To join our “Better Breathers” Club for people with Chronic Lung Disease

Lake Region Healthcare's Respiratory Care department and Pulmonary Rehab program has a support group for people with chronic lung disease. The “Better Breathers” Club is offered through a partnership with the American Lung Association to provide education about ways to cope with the disease while getting support from others who share the same struggles. Educational presentations on a wide range of topics are featured.

Learning to manage your lung disease
= improved quality of life

Last Wednesday of each month at 1:00pm
Cancer Care & Research Center Conference Room
908 Cascade St. S. • Fergus Falls, MN

There is no fee to attend, but pre-registration is requested by calling 218.736.8253.

This is a scent free meeting. Please refrain from wearing scented lotions, colognes or perfumes while in attendance.

The Better Breather's Club is made possible by a grant from the Lake Region Healthcare Foundation.
