### **Actions Taken**

1. All current network practitioners and providers were monitored on an ongoing basis for licensing issues, sanctions, validated quality of care issues and opt-out exclusion. No currently credentialed practitioner or provider had an identified issue on any of the exclusion lists or licensing boards.
2. Staff education conducted regarding the recredentialing of practitioners within the required 36-month timeframe. Procedure review of mailing pre-populated recredentialing applications six months prior to due date reviewed.

### **Outcomes & Re-measurement**

Weekly re-measurement will be conducted on recredentialing applications to measure compliance
