

If you have diabetes, a simple eye exam can save your sight.

To schedule an exam, call your eye doctor today.

Santa Clara
Family Health Plan
The Spirit of Care

Get a diabetic eye exam and you can earn a \$15 Target Gift Card*!

Having diabetes puts you at a greater risk for blindness, even if your vision seems fine. Only an eye exam by an eye doctor can find the changes in your eyes that could lead to blindness. Finding these changes early can help prevent blindness.

We will send you a \$15 Target Gift Card if:

- You get a diabetic eye exam this year (January 1, 2016 – December 31, 2016), *or*
- You had a diabetic eye exam last year (January 1, 2015 – December 31, 2015) that showed you do not have signs of diabetic eye disease.

Here's how to get your gift card:

- Call your eye doctor and ask for a copy of your eye exam results. Now would be a good time to ask your doctor if you are due for an eye exam and schedule your next appointment!
- Complete the form below and mail or fax it to us with the copy of your eye exam results by January 31, 2017.

If you have questions or need help scheduling your appointment, please call Member Services at 1-800-260-2055.

Your Name: _____

SCFHP ID #: _____
