette 142

## Opti Projectors and Visual Effects

### Projection Pattern Wheels 6" (15cm)

Pattern Wheels present moving visual images, which can be used for theme and curriculum work, relaxation, communication and storytelling and many other purposes within multi-sensory work. All wheels are plastic and safe to use in Sensory Rooms. Pattern Wheels must be mounted on a Wheel Rotator when used in any Projector. All Wheels will fit Opti Sensory Projectors and the Aura Projector.

OUR REF #: 3SOLDP

\$2,059.00

QUANTITY:

[+](#) ADD TO CART

[♥](#) ADD TO WISHLIST

Create a symphony of color using your voice! The Sound Light Dome changes color in response to sound.

The colors actually relate to the pitch of the sound so whistling gives a different color than humming. The pitch of any noise changes the color of the dome. The loudness of noises will change the brightness. The Dome has an internal microphone and a sensitivity adjustment to suit everyone's needs.

Now you can get up close and personal with our Sound Light Dome. We have mounted it to our Podium to create a more personal experience.

Make some noise and watch the colors swirl. Use your voice, clap your hands, bang a drum. So much fun and tremendous sensory input for visual, auditory and gross motor skills.

## Anti-Microbial Kids Wobble Stool (14" H K-2nd) by Kore Design, KOR-11X - Stock #12022

\$73.95

Save 6% on MSRP of \$78.00

Kore Design's Wobble Stool means kids don't have to sit still. Wobble Stools transform the boring conventional seat into a stool that really ROCKS! Regular chairs force young bodies to conform to an unnatural posture. The innovative Active Stool's gently rounded KORE ergonomic base allows children to move & flex without leaving their seat. It's the BEST seat in any classroom. Homework, drawing, eating and playing, video/board games are no longer sedentary activities. Colorful choices make it a good fit for any child's room or classroom. Ideal for children with ADD or ADHD; provides an outlet for restlessness and creates a secondary focus.

- ✓ Ships Free!
- ✓ 14" High seat is just right for kids ages 5 to 7
- ✓ Increase secondary focus
- ✓ Family Choice Award Winner
- ✓ Academic Choice Award Winner
- ✓ Provides an outlet for children with high energy or sensory seating needs
