## **AGENT STATEMENT**

Every insurer marketing Medicare supplement insurance must (1) ensure that any comparison of policies by its agents or other producers will be fair and accurate; (2) ensure that excessive insurance is not sold or issued; and (3) inquire and otherwise make every reasonable effort to identify whether an applicant or enrollee for Medicare supplement insurance already has accident and sickness insurance and the types and amounts of any such insurance. Also, of course, tactics such as twisting, high pressure sales, and cold lead advertising are not allowed with respect to Medicare supplement insurance. Finally, no agent or insurer may knowingly prevent or dissuade or attempt to prevent or dissuade, any person from filing a complaint with the Office of the Commissioner of Insurance; cooperating in any investigation by that Office; or attending or giving testimony at any proceeding authorized by law.
