Please read the copy of Your Enrollment Form accompanying this Certificate. OMISSIONS OR MISSTATEMENTS IN THE ENROLLMENT FORM COULD CAUSE AN OTHERWISE VALID CLAIM TO BE DENIED. Carefully check the Enrollment Form and write to Us within 10 days if any information shown on the form is not correct or complete. The Enrollment Form is part of the Policy. NOTICE REGARDING USE OF NONPARTICIPATING PROVIDERS

LIMITED BENEFITS WILL BE PAID WHEN NONPARTICIPATING PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of a nonparticipating provider for a covered health service, benefit payments to such nonparticipating provider are not based upon the amount billed. The basis of your benefit payment will be determined according to the policy's fee schedule, usual and customary charge (which is determined by comparing charges for similar services adjusted to the geographical area where the services are performed), or other method as defined in the policy. YOU RISK PAYING MORE THAN THE COINSURANCE, DEDUCTIBLE AND COPAYMENT AMOUNT AFTER THE PLAN HAS PAID ITS REQUIRED PORTION. Nonparticipating providers may bill you for any amount up to the billed charge after the plan has paid its portion of the bill. Participating providers have agreed to accept discounted payment for Covered Health Services with no additional billing to you other than copayment, coinsurance and deductible amounts. You may obtain further information about the participating status of professional providers and information on out-of-pocket expenses by calling the toll free number on Your Identification Card.

UNDERSTANDING THE POLICY

This Certificate, the Schedule of Benefits, the Group Contract, any riders, amendments, addenda or endorsements, and the applications of the Group and the Employee constitute the Entire Policy. These documents, combined, explain the terms and conditions of Your insurance coverage. This Certificate replaces any previous Certificates that You may have been issued. However, if the terms of this Certificate differ from the terms of the Group Contract, the Group Contract will govern.

Once You are enrolled, this is Your Certificate for as long as You remain eligible for and continue to elect coverage.

You should read this Certificate, the Schedule of Benefits, and any riders, amendments, addenda or endorsements carefully. They contain a great deal of information about the services and supplies covered under the Policy. It is important that You understand all parts of this Certificate in order to get the most out of Your coverage.

As a Member, You are responsible for understanding the benefits to which You are entitled under the Policy and the rules You must follow to receive those benefits.

Some of the terms that are used in this Certificate have specific meanings and are capitalized throughout the document. These terms and their meanings can be found in the "Glossary" section of this Certificate.

INTERPRETING THE POLICY

We (MercyCare) have the authority to interpret the Policy and all questions that arise under it.

In general, We only cover services if they are Medically Necessary. When dictated by the Certificate, We will review the provided factual information and determine whether a Member's requested service or supply is Medically Necessary and appropriate for You.

QUESTIONS?

If, after You read this Certificate and/or other Policy documents, You have questions, please call Our Customer Service Department at (800) 895-2421. Any quotation of benefits given by a MercyCare representative is not a guarantee of coverage. Coverage is determined based on the terms and conditions of the Policy.

Benefits listed in this document are only available as long as the [Policy](#) and Your coverage are in effect. You must read this document together with the [Schedule of Benefits](#) and other [Policy](#) documents to ensure accurate information regarding coverage, obligations and responsibilities under the [Policy](#). Please refer to the [Schedule of Benefits](#) to find any applicable [Copayment](#), [Coinsurance](#) and/or [Deductible amounts](#) and other types of limitations affecting coverage. Unless otherwise stated in this [Certificate](#), services and supplies will be [Covered Expenses](#) only if they are [Medically Necessary](#). Certain services and supplies require [Prior Authorization](#) in order to be covered; a list describing what requires [Prior Authorization](#) can be found in the "[Obtaining Services](#)" section of this [Certificate](#). OBTAINING SERVICES

PROVIDER DIRECTORY

Providers listed in Our provider directory are Participating Providers. Providers who are not listed in Our provider directory are Non-Participating Providers. You can access Our provider directory online on Our website at mercycarehealthplans.com, or You can request a paper copy by calling Customer Service at (800) 895-2421.

We reserve the right to modify the list of Participating Providers at any time.

PRIMARY CARE PROVIDER

Members are required to select a Primary Care Provider (PCP). Each family member may have a different PCP, and You are permitted to select a pediatrician as the PCP for a Member who is a child. **For newborns, before You deliver You should choose a PCP who is a Participating Provider so that the chosen provider can be notified upon delivery.**

You must notify Us of Your PCP selection. You may have indicated Your selection on Your Enrollment Form. If You did not, or You wish to change that selection, please call Customer Service at (800) 895-2421. You may change Your PCP at any time as long as You notify Customer Service.

Although your PCP is responsible for Your care and is available to assist You in finding an appropriate provider for any additional care You may need, You do not need a Referral from Your PCP to receive Covered Expenses from any provider, including but not limited to obstetrical and gynecological (OB-GYN) care.

PARTICIPATING AND NON-PARTICIPATING PROVIDER REIMBURSEMENT

Under this Certificate, Your choice of provider (Participating or Non-Participating) determines how much We will reimburse for a Covered Expense, and consequently how much You will pay for Your health care. You will generally pay less out-of-pocket if You see a Participating Provider.

Participating Provider Reimbursement

When You receive care from a Participating Provider, We will pay the amount We have negotiated with the Participating Provider for Covered Expenses, subject to any applicable Deductible, Coinsurance, and/or Copayment.

Non-Participating Provider Reimbursement

Generally, when You receive care from a Non-Participating Provider, We will pay Covered Expenses up to the Usual and Customary Charge, subject to applicable Deductible, Coinsurance, and/or Copayment. You will be responsible for any amount in excess of the Usual and Customary Charge if the Non-Participating Provider charge is greater than the Usual and Customary Charge.

There are two exceptions:

- We will cover Emergency Care You receive from a Non-Participating Provider as if You are seeing a Participating Provider.
 - You do not need Our Prior Authorization.
 - If You need further care, We may request that You be transferred to a Participating Provider facility after You are Stabilized. If You do not wish to be transferred to a Participating Provider facility, We may not continue to cover Your care as if You are seeing a Participating Provider. We may limit reimbursement for Covered Expenses to the Usual and Customary Charge, subject to any

OBTAINING SERVICES

- Deductible, Copayment, and/ or Coinsurance applicable to care received from Non-Participating Providers.
- Reimbursement for any follow-up care or additional non-Emergency Care You receive from a Non-Participating Provider after You have been Stabilized, will be limited to the Usual and Customary Charge and subject to any Deductible, Copayment, and/ or Coinsurance applicable to care received from Non-Participating Providers.
 - If We do not have a Participating Provider in Our Provider Network who can provide the Medically Necessary care You need, We may reimburse Covered Expenses from a Non-Participating Provider as if You are seeing a Participating Provider. The following rules apply:
 - You must request and We must approve a Referral to a Non-Participating Provider before You receive care.
 - A Participating Provider must complete a Referral form. A verbal request for Referral to a Non-Participating Provider is not acceptable.
 - A Referral that is not submitted for Our review, or one which We do not approve, it is not valid.

It is Your responsibility to make sure Your Participating Provider gets an approved Referral before You receive services from a Non-Participating Provider.

- If We approve the Referral:
 - We will reimburse Your Covered Expenses as if You saw a Participating Provider. We will base Our payment on what the Non-Participating Provider charges, not the Usual and Customary Charge.
 - We will determine with the referring Participating Provider, the duration of the Referral and/or the number of visits for which coverage is authorized based on Medical Necessity.
 - The Non-Participating Provider must request Prior Authorization for any additional Covered Expenses he or she determines are Medically Necessary. If We determine that these additional Covered Expenses are Medically Necessary but can be provided by a Participating Provider, We will cover them as follows:
 - If You obtain them from a Participating Provider, We will cover them subject to the Deductible, Copayment, and/or Coinsurance applicable to Participating Providers.
 - If You obtain them from a Non-Participating Provider, We will reimburse Covered Expenses for care provided by the Non-Participating Provider up to the Usual and Customary Charge, subject to the Deductible, Copayment, and/or Coinsurance applicable to Non-Participating Providers.
- If We do not approve the Referral request, We will reimburse Covered Expenses for care provided by the Non-Participating Provider up to the Usual and Customary Charge, subject to any Deductible, Copayment, and/or Coinsurance applicable to Non-Participating Providers.
- A Referral that is not submitted for Our review, or one which We do not approve, is not valid.

PRIOR AUTHORIZATION

Certain services and supplies require Prior Authorization in order to be covered. This is true whether they are provided by a Participating or a Non-Participating Provider. When required, Prior Authorization must be obtained before the service or supply is provided to or received by the Member.

If Your Health Care Provider fails to get Prior Authorization when it is required, We will deny coverage unless it is for a state-mandated benefit or an essential health benefit. We will review state mandated and essential health benefit services or supplies for Medical Necessity prior to processing the Claim. If We deny the Claim, You will be responsible for payment.

Benefits listed in this document are only available as long as the [Policy](#) and Your coverage are in effect. You must read this document together with the [Schedule of Benefits](#) and other [Policy](#) documents to ensure accurate information regarding coverage, obligations and responsibilities under the [Policy](#). CONCURRENT REVIEW

Concurrent review occurs at intervals during the course of the Member's inpatient or outpatient treatment. If We are advised that a Member needs treatment for longer than was initially Prior Authorized, We will ask the treating Physician to provide additional medical information to evaluate the Member's need for additional services.

If the Member continues the course of inpatient or outpatient treatment for longer than was originally Prior Authorized, and We do not authorize additional services during the concurrent review process, We may not cover those additional services.

Benefits listed in this document are only available as long as the [Policy](#) and Your coverage are in effect. You must read this document together with the [Schedule of Benefits](#) and other [Policy](#) documents to ensure accurate information regarding coverage, obligations and responsibilities under the [Policy](#). CONTINUITY OF CARE

If, at the time of Your enrollment or most recent renewal, Our materials indicated that Your PCP was or would be a Participating Provider, We will continue to treat Your PCP as a Participating Provider throughout Your entire Contract Period. This is true even if Your PCP terminates as a Participating Provider during Your Contract Period.

If You are undergoing a course of treatment with a Health Care Provider who terminates as a Participating Provider, We will continue to cover treatment provided by this Health Care Provider as a Participating Provider as follows:

- If receiving services from a Primary Care Provider, until the end of Your Contract Period.
- If receiving services from a provider who is not a Primary Care Provider, until the earliest of:
 - The end of the course of treatment;
 - 90 days from the provider's termination; or
 - The end of Your Contract Period.

If You are in Your second or third trimester of pregnancy when Your Health Care Provider terminates as a Participating Provider, We will continue to cover services provide by this Health Care Provider as a Participating Provider until the end of Your post-partum care.

These continuity of care rules do not apply to a Health Care Provider who is no longer practicing in the Service Area or who was terminated from the Provider Network for professional misconduct.

DEDUCTIBLES, COPAYMENTS AND COINSURANCE

You must pay a Deductible, Copayment and/or Coinsurance amount for most Covered Expenses. The Deductible, Copayment, and/or Coinsurance amounts that apply to Participating Provider and Non-Participating Provider Covered Expenses are listed in Your Schedule of Benefits. These payments are due at the time of service or when billed by the Health Care Provider.

We will apply the Participating Provider Deductible, Copayment, and/or Coinsurance to Covered Expenses for treatment received from Participating Providers. We will apply the Non-Participating Provider Deductible, Copayment, and/or Coinsurance to Covered Expenses for treatment received from a Non-Participating Provider.

Deductible

The single Deductible amount is the most that any Member must pay each Contract Period before We will pay for Covered Expenses. Once a Member has met the single Deductible amount, We will begin paying claims for that Member as described in the Schedule of Benefits.

The family Deductible amount is the most that the Subscriber and his or her covered Dependents must pay in a Contract Period before We will pay for Covered Expenses. Once the family Deductible amount has been met, We will begin paying claims for the entire family as described in the Schedule of Benefits.

Deductible Credit

You will not receive Deductible credit for any of the following:

- Any Copayments You pay.
- Any amounts You pay for Covered Expenses that are not subject to the Deductible.
- Any amounts You pay to Non-Participating Providers, except when You have an approved Referral.
- Any amounts You pay for services or supplies that are not Covered Expenses.

Benefits listed in this document are only available as long as the [Policy](#) and Your coverage are in effect. - Coinsurance

You can find the Out-of-Pocket Maximum amounts applicable to Participating Providers and Non-Participating Providers in Your Schedule of Benefits. The Out-of-Pocket Maximum for Non-Participating Providers is separate from the Out-of-Pocket Maximum for Participating Providers.

When You receive benefits under this Policy, We are subrogated to Your right to recover for Bodily Injury or Sickness allegedly caused by or for which another party may be liable, to the extent of the reasonable value of the benefits provided to You. In providing benefits to You, We may compensate providers on a capitated basis. Regardless of any such

capitation arrangement, when You receive a benefit under this Policy for a Sickness or Bodily Injury, We are subrogated to Your right to recover the reasonable value of the benefit provided on account of such Bodily Injury or Sickness, which reasonable value shall be deemed to be the amount that We would have paid the provider on a fee for service basis.

Our rights of subrogation and reimbursement apply to any recoveries that You make, including benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), worker's compensation coverage or third party administrators.

By making payment for Covered Expenses, We are granted a lien on the proceeds of any settlement, judgment, or other payment, which You receive, and You consent to said lien. We are not required to help You pursue Your Claim for damages or personal injuries and no amount of associated costs, including attorney's fees, shall be deducted from Our recovery without the Our express written consent. No so-called "Fund Doctrine" or "Common Fund Doctrine" or "Attorney's Fund Doctrine" shall defeat this right unless applicable state law provides otherwise. You agree to cooperate with Our representatives in completing such forms and in giving such information surrounding any Sickness or Bodily Injury as Our representatives deem necessary.

You agree to do nothing to prejudice Our rights under this provision. You agree not to make any settlement that specifically excludes or attempts to exclude the benefits paid by Us. You may not accept any settlement that does not fully reimburse Us without Our written approval. You agree to notify Us of any Claim made on Your behalf in connection with a Bodily Injury or Sickness and shall include the amount of the benefits paid by Us on Your behalf in any Claim made against any other persons. If You receive any payment from any party as a result of Sickness or Injury, and We allege some or all of those funds are due to Us, You shall hold those funds in trust, either in a separate bank account in Your name or in Your attorney's trust account. You agree that You will serve as a trustee over those funds to the extent of the benefits We have paid.

Under applicable state law, We may have no right to recover from You if You have not been made whole. However, if you have been made whole, We have a first priority right to recover up to 100% of the benefits paid by Us out of the proceeds of any settlement, judgment, or other payment before You receive any proceeds. You agree You are made whole if a claim results in payment to You, by way of settlement, compromise, judgment or other payment, of an amount less than the combined total of any available third party payments. If there is a dispute as to whether You have been made whole, We may obtain a judicial determination of the issue.

In the case of Your wrongful death or survival claims, the provisions of this section apply to Your estate, the personal representative of Your estate, and Your heirs or beneficiaries. Neither You, Your personal representative, any representative of Your estate, Your heirs or Your beneficiaries, may allocate recovery among wrongful death and survivorship claims, whether by settlement or otherwise, in a manner that does not reimburse Us 100% of Our interest without written consent from Us or Our representative.

The recovery rights will be applied even if:

- Any Worker's Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that the Bodily Injury or Sickness arose from or was sustained in the course of any occupation or for compensation, profit or gain;
- The amount of any Worker's Compensation due for medical or health care is not agreed upon or defined by You or the Worker's Compensation carrier; or
- The medical or health care benefits are specifically excluded from any Worker's Compensation settlement or compromise.

This provision will also apply to coverage that You may receive under any Occupational Disease Act or Law.

COORDINATION OF BENEFITS

DEFINITIONS

The following definitions apply to this section.

Allowable Expense

Any necessary, reasonable, and customary health care item or expense that is covered, even partially, under one or more plans. The difference between the cost of a private Hospital room and a semi-private Hospital room is not considered an allowable expense unless it is determined that the patient's stay in a private Hospital room is Medically Necessary.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered shall be considered both an allowable expense and benefit paid.

Allowable expenses under any other plan include the benefits that would have been payable if (a) a Claim had been duly made; or (b) the Member had complied with all plan provisions, such as Prior Authorization of admissions and Referrals. We will not reduce benefits because the Member has elected a level of benefits under another plan that is lower than he or she could have elected.

Claim Determination Period

A Contract Period. However, it does not include any part of a year that a person is not covered under this Plan, or any part of a year before this or a similar Coordination of Benefit provision became effective.

Plan

Means any of the following that provides benefits or services for medical or dental care:

- Individual or group insurance or group-type coverage, whether insured or uninsured, that includes continuous 24-hour coverage. This includes pre-payment, group practice or individual practice coverage. It also includes coverage other than school accident-type coverage.
- Coverage under a governmental plan or coverage that is required or provided by law. This does not include a state plan under Medicaid. It also does not include any plan whose benefits, by law, are in excess to those of any private insurance program or other non-governmental program.

Each contract or other arrangement for coverage under those listed above is a separate Plan. If an arrangement has two parts and coordination of benefits rules apply only to one of the two, each of the parts is a separate Plan.

Primary Plan/Secondary Plan

Primary Plan/Secondary Plan is determined by the Order of Benefit Determination rules. When the Plan is considered Primary, benefits will be paid for Covered Expenses as if no other coverage were involved. When the Plan is considered Secondary, benefits will be paid based on what was already paid by the primary Plan.

This Plan

The health plan offered by MercyCare and described in this Certificate.

ORDER OF BENEFIT DETERMINATION

The rules outlined below establish the order of benefit determination as to which plan is primary and which plan is secondary.

1. **No coordination of benefits provision:** If the other plan does not have a coordination of benefits provision, that plan will be considered primary.

Benefits listed in this document are only available as long as the [Policy](#) and Your coverage are in effect. You must read this document together with the [Schedule of Benefits](#) and other [Policy](#) documents to ensure accurate information regarding coverage, obligations and responsibilities under the [Policy](#). Please refer to the [Schedule of Benefits](#) to find any applicable [Copayment](#), [Coinsurance](#) and/or [Deductible amounts](#) and other types of limitations affecting coverage. Unless otherwise stated in the [Policy](#), services and supplies will be [Covered Expenses](#) only if they are [Medically Necessary](#). Certain services and supplies require [Prior Authorization](#) in order to be covered; a list describing what requires [Prior Authorization](#) can be found in the "[Obtaining Services](#)" section of this [Certificate](#). Definitions of the capitalized terms within this [Certificate](#) can be found in the [Glossary](#).

COORDINATION OF BENEFITS

2. **Non-Dependent/Dependent:** The plan that covers a person as an Employee, Member or Subscriber, other than a Dependent, is considered primary. The plan that covers a person as a Dependent of an Employee, Member or Subscriber is considered secondary.
3. **Dependent Children:** When a Dependent child has coverage under both parents' plans, the Birthday Rule is used to determine which plan will be considered primary.
 - Birthday Rule: The plan of the parent whose birth date occurs first in a calendar year is considered primary. If both parents have the same birth date, the plan that has covered the parent for a longer period of time will be considered primary.
 - Exception to the Birthday Rule: If the other plan does not use the Birthday Rule to determine the coordination of benefits, the other plan's rule will determine the order of benefits.
4. **Dependent Children with Divorced or Separated Parents:** When a Dependent child has coverage under both parents' plans and a court order awards custody of the child to one parent, benefits for the child are determined in this order:
 - First, the Plan of the parent with custody of the child;
 - Then, the Plan of the spouse of the parent who has custody of the child; and
 - Finally, the Plan of the parent who does not have custody of the child.

If the specific terms of a court decree state that both parents share joint custody and do not specify which parent is responsible for health care expenses, the order of benefits will be determined by the Birthday Rule.

If a court decree orders that one parent be responsible for health care expenses, the Plan of that parent will be considered primary.

NOTE: The rules and the coordination of benefits for Dependent children of divorced or separated parents will only apply when We have been informed of the court ordered terms. Retroactive coordination will not be allowed.

5. **Dependent Child if Parents Share Joint Custody:** If the specific terms of a court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined in #4 above.
6. **Young Adults as a Dependent:** For a Dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a Dependent under a spouse's plan, rule 9, "Longer/Shorter Length of Coverage" applies. In the event the Dependent child's coverage under the spouse's plan began on the same date as the Dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule of rule #4 to the Dependent child's parent or parents and the Dependent's spouse.
7. **Active/Inactive Employee:** The benefits of either a plan that covers a person as an Employee who is neither laid off nor retired (or as that Employee's Dependent) are determined before those of a plan that covers that person as a laid-off or retired Employee (or as that Employee's Dependent). If the other plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule shall not apply.
8. **Continuation of Coverage:** If a person whose coverage is provided under a right of continuation pursuant to federal or state law also is covered under another plan, the following shall be the order of benefit determination:
 - First, the benefits of a plan covering the person as an Employee, Member or Subscriber (or as that person's Dependent);
 - Second, the benefits under the continuation coverage. If the other plan does not contain the order of benefits determination described within this section, and if, as a result, the programs do not agree on the order of benefits, this requirement shall be ignored.

Benefits listed in this document are only available as long as the [Policy](#) and Your coverage are in effect. You must read this document together with the [Schedule of Benefits](#) and other [Policy](#) documents to ensure accurate information regarding coverage, obligations and responsibilities under the [Policy](#). Please refer to the [Schedule of Benefits](#) to find any applicable [Copayment](#), [Coinsurance](#) and/or [Deductible](#) amounts and other types of limitations affecting coverage. Unless otherwise stated in the [Policy](#), services and supplies will be [Covered Expenses](#) only if they are [Medically Necessary](#). Certain services and supplies require [Prior Authorization](#) in order to be covered; a list describing what requires [Prior Authorization](#) can be found in the "[Obtaining Services](#)" section of this [Certificate](#). Definitions of the capitalized terms within this [Certificate](#) can be found in the [Glossary](#).

COORDINATION OF BENEFITS

9. **Longer/Shorter Length of Coverage:** If none of the above rules apply to the covered Member, the plan that has covered the Member for a longer period of time will be considered primary.

EFFECT ON BENEFITS WHEN THIS PLAN IS SECONDARY

We will apply these provisions when it is determined that this Plan be considered secondary under the Order of Benefit Determination rules. The benefits of this Plan will be reduced when the sum of the following exceeds the allowable expenses in a Claim determination period:

- The benefits that would be payable for the allowable expenses under this Plan in the absence of this Coordination of Benefits provision; and
- The benefits that would be payable for the allowable expenses under the other plans, in the absence of provisions with a purpose like that of this Coordination of Benefits provision, whether or not a Claim is made.

Under this provision, the benefits of this Plan will be reduced so that they and the benefits payable under the other plans do not total more than those allowable expenses.

MERCYCARE'S RIGHTS UNDER THE COORDINATION OF BENEFITS PROVISION

Right to Necessary Information

In order to apply and coordinate benefits appropriately, We may require certain information. We have the right to decide what information We need in order to determine Our payment, and to obtain that information from any organization or person. We may obtain the information without Your consent, but will do so only as it is needed to apply the coordination of benefits rules. We also have the right to give necessary information to another organization or person in order to coordinate benefits. Medical records remain confidential as required by state law.

Facility of Payment

We will adjust payments made under any other plan that should have been made by Us. If We make such a payment on behalf of a Member, it will be considered a benefit payment for that Member's coverage, and We will not be responsible to pay that amount again.

Right to Recovery

Payments made by Us that exceed the amount that We should have paid may be recovered by Us. We may recover the excess from any person or organization to whom, or on whose behalf, the payment was made.

COORDINATION OF BENEFITS WITH MEDICARE

In all cases, coordination of benefits with Medicare will conform to federal statutes and regulations. If You are eligible for Medicare benefits, but not necessarily enrolled, Your benefits under this Plan will be coordinated to the extent benefits otherwise would have been paid under Medicare as allowed by federal statutes and regulations. Except as required by federal statutes and regulations, this Plan will be considered secondary to Medicare.

CLAIMS PROVISIONS

We Will Pay Claims Directly

We will pay participating Providers directly for Covered Expenses You receive, and You will not have to submit a Claim. However, if You use a Non-Participating Provider or receive a bill for some other reason, a Claim must be submitted within 60 days after the services are received, or as soon as possible. If We do not receive the Claim as soon as reasonably possible and within 12 months after the date it was otherwise required, We may deny coverage of the Claim.

In accordance with Wisconsin law, if circumstances beyond Your control prevent You from submitting such proof to Us within this time period, We will accept a proof of Claim, if provided as soon as possible and within one year following the 60-day period. If We do not receive the written proof of Claim required by Us within that one-year and 60-day period, no benefits are payable for that service.

Types of Claims

How You file a Claim for benefits depends on the type of Claim it is. You or Your authorized representative may file a Claim. There are several categories of Claims for benefits:

- **Pre-service Claim:** a Claim for a benefit under the Policy with respect to which the terms of the Policy require approval of the benefit in advance of obtaining medical services.
- **Urgent Care Claim:** any Claim for medical care or treatment with respect to which, in the opinion of the treating Physician, lack of immediate processing of the Claim could seriously jeopardize the life or health of You or Your covered Dependent or subject You or Your covered Dependent to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Claim. This type of Claim generally includes those situations commonly treated as emergencies.
- **Concurrent Care Claim:** a Claim for an extension of the duration or number of treatments provided through a previously approved Claim. Where possible, this type of Claim should be filed at least 24 hours in before the expiration of any course of treatment for which an extension is being sought.
- **Post-service Care Claim:** a Claim for payment or reimbursement after services have been provided.
- **Disability Claim:** a Claim reviewed under the Certificate's definition of Total Disability, e.g., extended benefits.

Pre-service Care, Urgent Care and Concurrent Care Claims may also be described as requests for coverage or authorization of benefits. These terms may be used interchangeably in Your Member materials and in the administration of Your coverage.

Examples include, but are not limited to, Claims filed that are missing procedure codes, diagnosis information or dates of service.

If the Customer Service Department is unable to resolve Your complaint initially, they will contact You by phone with the outcome within 10 working days of the receipt of the complaint.

If You are not satisfied with the resolution of the complaint You may submit a written request for a Grievance hearing.

GRIEVANCE

You have the right to request a Grievance hearing at any time You are dissatisfied with a decision made by the Plan, or with any other aspect of the Plan.

General Grievance Process

To file a formal Grievance, You or anyone else on Your behalf should write down Your concerns and mail or deliver Your written Grievance (in any form) along with copies of any supporting documents to us.

The Customer Service Department will send notification, acknowledging the receipt of Your Grievance request within 5 days. You will receive a written confirmation of Your hearing date a minimum of 7 days before the hearing is scheduled.

The Grievance Committee will review the substance of Your concern and review all relevant documents pertaining to the Grievance. The Grievance Committee will not include the person who made the initial determination. There will be at least one Member of the committee who is a MercyCare insured and who is not employed by MercyCare, if possible.

At Your Grievance hearing, You and/or a representative You have chosen to act on Your behalf have the right to be present and/or a representative You have chosen to act on Your behalf may present information relevant to the Grievance. If You choose not to be present, You may also participate in the hearing through a conference call. The Grievance Committee will then make a decision on the resolution of the Grievance.

Within five (5) working days of the Grievance hearing, the Customer Service Department will send a letter to You with the resolution of the Grievance and if applicable any corrective action that will be taken.

All Grievances will be decided within 30 calendar days after receipt of the Grievance, unless there are extenuating circumstances. In such cases, Customer Service will notify the Member in writing before the 30th day that the Grievance has not been decided, the reason for the delay, and when a decision on the Grievance may be expected. We will resolve the case within thirty calendar days after giving this notice.

An expedited review may be obtained if a delay of service could seriously jeopardize Your life or health or Your ability to regain maximum function, or if a reviewing Physician advises Us that You would be subject to severe pain that cannot be adequately managed without the care or treatment that is the subject of the Grievance, or that the Grievance should be expedited. You will be notified by phone of the outcome as quickly as Your health condition requires, but not more than 72 hours after receipt of the Grievance.

COMPLAINT PROCEDURES

Adverse Benefit Determination

When Your Grievance relates to any Adverse Benefit Determination, then the following procedures apply in addition to the general Grievance process.

An appeal of an Adverse Benefit Determination must be in writing (unless the Adverse Benefit Determination involves Urgent Care, in which case the appeal may be made orally). Your request for review must contain Your name and address; Your reasons for making the appeal; and the facts supporting Your appeal.

In connection with Your right to appeal the Adverse Benefit Determination, You may review pertinent documents and submit issues and comments in writing; will be given the opportunity to submit written comments, documents, records, or any other matter relevant to Your Claim; will, at Your request and free of charge, be given reasonable access to, and copies of, all documents, records and other information relevant to the Claim for benefits; and be given a review that takes into account all comments, documents, records and other information submitted or considered in the initial benefits determination.

The Claim will be reviewed by an appropriate named fiduciary, who is neither the individual who made the initial denial nor a subordinate of that individual. The fiduciary will be impartial, and the fiduciary's hiring, compensation, termination, promotion and other matters will not be based on the likelihood that the fiduciary will support the denial of benefits. The review will be conducted without giving deference to the initial Adverse Benefit Determination. If the initial Adverse Benefit Determination was based in whole or in part on a medical judgment, the reviewer will consult with a health care professional who has the appropriate training and experience in the field of medicine involved in the medical judgment. The health care professional shall not be an individual who was consulted on the initial Adverse Benefit Determination, nor the subordinate of such an individual. Upon request, We will identify by name any medical or vocational experts consulted in the review process. The review will consider all information submitted, regardless of whether it was considered during the initial Adverse Benefit Determination.

Timetable for Deciding Appeals

We will issue a decision on Your appeal according to the following timetable:

- Urgent Care Claims: not later than 72 hours after receiving Your request for a review
- Pre-service Claims: not later than 30 days after receiving Your request for a review.
- Post-service Claims: not later than 30 days after receiving Your request for a review.
- Disability Claims: not later than 30 days after receiving Your request for a review. If We determine that an extension of time is required, You will be notified before the end of the 30-day period after filing Your appeal. The extend period may not exceed 60 days after the date of receiving Your request for review.

Decisions will be issued on concurrent Claim appeals within the timeframe appropriate for the type of concurrent care Claim (i.e., urgent, pre-service or post-service.)

Notice of Decision on Appeal

If Your appeal is denied, in whole or in part, We will send You a written notice that states the basis for the decision, including information You need to identify the Claim or issue involved such as the date of service, the Health Care Provider, the Claim amount, the diagnosis code and its meaning, and the treatment code and its meaning); the denial code and its meaning, a description of the standard that was used to deny the Claim; a description of available external review processes; any information You need to perfect the Claim or issue; a statement that You may request reasonable access to and copies of all documents, records and other information relevant to Your appeal, which We will provide free of charge; and information about the appeal process and about filing an action in federal court under section 502 of ERISA, if You disagree with Our decision on the appeal.

You may not begin any legal action, including proceedings before government agencies, until You have followed the appeal procedures in this section. However, if We fail to strictly adhere to all the procedures in this section, then You will be deemed to have followed these procedures. You may, at Your own expense, have legal representation at any stage of

EXTERNAL REVIEW

Definitions

- **Adverse Benefit Determination:** A decision by Us:
 - To deny or terminate a benefit or fail to make a payment (in whole or in part) for any benefit on the basis that You are not eligible to participate in a Plan, due to a utilization review, or on the basis that the item or service requested is Experimental, Investigational or not Medically Necessary or appropriate;
 - To rescind Your coverage, whether or not there is an adverse effect on a particular benefit at the time of the rescission.
- **Final Internal Adverse Benefit Determination:** An Adverse Benefit Determination that has been upheld by Us after You exhaust the internal appeals process described in the "Grievance" provision of the "Complaint Procedures" section of this Certificate. The term also includes any Adverse Benefit Determination that is deemed to have exhausted the internal appeals process because We have not strictly complied with that process.
- **Independent review organization or IRO:** A neutral organization engaged by Us to independently review Adverse Benefit Determinations. Independent review organizations must be accredited by URAC or by a similar nationally-recognized accrediting organization.
- **Preliminary review:** The initial review of Your request for external appeal conducted by Us to determine if Your request is complete and eligible for external review.

Request an External Review

You have the right to request and obtain an independent external review of any final internal Adverse Benefit Determination. To request an external review, You must submit a request to Us within four months after the date You receive a notice of a final internal Adverse Benefit Determination. If there is no corresponding date four months after the date You receive a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date You receive the notice is October 30, because there is no February 30, the request must be filed by March 1.

The request for external review must be made in writing and sent to MercyCare, Customer Service Department, External Review, at P.O. Box 550, Janesville, Wisconsin 53547-0550. The request should contain the following:

- Your name, address, and phone number.
- The reason You disagree with Our decision, including any documents that support Your position.
- A statement authorizing Your representative to pursue external review on Your behalf if You choose to use one.

Preliminary Review

Within five business days after You file a request for an external review, We will complete a preliminary review to determine whether Your request is complete and eligible for external review. We will notify You of the results of Our preliminary review within one business day after completing the review. If Your request is not complete, You will have the opportunity to provide the information or materials needed to make the request complete within the four-month filing period or within the 48 hour period following Your receipt of the results of Our preliminary review, whichever is later.

Referral to an Independent Review Organization

If Your request is complete and is eligible for external review, We will randomly assign an IRO from among the IROs it has engaged to conduct external reviews. We will forward Your request to the assigned IRO within five business days after the assignment. Upon receipt of Your request, the assigned IRO will notify You in writing of Your request's eligibility and acceptance for external review.

Benefits listed in this document are only available as long as the [Policy](#) and Your coverage are in effect. COMPLAINT PROCEDURES

Review by Independent Review Organization

The assigned IRO will review all the information and documents it timely receives. It will review Our decision independent of any decision or conclusions reached by Us as part of its internal appeals process.

You may submit additional information in writing to the assigned IRO. The IRO is required to consider any information or materials provided within 10 business days after You receive the initial notice from the IRO that Your request for external review has been accepted. The IRO may, but is not required to, accept and consider additional information submitted after 10 business days. The IRO will forward any additional information You submit to Us.

If, on the basis of any additional information You submit, We reconsiders Your case and decides that the treatment should be covered, the external review is terminated. An external review does not include appearances by You or Your authorized representative, any person representing Us, or any witness on behalf of either You or Us.

The assigned IRO will provide written notice of its final decision to You and to Us within 45 days after the IRO receives the request for external review. The written decision will include a general description of the reason for the request including information necessary to identify the Claim, the date the IRO received the assignment to conduct the external review and the date of the IRO's decision, references to the evidence or documents the IRO considered in reaching its decision, and a discussion of the principal reason for its decision.

If the assigned IRO provides written notice to Us that it is reversing the final internal Adverse Benefit Determination, We will immediately provide coverage or payment for the requested item or service.

Expedited Review

An Adverse Benefit Determination is eligible for an expedited external review if it involves a medical condition for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize Your life or health or would jeopardize Your ability to regain maximum function and if You have filed a request for an expedited internal appeal.

A final Adverse Benefit Determination is eligible for an expedited external review if it involves a medical condition for which the timeframe for completion of a standard external review would seriously jeopardize Your life or health or would jeopardize Your ability to regain maximum function, or if the final internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which You received Emergency Care but You have not been discharged from a facility.

If We receive a request for an expedited external review, We will immediately conduct the preliminary review described above. If the request is not complete or is not eligible, We will immediately notify You of the results of its preliminary review. If the request is both eligible and complete, We will assign the IRO and transmit all necessary documents and information to the assigned IRO.

The IRO will provide notice of its final decision as quickly as Your medical condition or circumstance requires, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date it provided the notice, the assigned IRO will provide written confirmation of that decision to You and to Us.
