

## Awards and Recognition

In health care, recognition can come in the form of awards, accreditation, certification or designations of excellence – all of which can help patients and families identify quality care. We are proud to have received recognition for many of our programs and services. Below are some recent highlights.

### Heart Attack, Stroke and Trauma Care

- Level II STEMI Center
- Level II Stroke Center
- Level III Trauma Center

### Cancer Services

Accreditation by the Commission on Cancer  
of the American College of Surgeons

### Women's and Children's Services

Level II Nursery

THE NAVIGATORS

*Supporting the Mission of  
Lake Regional Health System*

## An Invitation

You are invited to join The Navigators, a network of community-minded citizens whose philanthropic support is key to helping Lake Regional achieve its commitment to providing the quality health care our community deserves.

Your gift — in combination with others like it — provides vital funds.

## Membership

In recognition of your support, you will receive:

- Recognition on the donor wall at the hospital
- Your name(s) listed in the newsletter and on the website
- Special updates on Lake Regional programs, services and activities
- A personal invitation to a donor recognition event and other special programs

## Why Join The Navigators?

**I want to support my community for years to come.** Chances are that someday, you or someone you love will need the services of Lake Regional Health System. When that time comes, you'll be glad that you contributed today to ensure that the best facilities and technologies are there when you need them.

### **I want to make a difference here at home.**

When you make a gift, you join with your fellow citizens to ensure that excellent health care continues to be available to us all. As a member of The Navigators, your patronage touches countless lives in our community.

## Commitment to Caring

To better serve area residents, we are planning a three-story addition to house a new Cardiac Institute and expanded Cancer Center.

This addition will create a new area for cardiac care that brings together existing heart care clinics under one roof, with all of the diagnostic testing services needed to create a world-class experience for our patients. Also, Cancer Center services will be expanded to enhance patient privacy and comfort. Drawing the community together will help Lake Regional provide the best care for these diseases.

The future of this project largely depends upon our success in securing private support. With a projected cost of \$25 million, we need philanthropic partners like you who share our commitment to providing this optimal level of cancer and cardiac care to the community.
